JOIN RELIGION AND BUSINESS

Forward Movement Team Addresses Public Affairs Committee.

ALEXANDER TALKS OF BOYS

Says that Most Lickings Given to Boys Are Not to Make Them Better, but to Feel Good.

Connecting religion with all manner of great business activities and showing what moral environment does for the boy, Dr. I. J. Lansing and J. L. Alexander spoke to the public affairs committee of the Commercial club at their noon luncheon yesterday.

The two men, who are here in the work of the Men and Religion Forward Movement, were enthusiastically received by an audience comprised of the most successful business men of the city. Dr. Lansing showed where the panic of 1907 reverted back to a cause where the principles of religious teachings were ignored and compared the necessity of a standard for manhood with that of a necessity for standards for weights, measures and money.

"If there is not a standard of manhood," he declared, "business cannot be done any more than it can be done without the standard of money, of measurement and of weight. It is the great fundamental to the market. You cannot neglect religion without tearing out the foundations of business. The panic of 1907 came with a loss of confidence in human integrity, with the breaking down in honor and character of those in control, when men stole railroads and Wall street collected money for which was given out bogus paper. To standardize manhood we must have a pattern just as we have the patterns of the dollar, the foot, the bushel and the pound for standards."

Tells of Boys.
An interesting talk was that of J. L. Alexander on "The Boy." He described the actions of the boy from the time he is 4 years old till he reaches and passes through adolescence, and gave examples of how his environment makes him. An amusing statement he made was "that 99 out of every 100 lickings are not to make the boy better, but to make you feel good. He advocated a public playground for children, where 100 boys' base ball games could be going on at the same time, and advised the building of a vocational and industrial training school. He closed his remarks by saying: "Men, you know what should be done—to go to it."

Special Demonstration of Crosby Front Laced Corsets by Miss Ellen Haskell.

The Crosby Corset for fashion and comfort. It is already well established among the majority of women who keep in touch with the latest corsets.

Funeral of Samuel Katz Held Friday

The body of Samuel Katz was carried to the grave in Pleasant Hill cemetery Friday afternoon by eight men who had been associated with him for years in business and fraternal circles. Eight other associates of the deceased acted as honorary pallbearers:

Miss Stuff to Be Dispensary Head

Arrangements have been completed for having Miss Lillian Stuff of Lincoln take charge of the tuberculosis dispensary to be opened in June in Gardner Memorial hall by the Visiting Nurse association. Miss Stuff is at present head nurse at the state hospital for the insane and is secretary for the Nebraska State Board of Nurse Examiners but will give up her other work to take up the tuberculosis work in Omaha in June.

At the meeting of the Nurse association yesterday the question of opening the outdoor baby camp this summer was discussed and a committee chosen to decide the matter. The committee is composed of Miss Louise McPherson, Mrs. Victor Rosewater, Mrs. William Horsford and Mrs. Herbert Rogers.

SATURDAY WILL BE OPENING DAY AT THE HIPPI THEATER

The new Hipp theater will open Saturday, March 30, and the public will then get its first glimpse of what is said to be the prettiest moving picture theater in the state. The program arranged for the opening days is but a specimen of the clean, high-class amusement this theater will afford its patrons. No money has been spared in its construction and none will be spared in its maintenance to keep it at the highest standard possible.

In some of the eastern cities moving picture theaters are compelled by law to maintain continuous illumination. To comply with such laws, the indirect system of lighting is used, thus keeping the theater continuously lighted by a soft upward radiation which does not interfere with the light effect on the screen. The Burgess Granden company, one of Omaha's best known electrical supply houses, has installed such a system of indirect lighting at the Hipp theater, a feature which is causing much favorable comment.

HIGH SCHOOL ATHLETES PREPARE FOR SEASON

An enthusiastic meeting of all lads at the Omaha high school who are interested in base ball and track athletics, was held in the school assembly room Friday, when plans were outlined for the coming season. Athletic Director C. E. Reed, explained to the lads the requirements for candidates in each branch of sport and the importance of early training for outdoor work.

Both the track and base ball squads will use Creighton field for early practice and if enough interest is taken in horsemanship the diamond at Carter lake will be secured. The first ball practice of the year will be held at the Creighton grounds next Monday afternoon beginning at 2 o'clock.

"How Twenty Cannibal Kings Proposed to Me"

Experience of an American Girl told in THE BEE Next Sunday

GIRLS' NUMBER OF REGISTER IS PRINTED BY THE BOYS

The annual "girls' number of the Omaha High School Register is issued and proves a complete surprise to all the students, as it turned out to be a regular edition gotten up by all the lads on the staff under assumed feminine names, rather than a thirty-two page magazine edited by the girls of the school themselves.

ANARCHIST WILL RETURN FOR SERIES OF LECTURES

Emma Goldman, anarchist, returns to Omaha the first of the month to deliver a series of lectures. She appeared here about a year ago. The lectures will be given in Barlight hall commencing Monday, April 1, on which date she will speak on "Anarchism, the Moving Spirit in the Labor Struggle." On the following day her subject will be "The Failure of Christianity," and on April 3 she will lecture on "Maternity."
