### AID ASKED TO BREAK GORGE

South Dakota Senators Arrange for Emergency Appropriation.

RELIEF BEFORE BILL PASSED

Dramatic Ending in National Capitol to Aid Dwellers Along Missouri Near Vermillion and Yankton.

(From a Staff Correspondent.)  
WASHINGTON, D. C., April 3.—(Special Telegram.)—A dramatic ending to the efforts of Senator Gamble and Congressman Burke, of South Dakota, to secure a \$5,000 emergency appropriation to be used in breaking an ice gorge formed on the Missouri river between Vermillion and Yankton, which threatened the destruction of hundreds of thousands of dollars' worth of property through the accumulation of back water dammed by the gorge came at about 5 o'clock today, when a telegram was received that the gorge was broken and the danger was past.

**President Agrees.**  
At the moment the message was received that the ice had given way, Senator Gamble was on his feet on the floor of the senate to present a joint resolution calling for the appropriation and Congressman Burke had just started for the house chamber with a similar resolution, both having paved the way for its immediate passage in both branches by conference with the chairmen of the appropriation committees.

Furthermore, earlier in the day, when the news was received here of the possible damage that would be caused by the gorge, Senator Gamble had gone to the president with a statement of the situation and had secured his agreement for a special message to congress on the matter and soon as it had passed. Instructions had also been given to the War department to prepare its machinery for immediate operation so that within a few hours they would have been on the scene to destroy the gorge and avert the destruction.

Naturally the South Dakota senator and congressman were much relieved, though they expressed satisfaction over demonstrating how quickly they had been able to meet the situation.

**Katie Mandell Released.**  
An order was issued today by the bureau of immigration to release from detention at Ellis Island Katie Mandell, the daughter of Mr. Mandell of Omaha, national director of the Hebrew Immigration and Sheltering society. Miss Mandell had come from Russia with her mother and sister intending to go to Omaha. She was not in good health, however, and the authorities would not allow the party to go on. The matter came before the immigration bureau here and letters were received from Omaha by Senator Brown, Senator Hitchcock and Congressman Lobeck asking them to take the matter up and secure Miss Mandell's release. Through action on the part of the delegation the authorities were convinced that it would be proper for the party to go west and an order was issued to that effect, the required bond in such cases being furnished.

The Omaha Commercial club, through Commissioner Guild, has gone on record as favoring the Lever bill providing for agricultural extension. A letter to that effect was received by Senator Hitchcock today.

A telegram received from Des Moines today reads: "As to the Iowa situation, it is as follows: Taft needs only sixty-five delegates to clinch the state convention. The president has 67 delegates instructed or pledged at this time. He is absolutely certain of six of the eleven congressional districts. Three hundred and forty-three delegates are yet to be chosen, thirty-one counties yet to hold conventions, eight of which have held caucuses. There is not the slightest doubt of Taft controlling the state convention and securing the four delegates-at-large. Ida county has gone for Taft, which is a distinct gain. This makes it certain that Taft will have sixteen of the twenty-six delegates from Iowa."

The bill authorizing the sale of the unallotted lands of the Omaha Indians, now before the house committee and which recently passed the senate, where it was introduced by Senator Brown, will be reported next Friday according to a member of the committee. It was found necessary to make some further allotments to members of the tribe who had not received their share and this matter must be attended to before the bill can be reported.

Alma Seymour of Elgin, daughter of George Seymour, is spending her Easter vacation in Washington and called on Congressman Stephens today. Miss Seymour is in school in the east.

The senate reported favorably Senator Gamble's bill appropriating \$5,000 for a new federal building at Hoedfield. The government already owns a \$10,000 site, secured through a former appropriation. Allen Johnson of Fremont, Neb., has been appointed law clerk in the land office at Lemons, S. D.

**HOW BIG GORGE FORMED**  
Missouri Cut off Several Miles of James River.  
YANKTON, S. D., April 3.—(Special.)—The great ice gorge which broke today threatened to flood the James river valley by an overflow from the Missouri. An immense gorge, forty feet high and several miles long, formed at the mouth of the James river and a large amount of the flooded Missouri was turned aside and poured on the low lands of the James valley. Around Fullerville it was so flooded that the Milwaukee track was submerged and traffic was ceased. The lowest county bridge on the James was forced up stream for half a mile by the ice which packed the lower end of the James river. The situation was a new and novel one and was caused by the Missouri cutting off five miles of the smaller river, bringing the mouth to a point where it faces up the stream of the Missouri and where the full force of the current was felt.

**Girl Killed by Train; Youth Gets Away**  
SCRANTON, Pa., April 3.—Louise Burns, 17 years old, of Moosic, was killed on the Delaware and Hudson railroad near her home last night, and her companion Raymond Carl, 19, narrowly escaped a similar fate.

She and young Carl were walking along the railroad toward the girl's home and had started to crawl under a freight car in a train on a siding when the train started up. Carl scrambled clear of the wheels, but the girl was run over.

Carl's overcoat was found near the track and when the girl's body was discovered he was arrested.

**WHARTON ASKS SUPPORT FOR SERVICE PENSION BILL**  
Postmaster John C. Wharton met with the executive committee of the Commercial club yesterday noon to discuss the civil service pension bill now pending in congress.

Postmaster Wharton favors the bill and asked the Commercial club for its assistance in getting it through.

