KUGEL AFFAIR IS EXPLAINED

Denies Having Made Overtures to Citizens' Union for a Trade. DID NOT MENTION DENNISON Union Issues Public Statement Declaring that Support of Lynch and Dennison is Offered in Barter.

Both sides of A. C. Kugel's desire to have been endorsed by the Citizens' union as a candidate for commissioner at the primaries have now been told. Kugel, replying to assertions made that he had made a "proposition" to the union to be exchanged for endorsement, declares that he had not made any overtures for a trade, nor delegated any of his friends to do so.

The Citizens' union makes reply to Kugel's denial in a public statement, asserting that a man whose veracity is not questioned proposed to divert the support of Tom Dennison and John Lynch in exchange for endorsement of Kugel and Anton Gross.

Kugel's reply to the attack made by the News is as follows: Kugel Explains Offer. The palpable unfairness of your attack on me, quoting people whose names you do not give as authority for an alleged "proposition" put up to the Citizens' union on my behalf, I believe, lead me to give me space to enter denial, so far as I am concerned.

Neither I nor any one with any right to speak for me appeared before the executive committee of the Citizens' union with any such proposal. W. F. Baxter of Kilpatrick & Co. called me in some time ago and told me the Citizens' union was considering me for endorsement, and wanted to know what I would do if I was endorsed by the Citizens' union and the labor league, both as to working for the other candidates.

I told him I wanted to be elected, and would get out and work for Kugel and not against any one else. Some reference, I believe, was made to "Johnny" Lynch, and I told Mr. Baxter that Lynch had learned his trade as a plumber under me and would, I thought, do anything he could for me.

SENATOR BOB IN MAD RUSH

Put in Five Strenuous Minutes in Omaha This Morning. GRABS SANDWICH IN FLIGHT. La Follette Has but Short Time to Transfer from One Station to Another and Does it with Furious Precision.

Senator La Follette started the second day of his Nebraska tour by putting in a strenuous five minutes in Omaha yesterday morning. The senator arrived on the Burlington from Lincoln and as the train was late he had but five minutes during which to eat his breakfast, transfer across to the Union station and catch a Northwestern train for West Point.

In eating his morning meal and making the lightning change, the senator had little time to talk politics. It took all of his time to keep his schedule and the five minutes were divided up like this: Getting from the Burlington train to the depot lunch counter, one minute; grabbing a ham sandwich and paying for it, one minute; flying up the depot steps, jumping into a taxicab and being whirled across to the Union station another minute, settling with the taxi driver and getting down to the train gates, one more minute. This left the senator one minute in which to board the Northwestern train and answer questions. He accomplished the feat and made his schedule.

He will introduce his daughter this evening at a meeting at the Young Women's Christian association and later will speak at the Auditorium.

Kitchen says he will establish a dairy and chicken ranch on the place. Stimulate your business by advertising in The Bee—the newspaper that reaches all of the buyers.

WOMAN LOSES HER PURSE AND ROUND TRIP TICKET. Mrs. Nera Nicholson of 1133 North Nineteenth street was going to St. Joseph, Mo., but a little incident at the Burlington depot caused her to defer the visit. While waiting at the station for her train she placed a pocketbook beside her. Some person saw the purse and purloined it. Inside the pocketbook was \$12 in money and a round trip ticket.
