A Reasonable Plea For the Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Especially When it Costs Nothing to Try. Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need.

They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives.

Chemical Laboratory, Telegraphic address "Diffindo," London, Telephone No. 1269 Central, 39 Cullum St., Fenchurch St., E. C.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., 36 Clerkenwell Road, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adapted for the purpose for which they are intended.

very enjoyable card party Saturday evening, March 23, at the camp's hall in the Paxton block.

ROOM FOR MAN WITH TRADE

Security of Him is in Sharp Contrast with Oversupply of Clerks.

Edward W. Carpenter, manager of the National Employment exchange, has stated in a recent interview that New York is overrun with young men seeking clerical positions.

Mr. Carpenter intimates that the cause of this condition of affairs is the desire of the young American for what he calls a "middle-class job."

Dr. Albert F. Brubaker, in a lecture on "The Nutrition of the Body," delivered in Drexel institute in Philadelphia, gave the prescription of how to live and grow fat on \$1 worth of food a week.

GET FAT ON \$1 A WEEK

Two Students Burn High Living Notions with Canned Heat Units.

Dr. Brubaker declared that his knowledge was based on the practical experience of two men who began on the diet as students and have since kept it up.

Dr. Brubaker said one of the students was suffering from tuberculosis when he began the diet. In six months he had gained six pounds.

Some things more than a fondness for kid gloves is keeping young Americans out of the trades.

JURY STILL INVESTIGATING

Indictments Against South Omaha Men Not Returned.

JURORS ARE WORRIED BY LEAK

Spread Considerable Time This Morning Trying to Find Where Secret Information is Coming From.

Investigation of South Omaha affairs was resumed again Saturday by the grand jury, and up to the present time the expected indictment of J. J. Ryan, Joseph Pivonka, Frank H. Good and P. C. Caldwell have not been returned.

Most of the morning was taken by the jury to locate the "leak" which is supplying the reporters with the happenings in the jury room.

Chief Salter was questioned on certain purchases of equipment for the fire department during 1911.
