

BRIEF CITY NEWS

Have Root Print It. Jeff W. Bedford—Coal. Gas, Elec. Fixtures, Burgess-Graden. Thos. W. Blackburn for congress—Adv.

Zeal Diamonds—Five hundred dollars' (200) reward and no question asked for return of uncut diamonds contained in two small paper envelopes lost in jewelry store in Omaha. Communicate with Albert Edholm, jeweler.

Funeral of Helvina G. Witaschek—The funeral of Helvina Clara Witaschek, who died Thursday, will be held this afternoon at 2:30 o'clock from the family residence, 219 Leavenworth street, to St. Peter's church at 3 p. m. Interment will be in Holy Sepulcher cemetery.

Craigton Musicians to Give Concert—The Craigton High School Mandolin and Banjo club will hold its first concert in the Craigton university auditorium some time in May. The club at present is hard at work under the direction of Frank Foster, Gerald Duffy is manager and Ray Byrne president of the organization.

Testimonial to Gross—Over a score of the old associates of Arthur W. Gross, former claim agent of the street railway company, gathered at his house Thursday evening and presented him with a handsome cut glass bowl. The presentation speech was made by P. G. Boland, member of the state legislature.

Girl Given Sixty Days—Ethel Fletcher, who was arrested Thursday night on the charge of being a suspicious character, was sentenced to sixty days in jail by Judge Foster. The Fletcher girl is alleged to have taken another young girl by the name of Sophie Hirsch into a room at a disorderly house. Sophie was turned over to the juvenile authorities. Both girls refused to give their addresses.

Miss Sharp Here to Help Miss Lowden

Miss Hazel Sharp, member of the Chicago Grand Opera company ballet, arrived yesterday to assist Miss Isabel Lowden and her assistants in putting on the "Princess Snow-White," the charity performance to be given at the Brandeis theater in April. Miss Sharp has appeared in all the operas at the Auditorium theater this season and is a pupil of Cora Spior Neal of the Rusch Conservatory. Marie Jung of Carlisle, Germany, and of Luigi Albertieri, ballet master in Vienna.

Miss Powell Heads the Teachers' Aid

The Omaha Teachers' Annuity Aid association held a meeting yesterday afternoon and elected officers as follows: Miss Martha L. Powell, president; Mrs. Nora H. Lemon, first vice president; Miss Alice E. Hitt, second vice president; Mrs. E. W. Nichols, financial secretary; Miss Emma Wheatley, treasurer; Miss Anna Pickard, recording secretary.

A La Carte Only at the Omaha Club

The directors of the Omaha club have decided to discontinue, effective at once, the noon day table d'hote luncheons at the club, on the ground that they have been a financial loss to the restaurant. They will serve a la carte luncheon only, beginning Monday.

Chance to Adopt Twin Girl Babies

The Nebraska Children's Home society has on hand a number of homeless little ones for whom it wishes to find good homes. The children range from a pair of twin girl babies 2 months old to a boy of 14.

MIDGET COMEDIAN MAKES SENSATION ON STREETS

Little Lord Robert, the midget comedian, only two feet in height, in the small city man who has made a name for himself on the streets of Omaha. He reached Omaha yesterday accompanied by his mother, a woman of normal size.

"I stop for a minute on the street," said the little man, "such a crowd gathers around me that it is impossible to move without the aid of a policeman." Lord Robert was attired in a gray, tailor-made suit and a becoming lavender necktie, his clothes fitting him to perfection. He says he has three tailors, one in Chicago, one in New York and another in San Francisco.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

PERSONAL PARAGRAPHS. Martin Deber went to Chicago last night for a week's stay. C. S. Bowman of the firm of Patton-Bowman Hardware company, will leave tonight for Chicago and the east, where he will stay up to a month in the new city which will be located at 17th and Farmington street. He expects to be gone about a month or six weeks.

SCHOOL AND COLLEGE WORK

Round of Activities in Various Educational Institutions.

STATE NORMALS UP AND DOING

Specimens of Defectives Harassing Teachers in Bricklynn Schools—Strong Arm Teachers Needed.