**YOUNG GIRL INJURED WHEN RUN OVER BY WAGON**  
As Miss Esther Carlson of 436 1/2 Franklin street was crossing Jackson and Tenth streets last night she was struck and knocked down by an express wagon driven by Charles Alexander. The wheels passed over her right foot, mashing it. She was taken to the police station, where Dr. Harris attended her injuries and had her taken home.

## 10th Anniversary Omaha's Greatest Clothing House 10th Anniversary

It is really surprising to see men delight in this showing of fine clothes; we take it as a matter of course that such a showing is an essential part of a high grade clothing business; but the men of Omaha look upon our display as an innovation and we're glad they do.

We've endeavored to provide all the favored fabrics—all the sensible styles for you, avoiding any garment that might be classed as "Bizarre" or over-extreme, inasmuch as the unconventional styles that we have seen lack permanence of style values. Our largest selection is from

### The house of Kuppenheimer

whom we class among the foremost makers of strictly high-grade clothing and whose styles possess a definite and positive style value—unquestioned and unquestionable.

### These garments are very handsome--

they're novelties in the sense that they're new; the colorings are cheerful, bright and good to look upon; the mode of making will delight you; the perfection of fit will surprise you. Try on a Kuppenheimer garment—the

prices range..... **\$20-\$25 up to \$40**

We're showing some good suits at \$15.00; better values than you'll find elsewhere—because we pay more and make less money but more friends. See them at.....

### You ought to supply your boy here

Boys' clothes in styles and qualities and at prices which will appeal to parents; knicker suits of new weaves in all colors; worsteds, chevots, Scotch mixtures; Norfolk single and double breasted two-piece suits, sailor suits, Russian suits, reefers, top coats, rain coats—

**\$2.50, \$3.50, \$5.00 up to \$10.00**

### Turns Down C. U. Slate

Real Estate Exchange Cannot Stand for Some on List.

### WILL WORK AS INDIVIDUALS

President Morton Suggests the Exchange Fix Up a Slate of Its Own for the Members to Work For.

The Omaha Real Estate exchange refused to endorse the Citizens' union ticket when the question was brought up in informal discussion immediately following adjournment of the weekly meeting yesterday.

The consensus of opinion seemed to be that two or three men on the slate were unsatisfactory and that the Real Estate exchange should not take a hand one way or another. It was arranged, however, that by a tacit agreement among the members of the association the individuals would get out and work for a certain set of men whom the exchange favors, a few of whom are now on the Citizens' union slate.

President Morton declared there were two or three men on the Citizens' union ticket "that he could not stomach" and that the exchange should not take a hand either to endorse or to fight the slate.

"What we should do," he said, "is to get together on seven men, some of whom are included in the Citizens' union list, name the two or three we favor to take the place of those on the Citizens' ticket we do not favor, and then get out as individuals and work for them."

C. A. Grinnell declared the Real Estate exchange as an exchange should stay out of the fight.

F. D. Weed started the discussion by making a motion that the Real Estate exchange hold a special meeting and make an endorsement. His motion was voted down.

### Destructive Wind Sweeps Down River Into Philadelphia

PHILADELPHIA, Pa., April 3.—Two women were fatally injured, scores of houses were unroofed and more than twenty-five buildings were demolished by a wind storm of high velocity, which passed over that portion of Camden known as Cooper's Point, and swept down the Delaware river to the center of this city tonight, doing thousands of dollars worth of property damage.

Tonight Camden is in darkness, all the electric lights having been turned off, while streets in the northern section of that city are filled with debris from ruined buildings and telegraph poles.

Mrs. Annie Cleary of Camden and Miss Behrend of Philadelphia, who were riding in a street car in Camden, were caught beneath a building, which was demolished and so severely crushed that physicians say neither can recover.

In the section of Camden where the storm was most severe entire blocks of dwellings were unroofed and the occupants driven to the streets in terror.

Although the vortex of the storm did not reach this city, considerable damage was done here, the wind reaching a velocity of more than forty miles an hour. An unoccupied six-story building in Chestnut street was unroofed and an immense sheet of tin was blown across that thoroughfare.

A panic was caused among operators in the main office of the Western Union Telegraph company when a bolt struck the seventeenth floor of the building, where they were employed. Windows were broken by the shock and glass hurled into the faces of the telegraphers. A mad rush for the doors ensued, but no one was seriously injured.

Permits to smoke 5c. All dealers.

### JURY PLANS FINAL REPORT

Investigation of Various Grafts May Be Concluded Saturday.

### PAVING MATTER IS DISCUSSED

Another Week of Probing May Be Spent, but it is Felt that Nothing Could Be Gained by Further Inquiry.

Another half day considering evidence adduced in many investigations was spent by the Douglas county grand jury yesterday. The body at noon took a recess until this morning.

Paving and Omaha Fire and Police Board matters were discussed yesterday, but no decision as to what further steps shall be taken was reached.

Work on the final report was begun, but the grand jury is not sure whether this report will be made Saturday or later. It may be decided to spend another week probing further into matters already investigated to some extent. If it is thought nothing could be gained by further probing the final report will be completed and the grand jury will take final adjournment.

Only a few more witnesses were examined yesterday morning and these were in routine police cases.

Stimulate your business by advertising in The Reo—the newspaper that reaches all of the buyers.

### La Follette Speaks in Omaha on Next Saturday Evening

Senator Robert M. La Follette of Wisconsin, candidate for nomination for president on the republican ticket, will speak at the Omaha Auditorium Saturday evening of this week.
