

## TAFT DESERVES SECOND TERM

This is Opinion of Chase County Farmers and Business Men.

## RANCHMEN ARE FOR PRESIDENT

General Opinion is that Executive Has Made Good and Should Be Re-elected—Strong Taft Club Organized.

IMPERIAL, Neb., April 7.—(Special.)—If there is one thing more than another that the people of Chase county are proud of, it is the splendid \$30,000 court house that has just been completed and accepted by the county commissioners. Imperial is one of the most modern and up-to-date towns in Nebraska. It has fine brick buildings, broad cement walks, an opera house, three churches and an excellent high school.

For years Chase county has been looked upon as a cattle country, but today it is counted among the great agricultural counties. This year, Chase county has furnished seed corn to Gage county, Red Willow county and other counties. Agricultural land values range from \$15 up, and grazing land from \$5 up. As a stock raising country it stands at the head of the list, for here the large ranch in Nebraska is found, the Kilpatrick Bros. ranch, which contains all 12,000 acres. On 600 acres of this land 1,800 tons of alfalfa was cut and stacked last year, and more than 2,000 tons of wild hay was also cut on the ranch during the same period. This year the acreage of small grain will be exceptionally large.

## Taft Club Organized.

This is a Taft county, ranchers, business men and all republicans are in hearty sympathy with the present administration. A Taft club has been organized here and every republican in Imperial, with the exception of four, have signed as members.

Alonso Cunningham, a rancher who lives six miles south of here on the Frenchman, said: "President Taft has given the people a sound and conservative administration, and I cannot see why any good republican should be against him. I have traveled considerably over the county lately and I found that nearly all the ranchmen who are republicans are in favor of Taft's re-nomination and election."

R. L. Jacks, who is engaged in the clothing business, said: "Taft has made good, and I always want to see a good man given a second term."

P. N. Foster, a ranchman on Spring creek, is an ardent supporter of the administration. He says: "Taft will be nominated on the first ballot, and he should be."

George J. Morland, formerly of Adams county, has a large ranch fifteen miles northwest of here. He says: "Taft has earned a second term, and I want to see him get it."

"I can't see," said Charles W. Eckerd, a ranchman of Enterprise, "why any republican should want to pass up an opportunity to continue in power one of the best presidents we have ever had. The present administration suits me, and I hope Taft will win in a walk."

Administration is Good. "I favor the re-nomination and the re-election of President Taft," said M. H. Prall, editor of the Imperial Republican. "For the reason that he has given a good, clean administration, one in which the people believe his ability and progressive ideas entitles him to a second term."

Charles W. Meeker, attorney at law, said: "Taft is one president who has done a great deal of good without any brass and accompaniment, and has kept every pledge and promise of the republican party made to the people, and if re-nominated, as he will be, and elected, will continue for the next four years to make good."

Judge James Burke, a prominent real estate dealer, said: "President Taft is the greatest president we have had since Abraham Lincoln; his broad and conservative administration of the affairs of this great republic entitles him to a re-nomination and election." A. B.

MILWAUKEE, April 6.—Receivers were today appointed for the Allis-Chalmers company by Judge Sanborn of the United States district court. The receivers are: D. W. Call, president of the company, and General Otto H. Falk of this city, a manufacturer and president of the Merchants and Manufacturers' association. The appointments were made on the application of the First National and Wisconsin National banks of this city, both creditors of the company, and W. W. Nichols of New York, a bondholder and stockholder.

## HYMENEAL

LOUISIANA, Philippi. COZAD, Neb., April 6.—(Special.)—Miss Nellie Phillips, a daughter of Dan Phillips, one of the pioneers of the south side, was married on Wednesday evening to Robert B. Lammons of Chicago. Mrs. Lammons is a very young woman of this vicinity and an accomplished violinist. It was feared for a time that the floods would necessitate a postponement of the happy affair, as the groom was detained in Omaha on account of the bridge being swept away, but repairs were made just in time to allow him to get through in time to save his bride from "waiting at the church."

COCKTON, Neb., April 6.—(Special.)—George H. Cockton and Miss Gertrude L. Norris were married Thursday evening at the home of the bride's mother, Rev. Howard P. Young officiating. The groom is the eldest son of Mr. and Mrs. George P. Cockton of Seward, formerly of Table Rock, and the bride is the youngest daughter of the late C. H. Norris and Mrs. F. C. Norris and a granddaughter of Rev. Charles W. Giddings, the founder of Table Rock. They will make their home in Table Rock.

