

Nebraska
GOVERNOR GOES IN HIDING
 Nebraska Executive May Not Be Seen Until Next Monday.
 WILL TAKE TIME OFF TO REST
 Capitalists Are Unready to Deal Work Upon Irrigation and Power Project on Upper Loup When Weather Permits.

(From a Staff Correspondent.)
 LINCOLN, March 28.—(Special.)—"Tell all callers that I have gone into the hole and pulled the hole in after me," was the word Governor Aldrich left with his office force this morning, all of which means that the governor has dropped out of sight and intends to stay out until Monday. Ever since the trouble started at the penitentiary the governor has not only been working overtime, but has been greatly harassed by events and is tired and nervous and desires a rest, which he has been unable to get while remaining in his office. Where he has gone the office force decline to say.

On his return he will find a number of speaking dates awaiting him, as follows: Albion, April 5; Good Citizens' league, Fairbury, April 11; Commercial club; arguments on Coad protest to Ross water right filing; Ord, April 15; Grand Army of the Republic; Broken Bow, April 22; Country Life commission.

Ready for Loop Project.
 P. M. Currie was at the capitol today trying to ascertain whether the public ownership talk had so influenced the Board of Irrigation that it was likely to interfere with filings for water rights and was informed that the engineer in charge that he did not see how the board could in any way interfere with filings made and prosecuted in good faith. Mr. Currie says that himself and E. D. Bennett, together with other New York capitalists were all ready to go to work on the Loup river project near Broken Bow and were only waiting for the weather to permit actual work. The money to carry the project through is all raised and there are no adverse filings to hamper in this case. His plan contemplates tapping the Middle Loup near Comstock, where 2500 horsepower will be developed. The generating plant and distribution system is estimated to cost \$200,000 and will furnish light and power for Grand Island, York, Aurora, Broken Bow and other towns in that section of the state.

Bonds Delivered to State.
 Mayor T. C. Patterson and Treasurer P. L. Moore of North Platte were at the capitol today delivering to the state treasurer \$30,000 worth of North Platte bonds which were sold to the state about two years ago. The entire issue was \$100,000, but after \$30,000 had been delivered the further issue was tied up by court proceedings, which have just been determined in favor of the legality of the issue.

D. D. Price, engineer of the State Board of Irrigation, has been elected an honorary member of the University of Nebraska Engineering society.

Work of Colonization.
 The Russo-American Colonization society, 102 West Thirty-eighth street, New York, has written Secretary Mellor of the State Agricultural society regarding the colonization of 2,000 families of Russians. The company wants about 20,000 acres of land suitable for agriculture in the section where rainfall is depended on for crops. The society, the officials say, is prepared to pay down from \$50,000 to \$75,000 with the balance of the purchase price on ten years time. The first party of these immigrants is expected to arrive in New York soon.

Road to Sell Gold Notes.
 The Missouri Pacific railroad has asked and been granted permission by the railway commission to sell 5 per cent gold notes to the amount of \$5,000,000, payable in three years, the sale price to be 95 per cent. The purchaser is the Union Trust company of New York. Some time ago the company was granted permission to issue bonds to pay for equipment already ordered and for future equipment purchases and for betterments. The bond market, however, was in such condition the company was unable to float the bonds advantageously, and it now desires to borrow on a three-year note, giving the bonds authorized and other stocks and bonds owned by the company as collateral security.

Asks to Issue Bonds.
 The Lincoln Traction company has asked permission to issue bonds to the amount of \$5,115 to take up floating indebtedness incurred for extensions and permanent improvements in its plant. The company submits a schedule of the improvements, totaling \$6,000, all of which have been paid for by short time loans and other resources of the company, and it now desires to capitalize these expenditures. The commission has not yet ruled on the application.

Fire Marshal Randall is sending out to the towns and cities of the state copies of proposed ordinances compelling the burning of trash and rubbish of all kinds which cause fire hazard. The ordinance is accompanied by a description of a cheap trash burner suitable for the purpose.