President Sparks of Chadron normal school is in St. Louis attending the department of superintendence meeting of the National Education association. After the meeting, Mr. Sparks will return to Lincoln to be present when the state board of education meets and will probably not be in Chadron until the 8th or 9th of March.

At a class meeting held recently by the seniors, Dean Stockdale was chosen class advisor. The following officers were elected: David Daboll, president; Blanche Lewis, vice president; Kathleen Morgan, secretary; Flora Daboll, treasurer; Bessie Fisher, class historian. Catalogs have been ordered from which class pins or rings may be selected.

On Wednesday the members of the chemistry class met in the laboratory to make candy as their last experiment of the semester—an experiment which all agreed would be a very jovial and profitable one. Each member was given the privilege of bringing a friend. Sugar, eggs, nuts, chocolate, butter and many other things as well as all kinds of cooking utensils were provided, so there was nothing lacking that would be necessary for the experiments. Each member was set to work making candy, and great enthusiasm was shown by all in trying to see who could produce the best results. Several different kinds of candies were made, and the boys felt confident that they had succeeded in taking the prize for the best candy, and especially in making new discoveries. After the candy had been made, a few games were played, and at the end of the period all went home feeling that their time had been well spent, and wishing such experiments would be made often.

WAYNE NORMAL SCHOOL.

Tests of Seed Corn by the School Laboratory.

President Conn is in attendance at the national meeting of superintendents at St. Louis.

The Normal Male quartet will fill an engagement at Laurel, Neb., on Friday evening, March 8.

Prof. Lackey went to Stanton Friday evening to act as a judge in the preliminary debating contest of the city schools. Rev. William Fugley of Toronto, Canada, who is conducting evangelistic meetings at Wayne, was present Friday morning and addressed the students at convocation.

The Crescent Literary society gave a program in the chapel on the evening of March 2. Much interest was shown in the debate on the question, "Resolved, That Theodore Roosevelt should under no circumstances be a candidate for president in 1912."

The workers on the new library and science hall have just finished plastering the third story of the building and the work will be rapidly pushed that the structure may be completed and ready for use at the opening of the summer school.

G. E. Cress of Ainsworth, Neb., has just received notice of his election as superintendent of schools at Winside, Neb., at a salary of \$1,000 a year. Mr. Cress is a member of the class of 1912, a teacher of several years of successful experience, and his friends are pleased to learn of his election to this responsible position.

KEARNEY NORMAL SCHOOL.

Athletic Board Grants Letters to Thirteen Foot Ball Players.

At a recent meeting of the Kearney Normal Athletic board letters were granted to the thirteen men composing the 1911 football squad.

Recent seed corn tests in the Department of Agriculture indicate that farmers will be unable to rely upon the 1911 seed corn and will have to secure their seed corn for the present year from the 1910 crop for the best results.

Bishop Tihen of the Lincoln diocese delivered an interesting address to the students in chapel Friday morning. He spoke on educational topics, the constantly widening influence of the teacher upon the lives of men and nations, and discussed educational methods of today.

President Thomas will return from St. Louis Monday. He will stop at Clarinda, Ia., for a short visit with his mother. On next Wednesday evening he will speak to the county congress in Minden and the following Saturday will address the teachers of Furnas county at Beaver City.

FREMONT COLLEGE.

Brief Mention of the Week's Happenings.

Twelve students from the School of Pharmacy took the examination before the State Pharmaceutical board, which met in Omaha last week, and eleven passed, the twelfth lacking one or two points out of making a passing grade.

On Wednesday the members of the examination and passing are as follows: Messrs. Harry Moss, W. H. Henry, Cecil Rogers, N. L. Doyle, Guy Martin, Clyde Whiteman, P. E. Lummé, E. C. Anderson, H. C. Hardin, Clarence Taylor and Mrs. A. L. Fort. Prof. O. Hudson went down with the students and met for the first time the members of the Pharmaceutical Board of Nebraska.

Prof. Max Baumeister will give a violin recital March 8 at the college under the auspices of the Union Literary society. Prof. Baumeister is known by the musical class of Fremont as a musician of high class, having studied five years in Europe under the best artists, and will not be glad to know that an opportunity is offered for listening to him. The presence of all such is solicited. Entrance to the Literary hall is from the north side of the building through the court.

