NAMES SIMILAR ON PETITION

Supposition Someone Copied Them in for Judge Westover.

JERRY HOWARD CARRIED PAPER

Nothing on Document to Show Who Wrote in Names for Second District—Fisher to Speak Twice in State.

(From a Staff Correspondent.) LINCOLN, March 23.—(Special Telegram.)—A count of the signatures on the petition of W. H. Westover, as a democrat delegate to the national convention, shows 54 names from the second district or forty-six more than required by law. Of this number, however, 20 appear to be genuine and 34 are in the handwriting of four different persons, which it eliminated would leave him much less than the required number. The petition was filed on one of the last days provided by law and the supposition is that someone, rather than haste for names and take a chance of not getting enough even then, copied some poll book or similar list.

T. S. Allen, who filed the petition, says that so far as he knows all the signatures are genuine. The gathering of names in South Omaha, he said, was in charge of Jerry Howard. There is, of course, nothing on the petition to indicate to anyone who wrote the names, but the handwriting is so similar on page after page of them that it seems impossible they could have been put there by the parties whose names appear.

Fisher to Speak Twice. Secretary Frank Currie of the Taft league has received word from Congressman McKinley that Secretary of the In-

terior Fisher can make but two speeches in Nebraska, instead of five, as had been planned. The speeches will be held for Omaha and Lincoln, respectively, but the date cannot be given today, though Mr. Currie expects to be able to make the announcement tomorrow.

Lincoln's Suburban Lights. The people of University Place have three tickets in the field for city officers. The republican nominees are: Mayor, W. F. Miller; clerk, Cecil Gates; treasurer, M. W. Kline; city engineer, W. F. Payne. The prohibition nominees are: Mayor, E. J. Hancock; clerk, Clifford Butler; treasurer, F. W. Miles, W. F. Payne, candidate for city engineer on the republican ticket, was endorsed. The democratic nominees are: Mayor, F. S. Allen; clerk, Roe Sands; treasurer, P. M. McElroth. No nomination was made for city engineer, and Payne, the republican candidate, has no opposition. Candidates for school board are: H. B. Smith, A. J. Alway, E. E. Butler and C. H. Roper. They were named by a republican caucus, but it is not believed that the other parties will place a ticket against them. Mrs. J. L. Clafin was nominated by the prohibitionists to run against H. B. Smith, but she declined to make the race.

Over at College View the exciting question is water works against anti-water works. J. H. Morrison and William Campbell were nominated at a mass convention for members of the village board. They are known to favor the building of water works. The anti-water works residents are threatening to name a ticket to run against Morrison and Campbell. Charles McWilliams has been talked of as one of the opposition candidates. Armstrong is at present chairman of the village board.

At Bethany the water works question was settled last year, and it is declared that there are no burning problems facing the people. J. J. Armstrong and Nidel Matson have been nominated for members of the village board. There are no other nominations.

President and Escort. The place at the head of the mourners was given to President Taft. In the White House automobile his secretary, Charles D. Hillis and his naval aide, Lieutenant Timmons, also had seats. The president's personal escort was a troop of cavalry and the line behind his automobile included the secretary of war, the secretary of the navy, the assistant secretary of the navy, officers of the Maine, aides to the secretary of the navy, chiefs of bureau of the Navy department and the major general commandant of the marine corps. Just behind these officials place had been left for the distinguished persons, the United Spanish War Veterans, ladies auxiliary of the veterans, societies and citizens.

Over the graves in Arlington the simple exercises included burial services by Chaplain Harvard and Father Chadwick, with the firing of three volleys of musketry by a company of marines, a national salute of twenty-one guns from an army battery in the cemetery and the sounding of the plaintive call of taps. The dead were given to the earth.

MINERS SEND MEN EAST

Committee of Five Goes to Cleveland to Consult Over Wages.

TRY TO END OGDEN DISPUTE

Judge Bradshaw Suspends Attorney Silas H. Allen for One Day Following Disbarment Proceedings.

(From a Staff Correspondent.) DES MOINES, March 23.—(Special Telegram.)—A committee of five miners was sent tonight from the convention of district No. 13 in session here to Cleveland, O., to consult with the miners in the east as to what demands shall be made as to wages and conditions. The committee sent consists of W. H. Rogers, John Gay, Thomas Lewis, Thomas Stevenson and Andrew Swanson.

The action taken at the joint convention of miners and operators here will depend upon the report of this committee.

The joint convention today undertook settlement of the troubles at the Ogdens mines, where a strike has long been in progress, by an agreement to take all the miners now working into the union, but requiring that the strikers be given the places if they desire them. This will be submitted to the miners at a referendum vote.

Allen Suspended One Day. Attorney Silas H. Allen, former candidate for mayor, was suspended from the practice of law for one day by Judge Bradshaw as the result of an action to disbar Allen brought by the Des Moines Bar association which charged him with conduct unbecoming an attorney. Instead of ruling that Allen be disbarred from further practice in the courts of the state Judge Bradshaw decreed that he be suspended for one day and that he pay the costs of the action.

The action was based on a contract between William See and Allen, in which the latter agreed to pay a fee for soliciting business and bringing him law suits. See was to be paid 10 per cent of all money secured as attorney's fees in the suits secured for Allen.

The vote was 71 in the affirmative and 64 in the negative.

The amendment previously had passed the senate by 18 to 8.

It is planned to elect April 3 a United States senator to succeed Obadiah Gardner, (dem.), who was appointed by Governor Flanders after the death of Senator W. P. Frye.

Colonel Roosevelt May Visit Nebraska Late Next Week

PORTLAND, Me., March 23.—Colonel Roosevelt, who arrived here today to make a speech tonight, gave the first talk of his New England trip at Dover, N. H., where his train stopped a few moments. Judge Ben Lindsey of Denver, who traveled part of the way from Boston with Colonel Roosevelt, urged him to visit Nebraska and other states not included in the itinerary of the next week's trip. Colonel Roosevelt took the matter under advisement.

"It seems to me that what I preach to you in New Hampshire is actually being accomplished by Governor Haas," said the former president, in his speech at Dover. "The progressive movement means to apply courage and common sense in order to get justice. You have a chance to decide whether you intend to rule yourselves or to have other people rule you. It is up to you to decide."

Colonel Roosevelt said that the people in order to rule themselves must exercise self control, and I believe that the American people are not only able to govern themselves, but to govern themselves well," he said in closing.

"Bart," Cartoonist, Gives Exhibitions Here Twice Monday

Charles Bartholomew, cartoonist on the Minneapolis Journal, will give an exhibition Monday evening at the Young Women's Christian association of the double art of chalk-talking.

The chalk-talk calls for a double concentration like the trick of rubbing one's forehead horizontally with one hand while rubbing one's face vertically with the other. It demands a double action of the will—the crayon monologist must spur his head to keep pace with his mind and put the check on his tongue to go with his pencil.

This mental acrobatic feat has been the subject of study by Mr. Bartholomew for many years. In summer he has practiced in the woods near his summer home at Lake Minnetonka and in winter in the basement of his city home. For three years he has given chalk-talks throughout the west.

Bart, as he is better known by his newspaper cartoons, is a westerner product, having been born in Chariton, Ia., and graduated from the Iowa State college at Ames. Since then he has been on the Minneapolis Journal, as reporter, editor and cartoonist for over twenty years. His political cartoons are familiar not only to readers of the Journal, but to readers of both the American and European Review of Reviews. Many of his cartoons have been reproduced in The Bee.

He will also give an address at the University club Monday evening at a luncheon.
