

Desperate Desmond

Showing How the Villain Invents a New Projectile Which Would Make War More Terrible.

By Hershfield

I-THE PURSUIT. Again Claude Clair, hero, is hot upon the trail of Desperate Desmond, villain, and the beautiful Rosamond, who is in the scoundrel's power.

II-A BEAR IN THE PATH. Just as Desmond thinks he is about to escape from Claude forever he is started to see a huge Russian bear directly in his path.

III-PREPARING AMMUNITION. As the bear rushes forward Desmond is busy forming a plan. He must repulse the bear before it gets too close or it will be all up with D. Desmond.

IV-ARTILLERY PRACTICE. It does not take Desmond long to make a nice pile of snowballs, each of them with a large steel knob projecting from it.

V-PINKED. Woof! What a surprised bear. Instead of dinner, it suddenly receives a terrific jab, and then another and another.

VI-A SNOW FIGHT. 'I'm the boy!' cries Desperate Desmond, 'and I'll land this on Claude's neck.'
