Hesitation and Reaction Again Recorded on Exchange.

PRESSURE AGAINST STEEL Parnishes Sensation of Day by

Remarkable Rise, Pressging Cutting of Melon.

NEW YORK, March 3.—For the third successive seasion today's stock market recorded further hesitation and reaction with dealings the smallest of the week. Apparently sentiment continued to be affected adversely by the new financing of the United States Steel corporation, although the bond sale is construed as notice that the 5 per cent dividend rate on the common shares is in no immediate danger of disturbances.

The market opened with advances of a point in Union Pacific, Southern Pacific, Canadian Pacific, St. Paul and Great Northern Ore certificates. The conspicuous feature of today's business was the trainfer of speculative interest to the railway group. Harriman issues were conspicuous for their streingth during the early season, but sold off on the publication of February earnings.

There was more or less presure on United States Steel, Amaignmated Copper and American Smelting, these with other recent favorites selling at the lowest prices of the week. The last-hour prices improved all around, recoveries ranging from 1 to 2 points above the low and the raily was in progress at the end.

On the curb one of the Standard Oil company of Kentucky, furnished the sensation of the day. The stock opened at 20s, a rise over night of 150 points, advanced to 1,000, from which it dropped to 56, and the last sale was at 500. The movement likely presages the declaration of a large stock bornis.

The bond market was steady. Total sales, par value, \$2,41,000. United States bonds were unchanged on call.

Number of sales and issuing quotations on stocks today, were as follows:

larger than any recent week and fully as large as a year ago.

Having been heavy buyers all the week and still having a good many cattle from which to select such stuff as was wanted for the filling of orders, buyers were very much inclined to take their time. The result was that beef steers were slow and dull all the morning, but still prices remained practically steady with yesterday. This would mean that the market is around löglike lower than last week's close. The quality of the cattle was very poor, there being nothing toppy or really choice in sight.

Cows and beifers were in good demand the same as they have been practically every day this week and they sold at prices that were steady with vesterday and for that matter steady with a week ago.

There were no fleshy or heavy feeders

HOGS-Hog trade had a good healthy tone from the start and all buyers took plenty of interest in various offerings with shippers leading. Some business is done during sarity pounds. plenty of interest in various offerings with shippers leading. Some business is done during early rounds at figures below higher, but packers were rather backward in allowing this advance and the market settled to levels generally a nickel higher, bulk selling on this basis. Receipts were moderate, amounting to less than 10,000 head and clearance was made in very good season. Shippers favored quality rather than weight and purchased freely, taking more than one-thim of the total receipts. Usual spreads existed between heavies, butchers and lights and while the trade was not quite so uneven as on yesterday.

OMAHA LIVE STOCK MARKET

| margins between the three classes of stock were not any too clearly defined. Best heavy hogs on sale brought 17.50. as compared with yesterday's limit of 17.50 and bulk of the run moved within 17.30 grand, selling from 17.55 downward, but very little business was transacted below the 17.55 mark.

The men had started to walk to Reliance to begin work in the mines, and when about three miles from Rock Springs Yourovich suddenly turned upon his companion and fired six shots.
