BOARD MEMBERS EXPLAIN

Mayor and Hoye and Wappich Answer Korbach's Charges.

UGLY RUMORS ALSO PROBED

Explanation is Given of the Reason for Granting Certain Saloon Licenses After They Are Held Up.

Three members of the fire and police board, including Mayor Dahlman, were called before the grand jury yesterday and questioned on certain statements made by Member Korbach before the grand jury Wednesday. Fred Hoye and W. F. Wappich were the other two witnesses examined besides the mayor.
Mayor Dahlman, when he left the court room, said he had been questioned on the alleged graft in holding up saloon licenses and also regarding certain supplies purchased by the fire and police board for the fire department. The mayor was kept under fire in the jury chamber for almost an hour and the other two men were questioned about fifteen minutes each.
The purchase of 5,000 feet of hose for the fire department during 1911 was the chief subject. It seems in 1911 the fire and police board purchased a large

amount of hose for 50 cents a foot, and were given the privilege of buying more at the same price when it was wanted. The following year the board advertised for bids on 5,000 feet of hose. The price paid was \$1.10 a foot and the contract divided among three firms.
The mayor and the other members of the police board were asked to explain why they had not taken advantage of the offer for 50-cent hose and instead

pay \$1.10. The mayor said the price paid for the hose was \$1.10 and that the contract was let in executive and open sessions of the police board. The higher price was paid for the hose on the recommendation of Fire Chief Salter, who said the 50-cent hose would not stand the high water pressure and burst. The members also told the jury why certain saloon licenses were held up and later granted.