Statistics compiled by the Men and Religion movement show that 60 per cent of the graduates of the Lincoln and Temple High schools in this city follow up by taking work at the university.

Convicts Given Exercise.
 Clinton H. Lee, contractor for the penitentiary labor, is not using anywhere near the number of men his contract calls for, only 130 being employed at present. Under direction of Warden Melick the remaining prisoners are given exercise daily in the prison yard, and today this was varied by the setting up exercises used in the army. Major Anties being in charge. The convicts appeared to enjoy the change, but they would relish it more if there was opportunity for them to return to their regular employment.

Martin to Washington.
 Attorney General Martin has gone to Washington to hear arguments in the supreme court on the Minnesota rate case. While this state does not participate in the hearing, it was thought much information bearing on the Nebraska case to come up later could be obtained.

Managers of Farmers' Co-operative Elevators.
 Managers in southeastern Nebraska are meeting in Lincoln, discussing trade matters. There are about 100 persons present.

Nebraska
FARMERS IN LINE FOR TAFT
 Expressions of Political Sentiment Gathered First Hand.
 HAVE FAITH IN THE PRESIDENT
 Substantial Men of Burr County Give Their Views and Express Selves as Supporters of President Taft.

CRAIG, Neb., March 28.—(Special.)—Burr county seems to be alive with the Taft sentiment and it is not confined entirely to the men of the towns therein. Among the many farmers who express a sentiment for President Taft were the following:

Captain Joseph Hall, a very substantial farmer and former member of the legislature, said: "I believe that a majority of the men of the farms are for President Taft or will be if he receives the nomination. Some mistakes in his early administration have been more than offset by the many good things later accomplished. A majority of my neighbors are for the re-nomination of the president."

Another enthusiastic agriculturist for President Taft is G. P. Bookings. He said: "President Taft has shown himself to be more of a statesman than a politician and a true progressive. He will become stronger as the days go by and people understand him. I have traveled quite a considerable amount up and down this line of road the last few weeks and I find the sentiment changing wonderfully in favor of the president."

R. A. Tompelson, sr., another very strong supporter of the president, is a well known farmer and stock raiser and one of the old settlers of Burr county. He said in part: "I have great faith in President Taft. He is a man of unbounded knowledge and experience, knows the needs of the country and has in the past in various ways shown his progressive spirit. I have been farming over fifty years in Nebraska and I have never seen things so favorable for the farmer as at the present time. I know several farmers who ten days ago were against the nomination of Mr. Taft who are now favoring his election."

At the little bustling village of Craig there are plenty of men who favor the re-nomination of President Taft and are not at all backward in saying so. J. W. McMullen and A. J. Miller, who were un hitching their horses ready to start for home so, expressed themselves. Mr. McMullen said: "President Taft has made a good president and I think we fellows on the farm have no kick coming. 'You can count me in on that, too,' said Mr. Miller, as he climbed into his wagon.

C. B. Clark, another well known farmer said some very good things favorable to the president, among them being this: "The years of the Taft administration have been prosperous years for the farmer and I believe that a continuation of the administration will mean four years of even greater prosperity."

F. A. Adams, a veteran of the civil war, who after farming many years, has moved to town to take life easy, said:

"I am for President Taft for many reasons and I feel that on the record he has made he is surely entitled to a second term."

Scott's Bluff Club Asks Senators to Oppose Sugar Bill
 SCOTT'S BLUFF, Neb., March 28.—(Special.)—The Scott's Bluff Commercial club has passed a series of resolutions asking Nebraska senators to vote against the house tariff bill which removes the tariff on sugar. Copies were sent to Senators Brown and Hitchcock. The resolutions follow:

Whereas, The house of representatives has passed a bill which will shortly come before the senate for consideration, removing the tariff on sugar, and

Whereas, Such legislation would be highly detrimental to the interests of the western section of Nebraska, and would seriously cripple, if not entirely destroy, the leading industry of this part of the state, therefore,

Resolved, That we urge our representatives in the United States senate to do all in their power to prevent the passage of said bill by the senate, and to oppose any legislation tending to reduce the tariff on sugar, as detrimental to the best sugar interest that means so much to the state of Nebraska.

