CLUB IS AFTER NEW MEMBERS

Big Campaign This Week by the Commercial Club.

OLD MEMBERS WEAR BUTTONS

Fifty New Names a Day, is the Mark at Which the Committee Expects to Shoot for the Next Six Days.

Fifty members a day for the next six days for the Commercial club is the number the membership committee of the club hopes to land. The campaign has been under way for several weeks, with great success, and the supreme effort will be made this week, for next week initiation fees and dues will be advanced.

Each member of the club this week will wear a membership button in his lapel and the man without the button will be a fair target for the solicitations of the membership committee. Each member of the club—for all members will be expected to assist the membership committee—will be armed with a booklet giving forty reasons for belonging to the club.

If the expected 200 new members are secured this week the membership of the club will be brought up to 1,500, which is far as paying expenses in the magnificent new club rooms in the Woodmen of the World building.

The booklet issued to members bears the following on the title page: "Omaha's future will be just what you make it. Good reading for members of the Omaha Commercial club and those who are not members, but ought to be. Issued by the 21st membership committee of the Commercial club of Omaha."

Reasons Why.

Gives Quickest and Surest Cure For All Sore Feet

The following is absolutely the surest and quickest cure known to science for all foot ailments: "Dissolve two table-spoonsful of Calocid in a quart of warm water. Soak the feet in this for full fifteen minutes. The effect is rubbing the sores parts." The effect is really wonderful. All sores—corns, blisters, chafes, etc.—are instantly relieved. The feet feel so good you could sing for joy. Corns and calluses can be peeled right off. It gives instant relief for sore hands, sweaty, smelly and itching feet. A twenty-five cent box of Calocid is said to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calocid compound in stock or he can get it in a few hours from his wholesale house. It is not a patent medicine, but is an ethical preparation.—Adv.

HEAD OF COMMERCIAL CLUB MEMBERSHIP COMMITTEE.

SAMUEL BURNS, JR.

the first page: "There are so many reasons why every live business and professional man of Omaha should be a member of the Commercial club it is impossible to enumerate them all, but here are a few."

Here are some expressions from live Commercial club men relative to the value of membership in the club:

G. E. Haverstick, President Omaha Commercial club: "Through the Commercial club are conducted all of the necessary activities for Omaha's commercial, industrial and civic progress. It is the only medium organized and equipped for this purpose and is therefore invaluable; the developer of the highest type of citizenship and prepared at all times to cope with any situation affecting the city's material welfare."

C. C. Reiden, Thompson, Reiden & Co.: "It is impossible for any business man to be well and favorably known unless he belongs to the Commercial club, and to be well and favorably known is a great asset to a man's business."

Concocted Force. J. H. Dumont, J. H. Dumont & Son: "The value of the Commercial club of Omaha lies chiefly in the concentrated force which the citizens of Omaha are enabled, through it, to throw into every effort made to increase the business and the prestige of the city and protect it against unjust discrimination and unfair competition. Incidentally, the meeting of the various elements comprising its membership smoothes out many differences which otherwise would retard development and split the community into factions. The work of the club is certainly invaluable to the city, and every loyal citizen should give it his support." W. H. McCord, President McCord-Brady

County Board Goes to Marble, Colo., to Inspect Quarries

Four members of the Board of County Commissioners left yesterday morning for Marble, Colo., to inspect the quarries and shops of the Colorado Tule Marble company with a view to determining whether everything possible is being done to hurry marble to Omaha for the new county building and complete the building. The board thought it had better make the trip before finally deciding whether or not to oust Caldwell & Drake, county building general contractors, for delinquency.

The commissioners on the trip are John C. Lynch, chairman, and Tom O'Connor, A. C. Harto and Frank Best. Commissioner Elzasser did not go, he having made a trip to Marble last December with O. J. Pickard, then a member of the board. The commissioners will return in about five days.

Lester Drake, of Caldwell & Drake, accompanied the commissioners. John P. Stout of Stout & Rose, counsel for Caldwell & Drake; John Lalens, county building architect, and J. A. C. Interesting Affidavits Read in Hull's Action to Preclude Payment of Alimony Soon Due to His Former Wife.

Emphatic denial of all the charges made against her by her former maid, Miss Anna Nielsen, was made by Mrs. W. H. McKeen, formerly Mrs. C. W. Hull, in an affidavit read before Judge Troup in district court yesterday.

The reading of the affidavit by Byron G. Burbank, attorney for Mrs. McKeen, was a part of the hearing on Mr. Hull's motion for an order restraining Mrs. McKeen, his former wife, from collecting a \$5,000 alimony installment due April 1.

Affidavits charging Mrs. McKeen, then Mrs. Hull, with riding around the city with Mr. McKeen in the early summer of 1910 were read by P. A. Brogan and T. J. Mahoney, counsel for Mr. Hull.

Did Call Occasionally.

In her affidavit Mrs. McKeen denied the maid's testimony that McKeen frequently visited her when she was Mrs. Hull, but admitted that he called occasionally. She denied that he frequently remained until midnight, and declared that on the rare occasions on which he called he always left about 10 o'clock.

She denied that when he called he was entertained in dimly lighted rooms, but declared there were no doors between the rooms and all the rooms were well illuminated.

Housework Drudgery

Housework is drudgery for the weak women. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription.

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weakness. Seals inflammation and ulceration, and cures those weaknesses so peculiar to women. It tranquilizes the nerves, encourages the appetite and induces restful sleep. Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any unscrupulous druggist persuade you that his substitute of unknown composition is "just as good" in order that he may make a bigger profit. Just smile and shake your head! Dr. Pierce's Pleasant Pellets cure liver ailments.