Miss Olive C. Howard of Warren, O., spent in chapel Monday. Mrs. Gilbert of the college faculty will spend March in Florida, seeking a much needed rest. Her work will be looked after by members of the faculty and Miss Edith Buss of Fremont.

President Clemmons addressed the (Kaw county institute at Atlantic, Ia., March 2. He spoke twice: subjects "Opportunity" in the morning and "The Culture Value Problem" in the afternoon.

Mr. F. C. Peterson, who graduated recently from the School of Pharmacy, has accepted a position with Helwig & Helwig, Druggist at Wahoo.

Mr. C. K. Zeller of Palmer, Neb., visited the college this morning. He was formerly a student in the piano department.

NOTES OF BELLEVUE COLLEGE

Instructor in German on Leave of Absence Studies Art.

Miss Luella M. Carter, professor of the German language and literature at Bellevue, now on leave of absence for study in Berlin, writes interestingly of her work in Berlin university. In addition to her work in the university, Miss Carter is taking a private course in phonetics. She is also continuing her studies in art and proposes to offer a course next year in the history of art in connection with her work at Bellevue. She is making an extensive collection of prints and the course would be of great interest not only to the students of the college, but to a larger circle of art enthusiasts. It is a happy circumstance that Miss Carter's lectures should be attended by many outside of the regular college classes.

The Sunday morning service in the village church was in charge of the assistant pastor, the Rev. Charles Baskerville. The sermon was delivered by the Rev. David Yule, field secretary of the college. This was the first opportunity the people of Bellevue have had to hear Mr. Yule from the pulpit, and his sermon emphasizing the central place of the Christ in the Bible in vital religion was heard with the deepest interest. He fully sustained his reputation as an effective speaker that has preceded him from Brooklyn and Newark, his former fields of labor.

Paul Kieser, manager for the Bellevue College quartet, has been arranging the itinerary of the organization for the tour that is to be made the latter part of the month. It is expected that Glen L. Rice, baritone, will accompany the quartet as soloist. Miss Alice Fugley of the conservatory has charge of the work of preparing the program that will be presented. The organization is open to a few local engagements.

The Doane-Cotner-Bellevue triangular debates will take place Friday evening next. Doane and Bellevue will debate at Bellevue; Cotner and Bellevue at Lincoln, and Cotner and Doane at Crete. The subject is the recall of state judges.

The Bellevue basket ball quintet was labored under the serious handicap of meeting their opponents in the Tri-City league practically without practice. Nevertheless they have demonstrated that they can play the game. They look forward with keen anticipation to the new gymnasium floor that it is expected will be on the campus next year.

At a meeting of the Bellevue village Board of Education Friday evening resolution was passed inviting the two adjacent districts to co-operate in the erection of an adequate high school building for the three districts. It is believed that the proposal will meet with favor and that steps will soon be taken for its consummation.

TEACHERS NEARLY STARVED

Men Beat Them to Buffet and Eat Up Just About Everything.

ONLY TWO SMALL EGGS REMAIN

Omaha Teachers Snowbound Don't Think It Much Fun When Hungry Men Are Aboard and Provisions Short.

Miss Martha L. Powell, Mrs. Nora H. Lemon and Emil G. Miller of the Omaha schools have returned from St. Louis, where they attended the meeting of the superintendents' division, of the National Educational association. They returned gaunt and hungry, but not the least bit pleased over a most eventful trip.

Their train was snowbound in Missouri for a day and a night. When the train came to a standstill in the country the Omaha school teachers looked out of the windows and shivered. "Oh, well," thought Superintendent E. U. Graff, "it'll start pretty soon for this Wabash is a reliable road." And he went to sleep.

Next morning he awoke, and so did the others. "By jove!" announced Prof. Carns, "this scenery is just about like the country we passed through last night." Wonder why we stop so long in this place? He looked through the window, after he had scratched the frost off the pane, for it was kind of cold in the sleeper.

See a Bucket Brigade. First thing he saw was a brigade of men trudging across a field of snow, each carrying two buckets. They were toting water for the engine, but they could not tote enough and the steam pipes began to cool. A conductor came into the Pullman. His nose was red from the cold.