FIVE HUNDRED TEACHERS IN SESSION AT M'COOK
 M'COOK, Neb., March 28.—(Special Telegram.)—The enrollment of the South-west Nebraska Teachers' association today reached nearly 500, one of the record-breaking enrollments in the history of the association. Lectures were given today by Dr. W. H. Scott, Hall, and Deputy State Superintendent Elliott in the primary, grammar and high school section meetings.

Tonight Chancellor Buchheit of the Denver university addressed a crowded house at the Temple theater on "The Pleasurability of American Life." A concert by the house quartet rounded out the day's program.

Stanton Teaching Force.
 STANTON, Neb., March 28.—(Special.)—The Board of Education of the Stanton public schools met last night and elected the following as part of the corps of teachers for the next school year: J. H. Welch, superintendent; Elmer O. Blackstone, principal; Miss Anna Daniel, high school work; Mrs. J. D. Elmore, intermediate; Esther Raabe, first primary; Edna Fox, second primary, and Miss Jessie Emery of Wilber, Neb.

The Concrete Engineering company has just been organized and established here by C. Louis Meyer. Mr. Meyer is an Omaha boy, born and raised here, the son of A. L. Meyer. After graduating from the local high school, Mr. Meyer took up this line of engineering in the technical schools, and has since had a great deal of experience with contractors in this line of work. The business which Mr. Meyer established here is a new one for Omaha, and he contemplates, not only the building of concrete structures and fireproofing, but also the designing and preparing of complete drawings when desired, and at the same time working in close harmony with other architects.

Nebraska
Democratic Mayor of Norfolk Refuses to Introduce Bryan
 NORFOLK, Neb., March 28.—(Special Telegram.)—Mayor John Friday, a democrat, last night refused to introduce W. J. Bryan to a local audience or to occupy a seat on the stage. He gave no reason. Mr. Bryan's speech was an attack on Senator Hitchcock and a defense of his opposition to Governor Harmon. He said Hitchcock was no longer "An aristocrat; he is now a plutocrat. I have tried to make him a democrat and at times thought I was succeeding. He has hated me for sixteen years ever since I supported W. V. Allen for senator instead of Hitchcock, though at times for certain reasons he has concealed his hatred."

NEBRASKA WORKMEN FORM ACCIDENT ASSOCIATION
 AURORA, Neb., March 28.—(Special.)—The Nebraska Workmen Accident association was organized in this city yesterday. The incorporators are J. H. Grosvener, Dr. J. M. Woodard and Fred Jeffers of Aurora; John H. Bennett of Omaha; Joseph Oberfelder of Sidney, and A. M. Walling and Guy T. Walling of David City.

While entirely separate and distinct from the Ancient Order of United Workmen, all of the men actively engaged in the promotion of the enterprise are prominent members of that society, and it is from the expressed desire of many workmen for health and accident insurance that the idea sprang. Two of the directors are members of the Ancient Order of United Workmen finance committee.

Officers were elected as follows: President, J. H. Grosvener, vice president, J. H. Bennett; secretary-treasurer, Dr. J. M. Woodard; board of directors, John H. Bennett, Joseph Oberfelder, Guy T. Walling, A. M. Walling, Fred Jeffers.

PHELPS SUNDAY SCHOOL WORKERS ELECT OFFICERS
 HOLDREGE, Neb., March 28.—(Special.)—The Phelps County Sunday School association closed a profitable session in this city last evening. There was a good attendance of Sunday school workers from all over the county, and two officers of the state association, Miss Margaret Brown, the general secretary, and W. H. Kimberley, superintendent of the adult department, were present to give the principal addresses. The following officers were chosen: E. C. Potts, Holdrege, president; A. T. Curtis, Sacramento, vice president; Miss Hulda Swanson, Holdrege, secretary-treasurer.

