

The Shoe, Madam, Is a Very Important Detail of Your Spring Attire

The utmost taste may be exercised in selecting the new suit or frock but unless one's feet are fitted with correctly styled, perfectly fitting shoes the general effect is greatly marred.

For Spring wear we suggest this stylish new 4-hole tie, in black or tan leather and black suede. Possessing all the smartness and neatness so essential to complete foot-comfort.

\$4.00

Another style, which will be much worn this season, is a high-toe 5-button oxford in black or tan leather and the already popular nubuck.

DES MOINES FACES STRIKE

Building Tradesmen Likely to Walk Out with Carpenters.

NATIONAL COUNCIL AGREEABLE

Attorney General Casson Considers Chief of Police of Kansas City for His Arrest of John C. Mahray.

(From a Staff Correspondent.)
DES MOINES, Ia., March 28.—(Special Telegram.)—Des Moines faces a general strike of carpenters and building tradesmen. The master builders rejected a final proposition for 35 cents an hour, to take effect on April 1, offered by the carpenters' union last night. Thereupon the carpenters, whose union numbers about 300 men, declared war.
Statements from the carpenters' officials point to a complete walkout of plumbers, bricklayers, steamfitters, concrete workers, structural iron men and all building trades workers on a sympathetic strike. The sympathetic tieup is made possible for the carpenters by a word from the national headquarters of the Building Trades council requesting the local union immediately to join the local council. The local workers declare they are anxious to do so.

Newcomb Appointed.
Governor Carroll today announced the appointment of George D. Newcomb of Creston as a member of the State Pharmacy board to succeed H. E. Eaton of Shenandoah. Mr. Eaton has been a member of the board for six years and did not seek reappointment. Mr. Newcomb has been a pharmacist in Creston for a number of years. His appointment will take effect late in April.

Casson General Chief.
Attorney General Casson today exonerated the chief of police of Kansas City for his action in undertaking to compel J. C. Mahray to leave Kansas City simply because he had once been convicted of swindling.

"It is men like this chief of police," he said, "who make professional crooks. When a man who has served a term in prison tries to live an honest life, it is the duty of officials to aid him, and not to intend to be shown that he does not intend to be honest should he be placed under surveillance."

Railroad Office Change.
MASON CITY, Ia., March 28.—H. E. Dickinson, superintendent of the Mason City division of the Northwestern railroad, has been appointed superintendent of the Dakota division at Huron, succeeding Superintendent Doyle. H. C. Rittinghouse of Boone, Ia., head of the bridge and building department, has been appointed superintendent here.

Mrs. Pankhurst Must Stay in Old Bailey

LONDON, March 28.—Ball was refused today to Mrs. Pankhurst of the militant suffragettes, who, with Mr. and Mrs. Petrick Lawrence, joint editors of Votes for Women, was committed for trial at the Old Bailey sessions by the police magistrates at the Bow street court. Mr. Mabel Tukey was discharged. Mr. Lawrence was released on \$2,000 and Mrs. Lawrence on \$5,000 bail.
The thirteen remaining suffragettes being tried on the charge of smashing windows were disposed of by Judge Wallace, chairman of the London sessions, today and the thirteenth woman got off scot free. Impeachment speeches of the women, who compared their acts to those of the "founder of religion when He destroyed the Gaderene swine" marked the proceedings.

Two of the women were sentenced to six months in prison, seven others to four months, two were bound over to keep the peace and two were acquitted.

Mrs. Pankhurst was sent back to Holloway jail to complete the sentence of two months' imprisonment passed on her on March 2.

Seed Corn Experts Preach New Gospel to Three Thousand

CORNING, Ia., March 28.—(Special.)—For an audience that taxed the capacity of the Adams county court house here last evening agricultural experts from the state agricultural college expounded the laws of good farming, featuring the imperative necessity of testing seed corn this spring. This meeting rounded out the second day of the Burlington's seed corn and soil special itinerary of two weeks. During the day meetings were held and seven towns and fully 2,000 people were addressed on the subject now so vital to Iowa's prosperity this fall.

The first meeting of the day was at Cumberland at 9 o'clock. Despite the early hour there was a large crowd of farmers who had driven over muddy roads to hear the lesson to be offered them. At Massena and Fontenelle both audience coaches on the special were filled to the platforms. While the roads are muddy farmers, unable to work in the fields, are willing to brave the inconvenience of the roads to reap the benefits offered by this train with its experts.

At Greenfield the meeting was held in the court house, which was packed. Judge Hauser, who is holding court here, adjourned the session pending the lecture hour. Orient furnished two carloads of interested farmers. Prescott gave a big attendance and then Corning was reached for this evening's meeting.

