

OUR MASTERPIECE!
NEW MODELS WITH GREATLY IMPROVED LASTIKOPS BANDLET

Nemo

LASTIKOPS BANDLET SELF-REDUCING

As an aid to HEALTH, these corsets rank with the greatest achievements in the medical world.

DEAR MADAM:—

Don't think that this corset is a surgical device just because doctors everywhere are "prescribing" it for women, stout or slender, who need perfect hygienic abdominal support.

Your dressmaker will recommend it quite as strongly as your doctor, especially if you are stout and want to look slender without danger or discomfort. It is a perfect STYLE corset for a stout figure.

The improved elastic Bandlet, made with slender steel wire springs, curves snugly under the abdomen, giving firm but easy support and freedom from that perilous bearing down sensation which every woman dreads.

No hose supporters attached to the Bandlet—it can't slip out of place, and the corset can't ride up.

Two models:
New No. 523 (low bust) \$5
New No. 522 (medium bust)

Very long skirt, which spreads comfortably when you sit down.

Ask your dealer to show you these perfect new models.

ANTELOPE MEN FOR TAFT

Decided Sentiment for President in University of Neligh.

BELIEVE HIM TRUE PROGRESSIVE

Executive's Motives Are Better Understood and He is Receiving Support From Many Who Had Not Before Been Friendly.

NELIGH, Neb., April 7.—(Special.)—The situation in Antelope county on president seems to be a little one sided in and around Neligh, where there seems to be a decided Taft sentiment.

Probably no man in this section has a better opportunity to get the public sentiment than Allen Hopkins, an old farmer, present president of the Farmers' Elevator and Lumber company, who said: "I talk a great deal in favor of the president for a second term. Those who may not have felt friendly toward the president in the past are now beginning to understand him better and to line up in his favor. I have also talked with some of the laboring men about town and they, as a general thing, favor Mr. Taft."

E. A. Dewey, a carpenter whom I happened to engage in conversation, told me that he was for the president. "I believe that he has tried to do the fair thing," said he. "He has shown himself to be progressive in the true sense of the word and that is the kind of man who counts for good."

T. Lamson, who owns a farm near the city, said: "I have just returned from Florida where I spent most of the winter. Since returning home I have found quite a strong change during my absence favorable to Mr. Taft. Down in Florida I was stopping where there were a lot of people from all over the country, embracing nearly every state in the union, and I found that among those people Taft had a greater following than any other of the republican candidates."

J. M. Offel and his son, E. L., were returning home when I spoke to them. Both expressed a preference for Mr. Taft. "He suits me well enough," said the elder Mr. Offel.

Guy A. Stone, who has farmed in Antelope county over twenty years, said: "As far as I am concerned I am for President Taft for a second term and I do not think that there is very much opposition to him in this locality. At least the way things look now, Mr. Taft will win out here for there seems to be quite a change going on."

FARMERS FAVOR EXECUTIVE

Political Situation Fast Clearing Up in Hitchcock.

CULBERTSON, Neb., April 7.—(Special.)—Hitchcock farmers and ranchers are looking forward to a year of great prosperity. For many years this was a great cattle country, but now small grain and sugar beets are successfully harvested in season. There is considerable irrigation in this country and abundance of water.

During the months of November and December last year 180 carloads of sugar beets were shipped out of Benkelman.

The political situation is fast shaping itself for President Taft. W. H. Bager, a prosperous German farmer living seven miles northeast of Culbertson, said: "I am for Taft and so are all of my neighbors. He has made a good president and we have had good times, and I can't see why anybody in Nebraska should want a change." Another prosperous farmer north of Culbertson, Dallas Schlagel, says he voted for Taft in 1908 and he is confident he will vote for him for re-election next fall.

George Bauer and John Lessard, two well-to-do farmers in Blackwood precinct, expressed themselves as being strong Taft admirers and said he has earned a second term and should have it. William McNish, blacksmith, said: "It certainly looks like Taft to me and he will get my vote."

"If I had the power to cast all the votes," said F. W. Herman, a retired farmer, "Taft would be unanimously elected."

George Eisenhard, banker, said: "It is surprising the way the Taft sentiment is growing, although for quite a while there was some talk of La Follette and Roosevelt."