Funeral of Engineer Temple.
 WYMORE, Neb., March 28.—(Special.)—The funeral of Paul Temple, the engineer who was killed in the Burlington wreck near Boswick, Neb., Tuesday morning, was held this afternoon at 2:30 o'clock from the family home here. Temple was 60 years of age and leaves a widow and four children.

When you want an especially good bottle of rye for your company, buy
SCHENLEY Pure RYE
 Why not have it for yourself also?
 Distilled 4 times makes it 4 times "purer."
Bottled in Bond
 Each bottle is sealed with the U. S. Government Stamp.

Its age is guaranteed by the U. S. Government. Its purity by the Schenley Distilling Company. Its quality speaks for itself. When you buy Rye, buy Schenley. At all dealers. Schenley Distilling Company, Lucesco, Pa.

ART IN THE HOME
 One's individuality is expressed largely by the taste shown in the decoration of the home. It isn't a matter of expensive embellishment. Often a little sepia print, or an inexpensive but artistic Russian Brass, can be made to lend an air of distinction to an entire room.

We should be very glad to have you inspect our collection of inexpensive art goods. Perhaps we can suggest just what you require.

PARALYZED ELEVEN YEARS
 Friendless, Dependent Absolutely Upon Himself for Support John Gordon Will Earn \$5,000 for Some Public Charity, the Interest of Which Will Bring Him \$25 a Month For Life—\$4,000 of Which is Earned.

If you are a magazine reader you can save 50 cents and help earn \$5,000 for a charitable institution and be of great assistance in making a life-long cripple self-supporting.

Mr. Gordon has succeeded in writing 8481 subscriptions to the Ladies' Home Journal, the Saturday Evening Post and the Country Gentleman—price \$1.50 a year—but still needs 1597 subscriptions. It is absolutely necessary that he shall secure 97 subscriptions to complete the 500 for March, otherwise the \$5,000 prize can NOT BE EARNED.

Beginning May 1st the Ladies' Home Journal will be \$2.00 a year. Why not send in your renewal now a few months in advance and save 50 cents? Present price \$1.50. Thousands purchase the Saturday Evening Post—news stands charge \$2.00. His price \$1.50. Save \$1.10. Thousands of farmers and market men read the Country Gentleman, \$1.50. Every order earns 50 cents.

Your order will not only confer a great benefit to this unfortunate man in providing for his future, but will actually contribute 50 cents towards the \$5,000 for charity. Rush in your order and renewals today. His telephone is Douglas 7163. Address, John Gordon, South 24th Street, Omaha, Neb. Your order, or renewal, may save the \$5,000 prize, which will otherwise be lost.

John Gordon, the magazine man of Omaha, who has been paralyzed eleven years ago, is a friendless and helpless paralytic. However, rather than be a charity patient, he became a magazine subscription agent. Two years ago he arranged to write 500 subscriptions for the Curtis Publishing Co. each month for twenty months for which they will deposit \$5,000 to the Conserv-ative Savings & Loan Association with the understanding that the principal would revert to some CHARITY which his subscribers must decide, the inter-

9 O'clock Shoes for Easter Sunday
 DITTMANN'S 9 O'CLOCK SCHOOL SHOES

A Flag For Your School
 We have a flag for every schoolhouse in the land—and the children and teachers in every portion of this country are enthusiastically promoting the idea of getting large American Flags for their schools. Ask your shoe dealer about our flag plan.

Nine O'Clock School Shoes for Boys and Girls
 are made just the way growing boys and girls like them. You can romp and run when wearing Nine O'Clock School Shoes and always have your feet feel free and comfortable. Nine O'Clock School Shoes will not get out of shape either—and they'll outwear any other shoe made. It's in the way they are made—double toes and re-inforced McKay sewing—and the strong leather that's specially selected for them.

Free—A History of Our Flag
 A beautifully illustrated book—"Our Flag," by Francis Scott Key 3rd, will be mailed free to every child sending 2 cents for postage. Write for your copy today.
