FRENCHMEN INVADE WEST

Parisian Capitalists Go Into Wyoming Oil Fields to Investigate.

THEY HAVE MONEY TO INVEST

It Conditions Are to Their Liking They Will Buy Land and Build a Big Refinery on Newly Discovered Fields.

A party of several French capitalists from Paris went over the Northwestern yesterday enroute to the Salt Creek oil fields near Casper. The men are the representatives of the syndicate that furnished the money for developing the Mid West field, constructing the pipe line to Casper and building the refinery there.

If the Frenchmen find conditions as have been represented, they will authorize the construction of another refinery, increasing the output of the Mid West plant to 3,000 barrels per day. The prod-

uct that is now turned out, runs 45 per cent of gasoline and kerosene and 55 per cent of fuel oil.

The Northwestern road has become one of the large customers of the Mid West company, consuming 600 barrels of oil per day in its engines on the Wyoming division.

At this time the Northwestern has thirty-one engines using oil on the line west from Long Pine. Within a short time all of the engines running from Norfolk west will be converted into oil burners and eventually it is expected that those running in and out of Omaha will be burning oil instead of coal.

River Rises Fast in Front of Omaha

Within the last twenty-four hours the Missouri river in front of Omaha took a spurt and bounded up 2.5 feet and is still rising and expected to go up over thirty inches in the next thirty-six hours. The stage of the Missouri is now 12.9 feet and by this evening will have reached

15.6 feet or 2.4 feet below the flood stage. At Sioux City the Missouri took another jump of 2.5 feet and the river at that point is now within a few inches of the flood stage which is expected to be reached in the next twenty-four hours.

At Pierre, N. D., the Missouri is above the fourteen-foot mark and is coming up slowly. The water is over all the lower section of Fort Pierre. Several ranchers at points up the river have been compelled to move out.

Stock Moves Fast to Omaha Market

W. and D. Collier, F. D. Millin, John Meriam and Elvi Ferrell of Carter county, who brought in fourteen cars of hogs, say that the farmers of northern Nebraska are shipping out their live stock as fast as they can. Corn has reached such a price that stock raisers are losing money by keeping their stock on hand and since the roads are in fit condition to haul they are unloading rapidly.

Foster Provides Bail for Release of Bear-Cat Dancers

Police Judge Foster's decision against three young men charged with bear-cat dancing Monday morning was a boom-rang. Fifteen dollars of the magistrate's own money is now in the city treasury and officially recorded in the court clerk's file book.

When the trio was brought into the station Sunday night their bonds were fixed at \$5 each. They were broke. T. H. Gillespie, a friend, lives at the Young Men's Christian association, across the hall from his home.

An "S. O. S." was flashed to Gillespie at the "T" dormitory, and Gillespie, having no \$5, went to the judge and got it. Forthwith his honor's cold cash was taken to the jail and paid in, while the bear-cat dancers journeyed joyously home. The morning after the judge, inadvertently deposited half his money with the city. It's now up to Gillespie to rescue the judge from the jokers.

Why He Was Late. "What made you so late?" "I met Smithson." "Well, that is no reason why you should be an hour late getting home to supper." "I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble." "Did you tell him to take Chamberlain's Tablets?" "Sure, that is what he needs." Sold by all dealers. See Want Ads Produce Results.