"There is no question," said J. H. Corrick, editor of the only Culbertson paper, the Banner, "but what Taft will get the nomination. He is gaining strength every day and his nomination will be conceded long before the convention meets."

GRAND ISLAND PLANNING FOR Y. M. C. A. BUILDING

GRAND ISLAND, Neb., April 7.—(Special.)—It is announced that either the work of the Young Men's Christian association in this city will be dropped entirely, as far as the present board of directors is concerned, at the adjourned meeting of next Tuesday evening, or an effort will be made to organize a Young Men's Christian association building association, the Young Men's Christian association to have the option of purchasing the stock from time to time. The climax in the affairs of the association has been brought about by the doubling of the rental for its present poor quarters. The proposition that will no doubt be recommended by the board, if any, will be the construction of a four-story building on South Locust street, opposite the court house and postoffice, the upper two floors to be for sleeping rooms and the lower two for the purposes of the association and rooms for the Commercial club, the latter, it is proposed, being donated. It is believed that such an effort will be successful. Most of the members of the present board seem to prefer to try and fail rather than not to try at all.

WEST POINT NEWS NOTES

John Lax, former Cumming County Resident, is Dead at North Yakima, Wash.

WEST POINT, Neb., April 7.—News has just reached the city of the death, at North Yakima, Wash., of John Lax, a former resident of West Point, at the age of 68. Mr. Lax was formerly in business at West Point, for some years and later removed with his family to the Pacific coast. He is survived by a widow and three children.

The new auditorium at West Point will be formally dedicated to the public use Thursday. At that time a high-class comedy play and appropriate addresses will be delivered by local speakers. County Assessor John Cletanoff has

NEW DEAL ON BORAH BILL

Secretary Fisher Will Interpret it Applicable to Pending Entries.

ALDRICH ASKS FOR WATER

Urges All Efforts Be Exerted to Induce Government to Supply Water to North Platte Irrigation Ditches.

(From a Staff Correspondent.) WASHINGTON, April 7.—(Special Telegram.)—That the Borah three-year home-stead bill, if enacted into law as it passed the house, would be interpreted by the general land office as applicable to pending homestead entries, including those under the 20-acre act, was made clear today at a meeting of the conferees on the Borah measure.

In answer to the direct question of Representative Mondell the secretary of the interior told the committee that unquestionably if the Borah bill as it passed the house became a law he would consider its terms sufficiently definite to apply to all pending entries.

No definite agreement was reached by the conferees at the session today. The larger part of the time was taken up by Secretary Fisher and a general discussion of the amendments he desired incorporated.

It developed that considerable pressure would be exerted to have the committee agree to the amendments rejected by the house, reserving mineral and waterpower sites and certain timbered

WESTERN HIGH SCHOOL TEAM WINS DEBATE WITH DILLER

DILLER, Neb., April 7.—(Special.)—The Western high school debating team defeated the Diller team here last night by a two to one decision. The question was that of the closed shop, Diller supporting the affirmative. The Diller debaters were Esther Green, Jerden Sanmann, Carl Forsyth and Earl Snyder, alternate. The debaters from Western were Lauren Waldorf, Clarence Schultz, Frank Leisher and Percy Waterpough, alternate. The judges were Prof. A. L. Cady, State University; O. L. Herron, editor of the Nebraska Farmer, and W. H. Hannan of the Legislative Reference bureau. Dale Reinhart, president of the local high school debating club, presided. Each of the judges made a short address after the debate. The Western team was accompanied by the coach, Superintendent J. D. McMillen. After the debate the local debating club tendered the victors a banquet at the home of G. G. Blauser. Western will now contest with the winner of the Hastings-Blue Hill debate for district honors.

ALFRED SCHULTZ SHOT WHILE HUNTING DUCKS

GRAND ISLAND, Neb., April 7.—(Special.)—Alfred Schultz, a young man residing with his parents in this city, received a large, gaping wound in the side of his face from the accidental discharge of a gun while on the Platte river hunting ducks. The gun lay in the bottom of the boat and was discharged through the agency of a dog jumping into the boat. The gun was not cocked, but it is supposed the dog's tramping on the gun caused a concussion. Had the range veered but half an inch the discharge would have taken off the side of the face and head. John Koehler, who was with Schultz, immediately brought the injured man to the city and a physician attended to the wounds. There are no fears of serious consequences.

