CALINGIL BLOCKS ALL PAVING

Finance Committee Bungles Bond Issue in Bad Shape.

AWARD OF CONTRACTS HELD UP Fend at the City Hall is Said to Be Responsible for the Delay— Responsible for the Belay-Work Not to Begin Until Money is in Sight.

Atthough first bids for paving have been opened and the successful bidders announced no contracts will be awarded at the meeting of the council tonight, and paving operations may be in-definitely delayed by the failure of the city council, influenced by the failure of the committee, to dispose of the last issue of \$250,000 improvement district bonds in formal manner.

"Somebody coght to get busy," said City Engineer Craig. "Paving work will not begin until we have the money, and I learn that money from the sale of the bonds is not forthcoming immedi-

In fact the question has been raised as to whether the eastern fiscal agents of the city will accept the bouds as approved and presented: Usually given to the city treasurer for delivery, W. S. Owing to a feed between the city treaturer and the city comptroller, fostered and influenced by the finance committee of the council, the entire mode of procedure in the disposal of all bonds has undergone a radical change. Several days ago the last issue of street improvement district bonds was sent to Kountze Bres. of New York and immediate acceptance expected. No answer has been reelved, Treasurer W. G. Red Wing Youth Has His Faith Severely Shaken

Odin Norman of Bed Wing, Minn., has no longer faith in the weaker sex. He was supposed to meet Alma Anderson of Kaneas City. Kan., at Omaha last Priday at the postoffice when they were to be married. At a o'clock yesterday line fair one had not appeared.

Norman read in a matrimonial paper that a certain coy and pretty young miss of Kaneas City wished to be married. He wrote to her and a correspondence grow up. Photographs were next exchanged and then the young farmer popped the question. An affirmative masser came by return mail. The meeting would be in the postoffice at Omaha last Priday moraing and from there a clergyman would be sought to the toe knot. Assistant Postmanter Woodard heard the pathetic take of the Norman this poorning and advised that foolish young man to make his way back to the farm, which he did last night.

Mayor Jim Stalls **Horde of Derelicts**

Mayor Irahiman successfully stalled hordes of mendicants, crippies and derelicts who heat upon his mered doors to-day. All wanted jobs as special policemen during the poiling hours today to see that everything went off in shipshape style. The mayor hid.
