Sixty-Four Delegates for Taft Elected Already

Washington Correspondence of the Indianapolis News.

WASHINGTON, March 1.—(Special.)—The convention, according to the information received here, the Roosevelt adherents went to one corner of the hall after the administration supporters had by an overwhelming majority elected the temporary chairman of the convention.

From their place in the corner of the hall, so it is asserted, the Roosevelt bolters attempted to break up the convention. The Taft managers anticipate that such schemes will be repeated in a good many of the southern conventions during the next few weeks.

Private dispatches received here today gave some of the details of the convention in the Third Missouri district, where the Roosevelt followers, seeing they were in a hopeless minority, bolted the convention and went through the form of electing two delegates and instructing them to vote for the former president.

Ex-Nebraska Judge, Now a Policeman, is Tread by Bulldog

BEAVER CITY, Neb., March 2.—(Special.)—Ben F. Sherwood was elected judge of Furness county, out in the short grass country of Nebraska, in 1908 and served one term.

It was an open season for Portland police yesterday. In the case of two of them who are best on the laudable mission of keeping blind pigs, a patrolman intervened, got tread on a dining room table by a ferocious bulldog, and the other, Patrolman Griffith, was mistaken for some sort of wild animal by a stray woman and got shot twice in the face with 19 cents worth of beer.

For a time it looked bad for Sherwood, the former hero of the "Breed" squad, and when Benzy Levy, caught in the act of selling beer Sunday, stuck her pet bulldog onto him, he was going around the room around chairs, tables and other furniture better than seven seconds flat before he could get room enough to hurdle up onto the table where he stood shouting for help.

our country must be established if we propose to enjoy the full advantage of our opportunity in domestic and foreign trade.

Order for Call. "I have accordingly instructed the secretary of commerce and labor to take the necessary steps to initiate as soon as practicable at Washington a conference of delegates from organizations which are engaged in the promotion and development of commerce and industry in their respective districts, such conference to consider the establishment of a representative national organization for commercial development and to outline the principles by which it should be governed.

STRIKE HEARING CAUSES MIX

(Continued from First Page.)

Giovannitti, arrested in this connection, asked Henry. The witness admitted this was so. "But," he added, "we would have no use in killing a woman. The police said the speeches made by Eitor and Giovannitti infuriated the strikers, and that is the way they have investigated the killing."

Golden Contradicts Berger

John Golden, president of the Textile Workers' union, was called to the stand. He made a statement contradicting allegations made by Representative Berger. "Mr. Berger," he said, "made the statement that the Industrial Workers of the World represented 200,000 of the Lawrence mill hands and that I, affiliated with the American Federation of Labor, represented just 120. The truth of the matter is that when this 'revolution' in Lawrence occurred the Industrial Workers of the World had just 20 members. That organization I represent has 300 members in Lawrence and is twenty-five years old."

Mr. Golden further declared that he held no "brief" for the Lawrence employers and that before the Industrial Workers of the World came into Lawrence he was an objectionable as could be imagined to the mill owners.

Turning to Representative Berger he said: "It is all the fault of your Editors and your Haywoods, who have gone to Lawrence and poisoned the minds of the mill workers. They have not preached trade unionism to them, but absolute anarchy."

WORN BY WISE WOMEN Nemo CORSETS

DEAR MADAM: It isn't always fair to blame a dealer for trying to make you buy some other corset when you ask for the Nemo. Merchants are in business to make money, and as much of it as possible.

Furthermore, some merchants actually don't know their own stocks well enough to distinguish between REAL NEMO SERVICE and its imitations. Some others care only for the extra profit which generally goes with bogus merchandise.

On the other hand, we have worked for years—and very successfully, thank you—to give women better corsets and greater corset-values than they ever had before. It is our purpose to serve the public, and that's why we have fixed the retailer's profit at a fair living figure—so that YOU, madam, shall get FULLEST VALUE for your money.

As we have already told you, some dealers—fortunately not very many—attempt to defeat our purpose by trying to make you buy other makes, on which the dealer may collect 100 per cent. profit—from YOU.

If your dealer ever tries this on YOU—BE A WISE WOMAN!

Nemo Self-Reducing Corsets are the world's standard for stout women, with ABSOLUTELY NO SUBSTITUTE and not even a good imitation. A model for every type of stout figure—\$3.00, \$3.50, \$4.00 and \$5.00. KOPS BROS., Mfgs., New York

UNITED STATES EXPRESS COMPANY NOTICE TO SHIPPERS

All shippers are requested to plainly put the words EXPRESS CHARGES PREPAID on all prepaid express packages, either by label, stamp or writing. Through the occasional dishonesty of employees and mistakes, charges have sometimes been collected on packages already prepaid. This is against the Company's long standing rules, and has given opportunity for unreasonable statements about the business.

All persons will help to protect the Company and themselves by observing the above request, and by promptly reporting any violation of the rule by a second charge on a prepaid package.

The Company intends to protect all shippers against such acts to the extent of its power.