Prof. W. H. Stevenson of the state agricultural college of Ames joined the special train today and delivered his first lecture here last night. After covering the seed corn testing subject he gave an interesting discussion on the soil problem that is one of permanent interest to every farmer.

LONG MISSING ALGONA MAN SENDS GOLD NUGGETS

ALGONA, Ia., March 28.—(Special.)—Six small nuggets of gold, which were received by Mrs. E. H. Winkle of this place, brought the first news of her nephew, August Lesing, that the relatives had received in fifteen years. They had given him up for dead, but he has made good on his promise that when he "struck it rich" relatives would know that he had done so, for he would send them six small nuggets of gold. The nuggets arrived in an envelope from some point in Alaska, but no letter accompanied them. This is eagerly awaited for by the aunt and Lesing's aged father, Lewis Lesing. August Lesing was in the northwest when the Klondike gold excitement broke out. He left for Alaska with the gold seekers, but before going he wrote home that when he "made his pile" the nuggets he would send home would be the sign that he had done so.

EASTERN PART OF SIOUX CITY FLOODED

SIOUX CITY, Ia., March 28.—The Floyd river, a small stream which runs through the lowlands in the eastern part of the city, went on a rampage this morning and flooded the bottom district north and south of the East Seventh street bridge. The residents were forced to leave their homes. Many were awakened by the noise and sought higher ground before the rapidly rising waters reached their homes.

Iowa News Notes.
TRAFER—The semi-annual meeting of the Grinnell Association of Congregational Churches and Ministers is to be held here April 2 and 3. Rev. Frank A. Gonales of Traer will be the moderator.
CORDON—Mrs. Lizzie Bettle, a widow 22 years of age, is dead at her home here as the result of burns, but just how they were received is not known. Neighbors heard her scream and on running to the house they found her lying in the snow, her clothing in flames and almost burned off. She died in a few hours without regaining consciousness.

Two Miners Killed by Fall.
LIBERON, Ill., March 28.—Two miners, Richard Leale and Virgil Bougan, were killed at the Bennett coal mine near here today when they fell 200 feet down the shaft.

LOBECK IS AFTER TRUST

Omaha Congressman Wants Harvester Combine Investigated.

ROAST FOR ATTORNEY GENERAL

He Says Wickersham Personally Appeared Before House Committee Last June and Promised to Begin Inquiry.

WASHINGTON, March 28.—Representative Lobeck of Nebraska, democrat, today introduced a resolution in the house calling on the attorney general for all the correspondence and information so far gathered in the International Harvester company case and a report on how the legal proceedings are progressing. Mr. Lobeck introduced a resolution of inquiry last June and hearings on it were conducted at the time by the rules committee.

"The attorney general appeared personally before the committee then," relates the resolution introduced today, "and stated that legal action would be taken to dissolve the corporation on account of violation of the anti-trust act. Up to this time no action seems to have been taken by the attorney general."

Mr. Lobeck declared the people of the west were demanding to know what steps were being taken to dissolve the so-called harvester trust.

The resolution was referred to the rules committee, but Mr. Lobeck gave warning that if action on it were delayed he would ask the house to undertake an investigation on its own responsibility.

KEALING ANSWERS ROOSEVELT

Only Fifteen Men Unseated at Indianapolis Convention.

INDIANAPOLIS, Ind., March 28.—Joseph B. Kealing, one of the Taft managers in Indiana, today in a public statement replied to Colonel Roosevelt's charges in his Chicago speech that "the Kealing machine" fraudulently unseated 200 delegates to the state convention, which instructed four delegates-at-large for Taft.
"Colonel Roosevelt is either grossly misinformed or is deliberately stating an untruth," said Kealing. "We contested only fifteen seats, and the Roosevelt people contested 100, among them the seats of 12 delegates from the Indianapolis district, who had been elected at primaries by a four to one vote. We simply prevented these legally elected delegates being unseated."

"The Roosevelt faction knew the Taft people had a majority in the convention and begged for a compromise. They asked that we give Roosevelt two delegates-at-large and take two for Taft. That we declined to do. They were perfectly willing to accept two delegates from this same convention they now denounce as fraudulent."

Face Peeling Easy—Blonde or Brunette

"The blonde's complexion fades early, because her skin is extraordinarily thin and fine," says Mme. Lina Cavalieri. "The brunette's as a rule is the reverse. The skin is thicker and has a tendency to an oily appearance."

