OMAHA GETS NEXT MEETING

Nebraska Retailers Decide to Return Here Next Year.

INSURANCE COMPANY STARTED

Will Write Congressmen in Opposition to Fargala Post—Co-Operative Insurance Company to Have Headquarters Here.

Omaha was selected as the place for the 1912 convention by the Federation of Nebraska Retailers, which closed its annual convention here yesterday. Omaha was also designated as the principal place of business for the federation's co-operative fire insurance company.

David Cole formally presented Omaha's invitation to the retailers and Secretary Whittier of the Lincoln Commercial club spoke for Lincoln. On a standing vote, Lincoln got eight votes, while those who stood up for Omaha were so many that they were not counted.

C. E. Belmont of Wynmore was elected president of the federation; G. W. Darnier, Overton, vice president, and M. A. Hosteler, Shelton, treasurer. The executive board is: For three years, L. F. Langhorst, Elmwood; Fred Diers, Madison; for two years, F. H. Barclay, Pawnee; J. H. Knowler, Fremont; for one year, J. W. Schweer, Greeley; A. D. Rogers, Alliance. P. P. Podrea consented to continue as secretary until the April meeting of the executive board, when a permanent paid secretary will be chosen.

GRAND JURY BACK AT WORK

Considers Many Minor Cases Which Are Brought Before It.

CONNELL ASSERTS CITY HAS NOTHING TO DO WITH FEES

Members Get Information on Their Own Hook to Be Able to Ask Many Questions in Probe of Graft Charges.

Investigations of the Douglas county grand jury were resumed yesterday after a week's recess and nearly three days of planning for further graft probes. In the ten days that had elapsed since the grand jury took its week's recess many police cases in Omaha and South Omaha had accumulated. Yesterday was spent in getting these matters out of the way. The statute requires that when there is a grand jury all felony cases must be investigated by it and no such cases may be handled in police, justice or county courts.

Nearly forty witnesses in these cases were examined yesterday and many indictments will be returned as a result in the examinations.

Subpoena was served on former Councilman Charles M. Davis, who resigned under a cloud. As soon as the grand jury has disposed of the accumulated routine police matters, Davis will be called to the witness stand and required to tell all he knows, not only of his own operations but of all matters any member of the city council or other official has been interested.

It filtered from the grand jury room yesterday that in preparation for examination of Davis the grand jury has armed itself with a vast quantity of information, much of which never has appeared in the newspapers. More information will be secured before Davis is called—probably next Monday—so that the grand jury will be prepared to overcome any reticent disposition he may manifest.

Deadly Fight
Possesses sufferers from lung trouble till they learn Dr. King's New Discovery will help them. Price 50c and \$1.00. Per sale by Beaton Drug Co.

“The city has no more right to these fees than you have. Furthermore, the city is not going to get them. I'm not going to even answer the allegations, but simply demur and allow the court to throw the case out,” said Dr. R. W. Connell, health commissioner, referring to the suit instituted by the city to collect \$5,000 vital statistician fees from him. These fees were allowed by the county.

W. J. Connell, a brother of the health commissioner, and W. M. Giller will handle Dr. Connell's side of the suit. It is their opinion that the action brought by the legal department is groundless and some of the contentions of the city will be sustained by the court.

City Comptroller Casgrove started the proceedings when he reported to the council asking for an investigation as to whether the fees belonged to the health commissioner.

Contest is Started on Moon Policies

Mrs. Libbie Moon's \$6,000 suit against the United Commercial Travelers on policies carried by her husband, the late John Moon, has gone to trial before Judge Lee S. Estelle in the law division of the district court. Mr. Moon, a well known traveling man, died a year ago, supposedly from injuries sustained in an accidental fall. The United Commercial Travelers refused payment on the policies on the ground that his death was not the direct result of the accident. It is alleged that his heart was weak and that he suffered from other physical ailments. It is claimed but for these weaknesses he could have survived the injuries.

Wants Charities to Help Move House

A call from a family living near the railroad tracks, where extensions are in progress and houses are being moved, came to the Associated Charities yesterday morning.

An officer went immediately to the house from which the call was sent, expecting to find a family in need of food or clothing. But nothing of the kind was found.

"We are going to move our house," said the wife, "to two acres we own in another part of the town. If you could help us out, you know, we wouldn't feel the expense so very much."

Assured that Charities assisted those only who are in need, the good wife could not understand why help was not extended to her, as her small bank account would be greatly depleted by the expense of the house moving.

Changes to Be Made at Wilson Hospital

Health Commissioner Connell is back from the east, where he secured information as to management of hospitals. He declares that several changes will be made at the emergency hospital, Ninth and Douglas, before it is formally opened.

"It is the best money ever invested," said the health commissioner speaking of the emergency hospital. "However, its management would have been inefficient if I had not inspected the methods employed by the hospitals in the east."

It probably will be two months at the least before the hospital is opened. The interior is being repaired and remodeled. The visit of the health commissioner to the east may result in certain other changes and improvements.

You judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by all dealers.

\$16 buys this Domestic Vacuum Cleaner, and it's the equal of any \$75 Electric Cleaner on the market--POSITIVELY!

There is nothing to get out of order on the "Domestic"—3 bellows operated by a single motion, do the work.

Try it Free! in your home and if it doesn't do the work excellently, **Send it Back!**

Remember it's not \$75 but only... \$16

The construction of the DOMESTIC VACUUM CLEANER is simplicity itself. It looks like a carpet sweeper, is operated like a carpet sweeper, yet it has no bristles or brushes to wear out your carpets as the carpet sweeper has. It simply sucks the dust out of your carpets and rugs and even off the floor beneath your carpets and deposits it in a dust chamber inside the cleaner.

This powerful suction is induced by three bellows connected with the two rubber rimmed wheels which carry the cleaner. They are so adjusted that a continuous suction is produced with either the forward or backward motion of the cleaner.

EASY TERMS

Buy a "Domestic" Vacuum Cleaner on easy terms if you want to. If you wish to try one out just phone D. 1662 Omaha or 555 Council Bluffs, and our man will call.
