SHEEP-Nothing happened in the sheep and lamb trade to disturb price levels, but the demand from packers had a dult tone from the start and trade ruled a little easier in spots. Generally values were quoted steady, with veiled stock slow and good shorn offerings reasonable with the start of the start of

tone from the start and trace ruled a little easier in spoits Generally values were quoted steady, with wooled stock slow and good shorn offerings reasonably active.

Supply volume was barely normal for a Thursday, a short 1,000 head getting in.
Lambs made up the bulk of the run, but no apringers of consequence arrived. Practically everything had been fed and most shipments still carried winter 1680 feets.

Shorn lambs sold first, bringing as much as F. M. Sis, yesterday's top for cipped strock. Good to choice wooled ambs of hand; weight were quotable around S. M. S. Sis, yesterday's top for cipped strock. Good to choice wooled ambs of hand; weight were quotable two classes amounting to 505 file.

Shep were scarce and had little trouble in clearing at recent prices, although fat ewes would have to se strictly choice in order to pass the S.S. mark. Fat wethers are quotable only at modest premiums over similar quality ewes.

Compared with last week a close-current prices for lambs show large, uneven advances, due to the short supply. All western suff was flood-bound on early days no that the receipts for the four days amount to less than 18.000 head. Sheep have been scarce and poorly tested, values scoring very little improvement. Nothing whatever has been selling on feeding or shearing orders, packers taking the children or shearing orders, packers taki

CARPENTERS IN AGREEMENT

Reach Settlement on Wages to Be Paid in Des Moines.

DEMOCRATS WANT CANDIDATES

State Committee Her Difficulty Finding Enough Men to Go on Primary Ballot-Young Mother Loses Child.

(From a Staff Correspondent.)

DES MOINES, Ia., April 4.—(Special Telegram.)—Carpenters and master builders of Des Moines this evening effected Monday for an increase of wages. Representatives of the two bodies were in conference all afternoon and announced that a new wage schedule had been signed, but both sides refuse to state just what agreement had been entered into. It is believed that some increase

of wages was granted.

The demand of the curpenters had been for an increase to 60 cents an hour. Tobers started a strike which may affect others in that trade. For some days all building operations had been at a stand-still, but it is stated work will be resumed at once.

Demos Want Candidates.
The democratic state committee today made arrangements to fill out the entire democratic ticket and secure candidates to run for office at the primary. The chief difficulty with them is to find men willing to make the race at all and submit their names to the voters. The state committee also made arrangements for a to Baltimore to the national convention

while in that city in place of yielding to the high charges of the hotels. Interurban Service Restored. Service was restored today on the inter-urban lines from Des Moines to Fort Dodge by completion of a temporary bridge at Frazer where a part of the bridge had been washed out by the floods. The Des Moines river has low-

MASON CITY, In., April 4-Passenger train No. 22 on the Milwaukee & St. Paul cut in two an extra freight train on the Minneapolis & St. Louis here this morning wrecking one engine and de-railing several cars. No one was seriously

Aid for Immigrant Object of League

NEW YORK, April 3.-Plans for the distribution of immigration from the congested centers of population to communities and colonies in the various states were adopted at the first meeting here oday of the newly-organized American Immigration and Distribution league.

The league proposes the following special remedies in connection with work

Have steamshp companies improve conditions in the steerage, teach citi-senship to adult immigrants in night schools, better understanding with union labor by a campaign of education to prove that immigration is not a menace to high wages and prosperity, but a prime factor in the continuation of both an impartial board of inquiry to deal with immigration matters, to induce states to set aside sufficiently large tracks of idle lands, so that communities of immigrants of one race may be en-couraged to settle and become self-supporting farmers; build good roads to narkets and in general to give the individual immigrant more watchful care and to aid in making quickly a liveli-
