HOUSE OF HOPE EXPANDING

Rev. C. W. Savidge is securing Additional Room for Old People.

NOW HAS THIRD HOUSE FOR USE

Latest Acquisition is a Cottage at Florence, Where the Old Folks May Raise Garden and Chickens, if They Wish.

Rev. Charles W. Savidge of the House of Hope has two houses of a total of thirty rooms, with forty inmates, and to care for all who apply for aid he is planning the purchase of a third house of ten rooms. The house he intends to purchase is near the other two. Mr. and Mrs. Charles P. Sauter, experienced workers in such fields, will be placed in charge as soon as it is secured.

Mr. Savidge has made several changes in his force, brought about by unavoidable circumstances. Mr. and Mrs. George Ruppel are caretakers at the larger house of twenty rooms, called the House of Hope No. 1. They replace Mrs. Mary Pierson and W. E. Wing, who gave up the work when they were married. In House of Hope No. 2 Mrs. C. M. Schroeder, a trained nurse with a wide experience, has been installed as caretaker. Riley Reeds, also a trained nurse and a good chef, has secured a place at this house, and Mr. Savidge is much pleased with the work they are doing. There are ten helpers at the two houses and each room is occupied.

TRAFFIC TO COAST

Considered Small

The tourist business to the Pacific coast is not what the railroad anticipated, although a 25 rate has been made. The trains coming into Omaha are fairly loaded, but from Omaha and points west there are fewer passengers than were expected. Railroad officials take this to mean that Nebraska people are pretty well satisfied with Nebraska and are not inclined to leave a good thing and go chasing after something that they are not sure of.

YOUNG MAN HELD FOR AN ASSAULT ON LITTLE GIRL

Charles House, 29 years old, living at 306 Pratt street was arrested yesterday afternoon and charged with attempted assault on little 5-year-old Virginia Shoemaker, 312 North Thirtieth street. According to the story of the girl's roommate, she was in an empty barn at Thirty-fifth and Pratt streets. Harm was prevented by two women living in the neighborhood who saw them going in the barn. When he saw the two women coming House ran up the alley. Detectives Van Dusen and King found him in hiding at his home and brought him to the station.

Move before the moving season

You will have a much better selection of offices now than if you wait until the 1st of April or the 1st of May.

When choosing, select a building, the policy and organization of which have been tried and never found wanting. It takes years to develop "service" and a seasoned organization in an office building. A building which is kept in constant repair never grows old.

Select a building, the location of which is known not only to everyone here, but to everyone who has ever been in Omaha.

THE BEE BUILDING

There are only eight offices vacant today, but among them are some very choice ones:
Room 203—Reception Room, private office, two large closets, large workroom with two north windows. Ideal office for engineer, architect, doctor or other professional men. Rental, per month \$40.00
Room 422—This is a long narrow room, 16x19 1/2, having a north light. Rental, per month \$17.50
Room 405—Is 11-12x19 in size, located on the court, close to sky light, thus having excellent natural light. The space could be divided so as to make two very pleasant rooms. Price, per month \$27.50
Room 300—Office in the northwest corner, having four large windows. A fireproof vault for the protection of valuable papers is much in demand and is afforded in this room. There is a total of 225 square feet of floor space and some would be equipped with partitions to satisfy good tenant. The rental price is per month \$40.00
