CHURCH HAS ANNIVERSARY

Hanscom Park Methodist Celebrates Twenty Years of Existence.

FORMER PASTORS ARE SPEAKERS

From Small Start This Church Has Grown Until It is One of the Largest in the City—Has No Indebtedness.

The twenty-fifth anniversary of the dedication of the Hanscom Park Methodist Episcopal church was celebrated Sunday by the congregation in the church, which is without a dollar of indebtedness. Two of the former pastors of the church, Rev. Clyde Clay Cassell, from Kansas City, and Rev. F. M. Stinson of Fremont preached the silver anniversary sermons, the former preaching in the morning and the latter at the evening services. It brought back old times to the members of the congregation when the two old pastors occupied the pulpit, when the church was not as prosperous as now, although doing a good work, and every one was striving with all his might to clear the church of debt, since the church has been organized it has had seven pastors, they being Rev. H. H. Millard, now of Albion Neb., for one year; Rev. George M. Brown, now of Bridgeport, Conn., for five years; Rev. W. P. Murray, now of Erie, Pa., for five years; Rev. F. M. Stinson, now of Fremont, for two years; Rev. C. C. Cassell, now of Washington Avenue Methodist church of Kansas City, Kan., for eight years; Rev. R. Scott Hyde, now of Ravenswood Methodist church, Chicago, for three years, and Rev. E. B. Crawford, the present pastor, for two years past.

History of the Church. One of the pleasing features of the evening services was a short historical sketch of the rise of the church by Rev. John Dale. It was at the home of Mr. and Mrs. Dale that the church was organized in 1886, with twenty-two members, eight of whom were members of the Dale family. These were Mr. and Mrs. John Dale, and their sons and daughter-in-law, Mr. and Mrs. John F. Dale, Arthur B. Dale, Walter H. Dale, Louis R. Dale and Fred B. Dale. The others were Mr. and Mrs. C. C. Cassell, now well known contractors, both dead; Mr. and Mrs. John W. Williams, now of California; Mr. and Mrs. C. W. Flourie, both residing here; Mrs. C. S. Ackerman, now in Denver; Mrs. E. B. Davis, now dead; Mrs. Simms, now dead; Mrs. Hamilton and her son, mother and brother of the Hamilton brothers, now well known contractors, both dead; Mr. and Mrs. Hayden and J. M. Chambers, all left the city.

Steps were taken for the erection of a church building, and while it was being built the congregation held meetings at the homes of the members. Twenty-five years ago the church was dedicated, and seven years ago replaced by the present handsome structure.

Former Pastor Talks. The subject of Rev. C. C. Cassell's sermon, "The Measureless Measure," and the text was from Ephesians 2-6. In part he said: "We are today celebrating the twenty-fifth anniversary of this church organization, but this church is older than that. I can trace its history back to Galvary, back to Abraham, who trusted with God under the orient sky and had God's romance spilled into his amazed soul. Through all these ages the church has been holding aloft its torch to guide men to God and salvation. Sometimes the light has burned but feebly, but it has always been burning, even through the dark ages. The church takes the raw materials of life and by stamping it with the image of God makes it the finished material, the most perfect in the world.

"The church is the best but poorest paid policeman in any city. It is the peace keeper, it creates an atmosphere in which peace is the only active. It educates children and youth in God's truth and gives multitudes the only spiritual instruction they ever receive. What would happen in this city if the church were to omit that training for a generation? Take the church out of Omaha and you would not care long to live.

"The glory of a church is not that it makes a creed, but that it makes a life. It is the Christian church that trains such men as Lloyd-George and gives him to England to lead the way into a new industrial era for the empire."

Commercial High School is Planned by Dr. Holovtchiner

Dr. E. Holovtchiner is planning the establishment of a commercial high school and will submit his proposition to the Board of Education. His idea, which he has worked out in detail, is to vacate Leavenworth building, a school of twelve rooms, and transfer to it the commercial class of 25 now at the high school.

"At the first of the year there were 175 students in the commercial department of the high school," said Dr. Holovtchiner. "There are now 275. When the high school is completed it will still be congested. With a seating capacity of 2,000 there will be at least 2,000 students in attendance. Evidently something ought to be done, as the number of pupils will increase each year."

Dr. Holovtchiner's plan is to distribute the students of Leavenworth school among Commercial, Mason and Central, all of which could accommodate them without inconvenience. Leavenworth building could then be converted into a commercial high school, being large enough to care for the increased attendance for several years. This arrangement would also relieve teachers at the high school of the extra work and worry entailed by the present congested conditions, necessitating two sessions daily instead of one.

