Mounted Policeman is Pelled from His Horse by Militant Females—Lord Chancellor's House is Attacked.

LONDON, March 4.—The suffragettes started operations again early today. A small band of them armed with hammers and stones went toward the Knightsbridge and Brompton road district in the west end of London, breaking plate glass of the big dry goods stores situated in that neighborhood. As usual, owing to the disturbances being unexpected the police on duty in the district were unable to cope with the suffragettes, who were distributed over a wide area. The storekeepers and their employees were compelled to do sentry duty in front of their premises, but in many cases were unable to keep the women from doing damage.

not take the oath to support the constitution.

Mr. Gompers' address. Samuel Gompers, president of the American Federation of Labor addressed the committee. He said he wished to appear in support of the resolution for an inquiry rather than as a witness. "The traffic conditions described at Lawrence are indeed terrible and have made an impression on the people of this country," said Mr. Gompers.

Mr. Gompers praised the work of John Golden, president of the United Textile Workers. "I do hope and believe that out of this conflict will come a better condition and a better organization," he said. "The unfortunate some of these people are still connected with the industrial workers. I say unfortunately because it is an organization that does not organize, and a movement that leads nowhere, and no one knows that better than Victor Berger."

At rebel headquarters in Juarez today it was said in a dispatch reported at Chihuahua resulted in an unmitigated victory. Five men were killed, it was stated. It is said that Colonel Pancho Villa attempted to take the town with his loyal federal troops, but was repulsed by Pascual Orozco, now in open rebellion against President Madero.

STOLEN POSTAGE STAMPS HIDDEN IN HAYSTACK
FORT DODGE, Ia., March 4.—(Special Telegram)—Postage stamps amounting to \$80 were found under a haystack this week by a farmer near Rowan, where the postoffice was robbed of that amount of stamps last summer. George Miller, now serving a ten-year term in the penitentiary, was found guilty of this theft by circumstantial evidence only. Inspector Bassett worked up one of the strongest cases against him that had ever been made against a postoffice robber in this section of the state. Throughout the trial Miller was stoic and indifferent.

PHYSICAL WRECK RESTORED TO HEALTH BY GREAT KIDNEY REMEDY.
I feel it my duty to furnish you with my testimonial as to what your remedy Swamp-Root did for me when I was a physical wreck from kidney and bladder trouble. Some years ago I was not able to do any work and could only just creep around and am satisfied that had it not been for Dr. Kilmer's Swamp-Root, I would not have lived. After using the preparation for one month I was able to work some and when I used \$1.00 worth of Swamp-Root I could do a good day's work. I used about \$10.00 worth altogether and would not take \$10.00 for the good that it did me. I consider it a God-sent to suffering humanity for the diseases for which you recommend it and have recommended it to many sufferers.
