CLARK MEN ON THE GROUND

G. B. Arnold Arrives in Lincoln to Open Headquarters.

PLAN BIG MEETING AT END

W. E. Andrews, Auditor for the Treasury, Will Make First Speech in Central City Monday Night.

(From a Staff Correspondent.) LINCOLN, April 13.—(Special Telegram.)—Clayton B. Arnold arrived in Lincoln today and will open headquarters for the Clark's presidential boom in the Lincoln hotel. In addition to speakers previously announced, he says more are coming, and the Missouri's friends say they expect to carry the state. One of their plans is to close the campaign with a big meeting in the Lincoln Auditorium, at which either Ollie James, former Senator Pettigrew or George Fred Williams of Massachusetts will be the principal speaker.

Andrews to Talk. W. E. Andrews, auditor for the treasury and formerly congressman from the Fifth district, will make a number of speeches in the state in behalf of Mr. Tolson's candidacy. He will open Monday night at Central City, Tuesday night at Kearney, Wednesday night at Wayne and Thursday night at Madison.

Trouble at Millard Home. The trouble at the soldiers' home at Millard which is said to have been brewing for some time has broken out. Commandant Hilliard has dismissed Chris Giesberg, the engineer, and Giesberg's wife, who with mother, has quit, and Charles Leonard, the janitor, has also been let out. He also reports to the commander that several veterans have been discharged from the home. The commander says the reasons for the discharges were that the parties brought whiskey into camp.

The Blue Gas company of Omaha filed articles of incorporation today, paying a filing fee of \$1,000 on a \$2,000,000 capitalization. The Northwestern road has been permitted to reduce the present rate of 25 cents on carload goods, Norfolk to Crawford, to 21 cents. This is to put Norfolk on the same basis as Grand Island on the Burlington.

Ouster Against Harris. Governor Auldick has instructed Attorney General Martin to institute ouster proceedings against Mayor Harris. Marshall J. A. Hummel and Night Watchman Floyd B. Johnson of Alliance. Some of the grand jury in Box Butte county indicted the marshal and night watchman on the charge of permitting gambling houses and disreputable resorts to be operated in the town, and also for accepting money from the keepers of these places. Ten of the sixteen members of the grand jury filed a complaint with the governor setting up that notwithstanding these facts Mayor Harris refused to remove these officials and charged that he refused well knowing they were not fit persons to hold office. They asked the governor to commence ouster proceedings. The governor, however, addressed a letter to the mayor calling attention to the matter and informing him of the evidence submitted with the petition, advising Harris to resign. Mayor Harris declined to resign and the governor has instructed the attorney general to bring the ouster proceedings.

Labor Report in State. Labor Commissioner Gure, in a report of labor conditions in Lincoln, sets out that 219 concerns were inspected and a number of them were ordered to protect machinery so as to safeguard the life and limb of employees. Conditions, as a whole, were not found to be bad. In summarizing the wage question he says that conditions in Lincoln are above the average so far as the employment of child labor or the sweatshop system, but that there are two concerns employing children and women which give their employees work to take home after they have worked as many hours in the shop as the law permits. He points out the looseness of the law in such cases, as there is no limit to the number of hours a woman may work in her home or the number of hours labor a parent may require of a child, provided it is performed in the home. The report comments on the bad moral and physical effect of the long hours and poor pay received by women and girls in many of the stores, though conditions are no worse than in other cities. Many, he says, earn less than \$2 per week, which is the minimum wage which they can live decently.

Boys Plead Guilty to Robbing Two Stores. NORTH PLATTE, Neb., April 13.—(Special.)—John Barker and Boy Cufney were arraigned in the county court yesterday on a charge of robbing Ginn, White & Schatz hardware store in this city on last Sunday night. They were brought from Grand Island Thursday, where they were apprehended. The boys confessed to robbing the store, and also a store at Capital. Ray Cufney said his home is in Kansas City and John Barker said his home is in Portland, Ore. They each say they are past 18 years of age and they do not look any older. The took five revolvers, two rifles, thirty-three knives, quite a quantity of ammunition and \$150 in cash. They boxed these goods up and sent them by freight to Kansas City. They pleaded guilty and were bound over to the district court.