Farmers Assured of Ample Moisture

Robert R. Rubie of Denver, assistant general passenger agent of the Union Pacific for the Colorado and Wyoming territory, is at headquarters for a day or two. He says the Colorado farmers were somewhat discouraged during the early part of the winter on account of the lack of precipitation. Now, however, their hopes have gone higher than the peaks of the mountains, all on account of the enormous quantity of snow that has fallen. He says that up in the mountains it has snowed almost every day for the last month. Now the snow has reached the greatest depth ever known and in many localities is said to be ten and twelve feet on the level. It is figured that when melted the snow will furnish enough water to fill all of the storage reservoirs and run crops through until next fall.

MANY SIGNATURES RECEIVED Nebraska Republicans Responding More Promptly to Taft Since Colonel Roosevelt Announced Candidacy.

"Nebraska republicans are responding promptly and in large numbers to the call for signatures expressing the desire that the name of William Howard Taft be placed on the primary election ballot, and receive the preferential vote as candidate for president," declared John L. Webster, who is leading the Taft movement in this state.

"Monday I received a total of 26 names to the Douglas county list, making 2,190 all told. The most encouraging feature of this is that more names have been received since Colonel Roosevelt announced that his hat was in the ring than before."

BANK ROBBER IS IDENTIFIED

Man Captured in Colorado is Briggs of Council Bluffs.

ONE ARM WILL BE AMPUTATED

Fight Occurring When Officers Close In on Him Results Seriously for Robber and He is Now in a Hospital.

The bank robber who was captured Saturday in his flight following the holdup of a cashier in Aurora, Colo., and who gave the name of Dwight Day of Council Bluffs, has been identified as Dwight J. Briggs. He is now in the hospital and one of his arms will be amputated by reason of gun shot wounds received.

Briggs is a Council Bluffs man, and has a brother, C. E. Briggs, employed as a solicitor on the Nonpareil, and living at 113 West Pierce street.

The identification was effected through the efforts of Chief of Police Fromm, who recognized the similarity in names. He wired to Aurora, giving a description of Briggs, and has been informed by return that the description exactly fits the prisoner held in Colorado.

Briggs was in Council Bluffs a week ago Sunday and on the following day he left for Omaha. Since then his friends have not seen or heard of him.

The holdup occurred in the Aurora State bank. Briggs entered and at the point of a revolver compelled the cashier to turn over his weapon. He then filled his pockets with money, about \$500, and backed out of the place. He was captured later in an old powder mill, where a battle ensued and he was shot.

There are two Day families in Council Bluffs and both have relatives of Briggs' age who are missing, and it was thought for a time that the robber's name really was Day.

HEARING OF VIADUCT CASE IS SET FOR APRIL FIRST

Following an amicable arrangement between attorneys for the city and the legal representatives of the Missouri Pacific railroad over the mandamus suit brought to force roads interested to construct the Nicholas street viaduct Judge Charles Leslie of the district court set the case for trial April 1.

Saturday the court overruled a motion by the railroad to have proceedings stayed. Delay has followed delay on the part of the railroads, which, admitting that there was no reason for delay, have shown no disposition to begin the work. Bitter contentions have been asked from the city and when not granted further delays occurred.

City Attorney Rine and Assistant City Attorney Brome handled the case for the city. Attorneys for the railroads asked for a postponement of hearing on the case for eight or nine weeks, but Judge Leslie promptly fixed the hearing on April 1.

BACK COVERED WITH MASS OF PIMPLES

Burned and Itched So He Could Hardly Stand It. Tried Medicines, Etc., Nearly 3 Years. In Eternal Misery. Started Using Cuticura Remedies. Now Has No Sign of Skin Disease.

Corbin, Kan. — "My troubles began along in the summer in the hottest weather and took the form of small eruptions and itching and a kind of smarting pain. It took me nearly all over my back and kept getting worse until finally my back was covered with a mass of pimples which would burn and itch at night so that I could hardly stand it. This condition kept getting worse and worse until my back was a solid mass of big sores which would break open and run. My underclothing would be a sort of blood.

"I tried various blood medicines and other remedies and relieves for nearly three years and I was not getting any benefit. It seemed I was in eternal misery and could not sleep on my back or lean back on a chair. I was finally given a set of the Cuticura Remedies by my brother who recommended them to me very highly. I started using the Cuticura Remedies and inside of two weeks I could see and feel a great relief. I kept on using Cuticura Soap, Ointment and also the Resolvent, and in about three or four months' time my back was nearly cured and I felt like a new being. Now I am in good health and no sign of my skin disease and I am fully satisfied that Cuticura Remedies are the best ever made for skin disease. I will always recommend them to anybody who will use them according to directions. I would not be without them." (Signed) W. A. Armstrong, May 20, 1911.

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the agonizing agony of Rheumatism. To treat the trouble with medicines containing potash, diseased blood, is simply adding another poison to the already end making a physical wreck of its remaining vitality, and perhaps in for Rheumatism is S.