"Come into the chair car," he commanded. "We can't keep this one warm. Stuck in the snow here and can only heat that chair car. Two women with little babies in there and so must keep it warm."

They went into the day coach. Time began to drag and each took turns reading from an ancient copy of the Literary Digest. All the advertisements were learned by rote and each editorial was read half a dozen times.

All day the train stood still and the crew carried water. The forenoon was not far advanced, however, until the passengers from Omaha discovered they were hungry.

Just Two Eggs Left. "Let's go into the diner and get something to eat," suggested Mrs. Lemon. "Where are those men?" They were not in the car. They were found, however, not in the diner, for there was none, but in the buffet. Dr. Thomas of the Kearney State Normal school, Superintendent Graff, Prof. Carns and Prof. Miller were there and they had made a clean sweep of it. Except two eggs, which the women declared were the smallest they ever saw, there was nothing left for them.

They ate the eggs with great relish and sent Prof. Carns to the nearest town ever so far away—to get something real for breakfast. He returned with a bag of raisins, a box of Uneda biscuits and a package of grape nuts. So they ate, but were not satisfied.

Dr. Thomas Makes Confession. Late in the afternoon Omaha's delegation to the St. Louis convention was actually famishing, and feeling lonesome, too. "When! when! will we ever have anything to eat?" wailed one of them. Dr. Thomas began to fidget about and looked uncomfortable. But nobody suspected him. Finally he broke down and confessed.

"You see," he began, "I wanted our domestic science teacher, who is one of the best cooks in the state, to have a share in this banquet that is to be given Tuesday night to the Hon. Philander C. Claxton. It is given by the domestic science teachers. But I have just talked with the conductor and we will get to

WASHINGTON, D. C., March 3.—The Department of agriculture, pending decision by the Reussen board, which is considering the general subject of sulphuring food, will take no action on the sulphuring of oats, it was announced today. Several months may lapse before a decision is reached.

The sulphured oats problem is one of general interest. It has been found that certain dealers were in the habit of subjecting oats to the fumes of sulphur. This bleached and glossed the hull and raised the oats a grade or two in the inspection of the grain and made them bring a higher price. The sulphuring also added enough moisture to make a difference of \$20 to \$40 a car in the sale by weight.

Delay in Decision on Sulphuring Oats

Key to the Situation—Bee Advertising.

FOR ALL MEN AND WOMEN

I will give you free a sample of Dr. Pierce's Pleasant Pellets, that have brought health and happiness to thousands—also a book on any chronic disease you need.

The story of my free offer to you is quickly told. During my many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept records of results in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results. I am going to send you free a sample package of Dr. Pierce's Pleasant Pellets, which will relieve biliousness and ill health due to a disordered liver. Write at once for a sample or a book.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery"—a blood medicine without alcohol.—R. V. PIERCE, M. D., Buffalo, N. Y.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "GOLDEN MEDICAL DISCOVERY."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require.

Dr. Pierce says:—"Glyceric plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken." Sold by all principal dealers in medicines.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Dr. R. V. Pierce

NERVOUS TROUBLE HAS MANY DIFFERENT PHASES

Strain and Worry of Modern Life Makes Many Physical Wrecks.

PEOPLE AFFLICTED UNHAPPY

Do Not Waste Your Energy by Neglecting the Help Science Offers You to Quickly Re-build Nervous System.

A man or woman afflicted with a debilitated condition has little chance for happiness, as the trouble always produces a mental depression that causes the sufferer to look on the gloomy side of life, be dissatisfied with the present, and have small hope for the future.

Are you in this run-down, debilitated condition? Do you tire easily, sleep poorly and feel half dead most of the time? If you are, you can get immediate relief and renew your ability to fight life's battles by letting this great tonic build you up and restore your strength. Don't drag around, feeling miserable and hopeless, another day. You will positively be astonished how quickly "Tona Vita" will start you on the road to health. The tonic is sold with the distinct understanding that it must renew your health, or the price is refunded.

The symptoms of nervous debility are susceptibility to coughs and colds, weak back, cold feet, bad memory, poor circulation, constipation, lack of energy or vitality, nervousness, stomach trouble and uneasy sleep. Nervous debility is caused by the strain and worry of modern life, and the country is filled with hundreds of half sick, worn out, nervous people.