For either the faded blonde's skin or the brunette's oily or sallow complexion, the best remedy is ordinary mercuric wax, secureable at any drug store (an ounce will do.) Used like cold cream it gives one an entirely new complexion in about a week's time. It gradually absorbs the worn-out surface skin, with all its defects, a little each day, without affecting the delicate under-skin. The latter will have the exquisitely beautiful glow of youth—indeed, one may readily lose ten or fifteen years from her age, so far as appearance goes, by this simple method.—Adv.

Not too big--Just big enough

In opening spring season 1912 we offer to the public a store stocked with a nice assortment of Men's and Boys' Clothing, Hats, Furnishings and Shoes, managed on the most economical basis. We are not in the high rent district, therefore, we are able to give you bigger values than any store in the city. You are invited to inspect our stock and compare our prices. It will pay you.

SAGE RESTORES GRAY HAIR TO NATURAL COLOR

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.
One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak falling hair.
The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.
Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not so satisfactory as represented.

The Topy, Tasty Toast

Food science has taught us that there is much body-building nutriment in the whole wheat grain

which we do not get in white flour. The only question is how to make the whole wheat grain digestible. That problem has been solved in the making of

Triscuit

the shredded whole wheat wafer. It is the whole wheat, steam-cooked shredded, compressed into a wafer, and baked—the maximum of nutriment in smallest bulk. Many people prefer it to ordinary bread toast. Heated in the oven to restore its crispness it is delicious for luncheon, or for any meal, with butter, potted cheese or marmalades.

Albany Elections Are Not Honest, Says Committee

ALBANY, N. Y., March 28.—"It is (Barnes) testified before us that he had taken an active part in politics from early life, and that he had entered on his career for the purpose of obtaining honest elections in Albany and elevating politics. We regret to say that the evidence before us showed that Mr. Barnes' efforts in these particulars had resulted in dismal failure. Elections are not honest in Albany and politics are not elevated."

The New York senate committee which investigated affairs of Albany city and county thus referred to William Barnes, chairman of the republican state committee, in its report submitted today.
"The most conspicuous beneficiary of graft, public extravagance and raiding of the municipal treasury we find from the evidence to be Mr. William Barnes, Jr. himself," it continues.
Senator Wainwright, the republican member of the committee, did not sign the report.

T. R. SAYS PEOPLE MUST RULE

Speech at St. Louis Mild Statement of Position.
ST. LOUIS, March 28.—Theodore Roosevelt spoke in this city tonight. His address, entitled "The Right of the People to Rule," was as follows:
"When I say that I believe not only in the right of the people to rule, but in their duty to submit to being ruled by others, I am not using a figure of speech—I am speaking of a vital issue which fundamentally affects our whole American life. I do not merely admit, but insist, that in all government, and especially in popular government, there must be control; and, furthermore, that if control does not come from within it must come from without. Therefore it is essential that any people which engages in the difficult experiment of self-government should be able to practice self-control. There are peoples in the world which have proved by their lamentable experiences that they are not capable of this self-control; but I contend that the American people most emphatically are capable of it. I hold that in the long run, taken as a whole, our people can and will govern themselves a great deal better than any small set of men can govern them."

Whenever there is tyranny by the majority I shall certainly fight it. But the tyrannies from which we have been suffering in this country, have, ninety-nine times out of a hundred, been tyrannies by a minority, that is, tyranny by privilege. Sometimes, as in the case of some public utility franchise or other bit of grabbing by a few of what belongs to the many, the tyranny is primarily commercial; at other times, it is primarily political. This, for instance, is true just at the present day in those states where the people have been denied the right to vote at primaries in order to express their preference for president.

"In a government like ours our representatives do not rule us in the sense that a monarch or an aristocracy bears rule over the people. We, the people rule ourselves, and what we really want from our representatives is that they shall manage the government for us along the lines we lay down, and shall do this with efficiency and in good faith. We welcome leadership and advice, of course, and we are content to let experts do the expert business to which we assign them without fancy interference from us. But the expert must understand that he is carrying out our general purpose and not substituting his own for it. The leader must understand that he leads us, that he guides us, by convincing us so that we will follow him or follow his direction. He must not get it into his head that it is his business to drive us or rule us. His business is to manage the government for us."

Sugar Directors Rest Their Case

NEW YORK, March 28.—The defense in the government's case against the American Sugar Refining company officials rested its case with the testimony of John E. Parsons, former chief counsel. The district attorney then called for a single witness, Samuel Untermyer, in rebuttal, and counsel for the defense began its summing up.

Delancy Nicolli, chief counsel for the defense, was interrupted in his summing up by the court, however, who ordered an adjournment of the case until tomorrow morning, as there appeared to be both likelihood of its reaching the jury tonight.
Don't forget the Oriental Rug Sale all this week at ORCHARD & WILHELM.
