Harmony Apron Gingham

Made by the **EVERITT-HEANEY CO.** 351 Canal St., New York.

Is One of the Best Apron Gingham Manufactured

The manufacturer allows us to sell next Thursday, March 21, five cases of these gingham at 5c a yard. The regular price is going to be much higher, in fact, it is going to cost more than any other apron gingham because it is better, but to introduce it in the west, we are allowed to offer it, this one time only, at 5c a yard. It is guaranteed by us to be absolutely fast color, and we will take back, at any time, any piece that fades, either from the sun or washing.

It is extra strong and fine and Everitt-Heaney Company says a better apron gingham cannot be made. It comes in large variety of large and small checks in blues, greens, browns, blacks, etc.

In the east Harmony gingham is one of the most staple brands and all that this factory could make has been sold in the east, but they have doubled their capacity and are now able to send some to the western states. Harmony gingham is as well known throughout the east, as any staple apron gingham sold in the west.

Remember the name—Harmony gingham—because in a very short time when you think of good apron gingham you are going to think of Harmony gingham because there is none better. Also bear in mind that this one time only it is going to cost 5c a yard. The regular price is going to be much higher, per yard.....