Anything, to be successful, should add to the happiness of the human race. No medicine ever before sold in the United States has been so tremendously successful as the wonderful new tonic, "Tona Vita." The reason is plain. "Tona Vita" is bringing back health and happiness to thousands of discouraged, "run-down" men and women.

Lee's Rhubarb Laxative is an assistant to "Tona Vita." It is to be used in cases of chronic constipation. There is no plant known to modern medicine so thoroughly reliable and harmless as rhubarb. It's nature's own laxative, and instead of straining the intestines, like other drugs, tones them up and gives them new strength. Lee's Rhubarb Laxative is the safest possible laxative for children and they like the taste. It should be in every household.

These two great preparations are sold in Omaha by Sherman & McConnell Drug Co., Sixteenth and Dodge streets; Owl Drug Co., Sixteenth and Harney streets; Harvard Pharmacy, Twenty-fourth and Farnam streets, and Loyal Pharmacy, 267-269 North Sixteenth street.—Adv.

CARELESS ABOUT APPENDICITIS IN OMAHA

Many Omaha people have stomach or bowel trouble which is likely to turn into appendicitis. If you have constipation, sour stomach, or gas on the stomach, try simple buckthorn bark, glycerine, etc., as compounded in Adler-ka, the new German appendicitis remedy. The Sherman & McConnell Drug Co., Cor. 16th and Dodge, Cor. 16th and Harney, Cor. 14th and Farnam, or 267-269 No. 16th St. states that A SINGLE DOSE of this simple remedy relieves bowel or stomach trouble almost INSTANTLY.

DUMA VOTES DOWN BOUNTY FOR HARVESTER MAKERS

ST. PETERSBURG, March 3.—The opposition, aided by the peasant deputies of all parties in the duma, today defeated the proposal providing for bounties for the manufacture in Russia of harvesters and binders. Count Uvaroff, October 12, described it as a protective measure for an American trust.

The International Harvester company, an American concern, has immense works near Moscow. The peasant amendment in favor of the admission of moving machines duty free was lost.

The minister of commerce spoke favorably of the harvester company. Deputy Lubetzký said it was of vital importance for Russia to encourage such enterprises.

DR. FORHANS' MER-JA DENTIFRICE

Will best refresh, soothe, brighten gums and whiten your teeth. Will clean and polish teeth by removing scales and tartar. Mer-Ja is a most effective, gentle, and safe dentifrice. Largest package of Dentifrice "Mer-Ja" 1/2 lb. Trial Size 5c. "See Also" "Mer-Ja" Paste No. 10.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Sherman & McConnell Drug Co., Cor. 16th and Dodge, Cor. 16th and Harney, Cor. 24th and Farnam, 267-269 No. 16th St., Loyal Hotel.

SENSIBLE WINTER IS THIS

Season's Features What They Should Be. Say Weather Men.

The entire grain belt, especially in the vicinity of Omaha, has enjoyed one of the most sensible winters for many years, according to weather statistics. Plenty of snow fell when snow was needed, although on January 12 the mercury in Omaha coated down to twenty-seven below, making it the coldest day in over twenty-five years, the freeze was gentle and the low temperature did not bring the suffering that a higher temperature with a stronger wind often brings.

The heaviest fall of snow this year was on February 25, when 10.5 inches was the average measurement. The total snowfall for February was 18.5 inches and the total precipitation was 1.3 inches. For the entire year ending March 1, the precipitation was over thirty-six.

The year 1911 will long be remembered for the violence of its weather. The spring opened mild and delightful, but in June a torrid wave of unparalleled severity swept over the country. Corn suffered.

In August the elements took a different turn and the floodgates of the heavens were opened, Kentucky and the north Atlantic states being deluged.

Even aside from the extremes of 1911 weather, last year was still an exceptional one. The mean temperature of every month except November was above the average of forty years covered by the weather bureau reports. The average daily excess was from four to six degrees.

Injured in a Fire or bruised by a fall, apply Bucklen's Arnica Salve. Cures burns, cuts, wounds, boils, sores, eczema, piles, Guaranteed. 25c. For sale by Beaton Drug Co.