REPUBLICAN CITY, Neb., April 6.—(Special.)—E. J. Hayes of this place and Mrs. Mary Fuller of Alberton, Ill., were married at Red Cloud, Neb., Wednesday of this week. They will reside on Mr. Hayes' farm north of this city.

DILLONBECK, Allen. YORK, Neb., April 6.—(Special.)—At the home of the bride's parents, Mr. and Mrs. H. S. Allen, occurred the marriage of their daughter, Miss Edna, to Wilfred Kollenbeck of Milford, Rev. A. G. Bennett officiating.

## David City High School Male Quartet

From Left to Right: George Ball, first tenor; Everett M. Hosman, second tenor and director; Loyd Gettys, baritone; Orville Johnson, basso.

David City High School Male quartet is an organization which is seldom attempted in secondary schools. This quartet was organized by Prof. Everett M. Hosman of the local schools, and has been working for the last two years, there being only one change in the personnel, that of Mr. Elmer Stephens, taking the baritone part.

Aside from the local work they have done, they have filled engagements for concerts and programs in various places of entertainment in their part of the state.

## DANGER ZONE IN FLOOD DISTRICT MOVING SOUTH

(Continued from First Page.)

The superficial earthworks can be constructed. Golden Lake, fifty miles north of Memphis, Pecan Point, in the same vicinity, Lambethville, Mound City, Holybush, Ark., and the White river front are regarded as points in immediate peril. At Memphis the stage this morning was 44.5 feet, a rise of .3 during the preceding twelve hours.

Dispatches from Hickman, Ky., tell of the widening of the breach in the Reelfoot levee, five miles west of that city. Early today the gap was about 300 yards wide. A mighty wall of water is sweeping all before it in its mad race through Fulton county in Kentucky and Lake county, Tennessee. Reelfoot lake, into which the flood is pouring, is going over its banks into Ohio county, and in turn the Ohio river is taking up the overflow and carrying it back to the Mississippi. While the break will relieve the situation north of Hickman to some extent, it will not have an appreciable effect to the south.

In the flooded section of North Memphis the overflow is gradually spreading. A number of pitiable experiences have been reported. One woman was found seriously ill in the second story of her home. The water is gradually reaching the window of her apartment, but her condition is such that she will not be removed except as a last resort.

Five Hundred Square Miles Flooded. HICKMAN, Ky., April 6.—A convulsion party of twenty men with twelve boats left today on a flood train to take off many persons who had been marooned on house tops, moored rafts and tree tops in the Reelfoot section nearest this place.

No definite news of loss of life has been received. The water today covered country ten miles wide and fifty miles long. This will be greatly increased, it is believed, within twenty-four hours.

Two of the latest acquisitions of the refugees camp are a mother and child, rescued yesterday from a log floating in the river. The last family to leave Doreno, Mo., was taken from the second-story window.

CAIRO, Ill., April 6.—The river gauge registered fifty-four feet here this morning, a rise of four-tenths foot in twenty-four hours, and the greatest height that is predicted that the river, the Ohio and Mississippi, will reach here. Although the city is surrounded by water no alarm is felt by the residents. The levees remain firm, each foot of them being watched by paid and volunteer workers.

The fifty-four-foot stage of the river made it one and eight-tenths feet higher than ever before. The river is now ten feet above the general level of the city. After the levees were made the city was filled up to the forty-four-foot stage of the river. Most of the houses are on high foundations and if the water should break through the levees and spread over the city it would not reach the second floors of the greater part of the homes.

## Blanchard Towne of Des Moines is Found Dead in Minnesota

CLEAR LAKE, Minn., April 6.—Blanchard Towne of Des Moines, said to be the son of wealthy parents, and who for several seasons has spent the summer at Drew's resort on Briggs lake, five miles from this village, was found dead with a bullet wound in his head, on the shore of the lake today by persons who had searched all night for him. Beside the body lay a revolver. The coroner is investigating.

Towne left the summer resort yesterday afternoon presumably for a walk. He had not appeared despondent and a rural mail carrier who met him said that the young man had seemed in the best of spirits.

It is said Towne recently had been going to the woods that border the lake for revolver practice. When he failed to return last night, searches were started out to find him. No evidence of foot play was discovered.

DES MOINES, Ia., April 6.—Blanchard Towne, who was found dead with a bullet wound in his head near Clear Lake this morning, was the son of Nathan C. Towne, a wealthy land owner of this city. He left here several days ago on a hunting trip in the Clear Lake country. His father left for Clear Lake today.