Will Award Prizes for Best Corn Ears

Cash prizes aggregating nearly \$1,000, to be awarded through the University of Nebraska college of agriculture to any boy in the state raising the best yield of corn from single acre plots, will be given by the South Omaha Stock Yards company.

While the rules of the contest have not yet been formulated, the general plan will be to offer first, second and third prizes for the best yield grown in each of the counties in the state and first and second prizes for the best yield in the entire state. Winners of the county prizes will be eligible to take part in the state contest.

The contests will be conducted through Dean Burnett's department by Prof. C. W. Fugatey, who is now engaged in organizing boys' and girls' clubs in the state.

The stock yards company is interested in increased crop production. Corn production is vitally important to the stock feeding business, dependent upon which is the prosperity of the live stock market, as well as of the farmer.

Denver Autoists Coming to Omaha

When President Allison Stoecker of the Denver Chamber of Commerce was in the city last week he submitted to the Commercial club some of the details of the aptitude and sociability run from Denver to New York City and left the matter to be passed on by the executive committee this week. This trip will be in the nature of a contest and will be principally for the purpose of inducing automobilists to make the cross country run as a means of popularizing automobile travel. The management of the club, whose members have not forgotten how in 1907 the trade excursionists were treated in Denver, will see to it that the Denver party is met at the city limits or beyond and given a hearty welcome and royal entertainment. Just what this will be has been left to the club's good roads committee, of which J. A. Sunderland is chairman, to act in conjunction with the various automobile clubs. The Denver party will be representative of the city's best interests.

ELEVATOR OPERATOR AT PAXTON BRUISED BY CAR

Leslie Bates, 549 South Twenty-sixth avenue, elevator operator at the Paxton hotel, was severely bruised last night while operating his car. He was attended by police surgeons and sent home.

Ernie Frank May Be Foot Ball Captain

LINCOLN, Neb., April 7.—(Special.)—The election of a captain for the foot ball team and the base ball team at the University of Nebraska will be held next Tuesday morning under the direction of the athletic board. The members of the foot ball team and the squad picked by Stehm for base ball will be allowed to cast their ballots for the captaines.

The selection of the foot ball captain was made necessary by the withdrawal of Jerry Warner from the university, thereby rendering him ineligible to participate in foot ball next fall. Ernie Frank, a brother of Owen, and halfback of the 1911 team, seems to be the probable choice for the captaincy of the foot ball eleven. Frank is one of the veterans of the squad and played a dancing game at half last fall.

In the base ball situation no one has announced their candidacy for the place. There are several who are understood to have ambitions, but no one has been publicly announced for the place.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

The Boon of Health Makes Manly Men.

(From Statistic Student.) Prone to a national practice, indicate that fully fifty per cent of middle-aged men are partly or wholly deficient in ability, manliness and health. If men could only know the meaning of the usual symptoms which beset the oncoming of premature age many could be saved from misery, dependency and an early grave. Symptoms which should be combated with disease, but should be accepted as warnings of the approach of disease.

What many may know what to do when such symptoms exist the following symptoms and prescription is published: A premature break-down of the vitality is indicated by dull, sunken eyes, cold extremities, backache, headache, fatigue, pains in small of back, pains in back of head, spots before the eyes, weakness in spine, twitching and trembling, impaired memory, loss of appetite, wasting, thinness (or abnormal fat), shrunken fleshy flesh, wrinkles, dullness, languor, constipation, kidney disorders, irritability, lack of ambition, timidity, weak-spirited dragging walk and unmanly carriage.

If the reader decides to try it, get three ounces of ordinary syrup of sarsaparilla compound, and one ounce compound fluid balsam; mix and let stand two hours; then get one ounce compound essence cayenne and one ounce tincture calomel compound (not cardamon), mix all together, shake well and take a teaspoonful after each meal and one at night.

This contains no opiates whatever and may also be used by women who suffer with their nervous with absolute certainty of prompt and lasting benefits.

By preparing the treatment at home secretly no one need know of another's trouble while the ingredients are much used in filling various prescriptions, so that even the purchase of them separately need occasion no timidity.

The above prescription is manufactured by the well known pharmaceutical house, Prescription Products Co., Dayton, Ohio.

DARKEN THE HAIR NATURALLY WITH SIMPLE REMEDY

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wynth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.