Baby's Voice. Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend always nausea, prevents caking of the breasts, and contributes to every healthy strong mother. Veteran Fire Chief Bauer of Nebraska City Retires

NEBRASKA CITY, Neb., April 13.—(Special.)—At a meeting of the fire company held last evening the resignation of Mike Bauer, the veteran fire chief, was accepted and State Senator H. H. Bartling elected in his stead. Mr. Bartling's election will be confirmed by the city commissioners at their meeting next Monday evening. Mr. Bauer is the oldest fire chief in the state, having served as a member of the volunteer fire company of this city since 1863, and has been chief of the fire department since 1891. He has never missed a fire during all of that time when he was in the city or was not confined to his bed by illness. Often he attended during some of the severest storms that prevailed in this vicinity, despite the fact he got out of a sick bed to go. He was injured several times going to fires, being thrown from his horse twice and once his vehicle was wrecked. He has had numerous escapes from injuries at fires while the burning buildings gave way, as he always made it a rule never to send any of his men into any danger where he did not go with them. There is no man in the west who has the record of saving as much valuable property as he has. After the meeting of the fire company last evening all of the members were invited to attend a banquet given by Sam Goldberg in honor of the veteran fire chief. This morning the fire company presented the retired chief with a handsome mahogany rocking chair with an appropriate set of resolutions. Mr. Bauer is a very active man, despite his age, and looks after his business affairs as in years past, despite the fact that he is 62 years of age. He came here when 19 years of age and has made this city his home since that time and served with the first fire company organized in this city. He hopes to retire to private life and enjoy the accumulations of years with his wife and three grown children.

Club Women Hold Session in Chadron

CHADRON, Neb., April 13.—(Special.)—The sixth annual convention of the Nebraska Federation of Women's clubs for the Sixth district closed Friday night at 11:30, giving east-bound delegates just time to make the midnight train. Mrs. J. T. Gist of Falls City, state president, has charmed northwest Nebraska by her talks, her musical performances and her own personality. Every public school in the city is singing her "Nebraska Land" today and the State Normal has adopted it also. Hereafter it will be sung in this part of the state whenever America, and The Star Spangled Banner are appropriate. There were forty-eight delegates from outside Chadron present, and the sessions were presided over by Mrs. J. N. Paul, district vice president, and Mrs. Elizabeth A. Smith of Chadron, secretary and treasurer.

Wednesday evening the Commercial club of the city gave a banquet to the guests, at which 100 covers were laid at the Blaine hotel. All were met and returned to trains in autos, and Thursday all were given a ride about the city and reception were held in the State Normal building, at which Miss Johnson of Brownell Hall spoke. The program included papers and talks on libraries, charities, domestic science, franchise, home-making, training of children, streets, parks and playgrounds, health, streets and alleys, and all showed the intelligence and culture of the women. The plate art exhibit, promised, failed to arrive, and has not yet been located. It is to be shown in the new Carnegie library building.

WILL BUILD TWO-TRACK BRIDGE AT ASHLAND

ASHLAND, Neb., April 13.—(Special.)—Unusual activity in Burlington railroad circles at this point will soon begin, to last through the summer. A large and permanent bridge across the Platte river, with spans fifty feet long and abutments on solid rock, will be built to replace the present bridge, which has been before partially out of commission prior to the recent high water since it was constructed twelve years ago. The new bridge will be double tracked. In addition, an extension of the local yards will be made and probably the completion of the double track to Lincoln, which has been built from Waverly to Lincoln. Over a week's work remains to restate the road grade approaching the Platte river wagon bridge near Ashland. Two miles of road on the Sarpy county side that was washed away during the recent high water will be replaced as soon as possible, also a sixty-foot wooden bridge.

NEW TRIAL DENIED IN DAMAGE SUIT AT TECUMSEH. TECUMSEH, Neb., April 13.—(Special.)—Judge J. B. Raper of Pawnee City convened district court in adjourned session, in Tecumseh, Thursday. The argument advanced by the attorneys of C. E. Madden for a new trial in the damage case of Oscar Eisenstrat against C. E. Madden was heard, as was the argument opposed. The court overruled the motion and the case will not be retried. It is likely it will go to the supreme court. In the last regular session of the court Mr. Eisenstrat secured a verdict for \$2,000 in a case brought for \$10,000 for alleged personal injuries.

Couple Married in Nebraska Celebrates Golden Wedding

FALLS CITY, Neb., April 13.—(Special.)—Mr. and Mrs. John Kioepfel celebrated their golden wedding at their home in this city. Mr. Kioepfel was born in Germany and was 77 years of age April 3. His wife, who is ten years his junior, was born in Prussia. Her maiden name was Anna Buchman. They were married at the home of C. Schmidt, whose farm adjoined Mr. Kioepfel's farm near Falls City. They retired from the farm in 1885, which time their home has been in Falls City. They are members of the Lutheran church. Mr. Kioepfel is a republican in politics. He was elected a representative from this county to the state legislature in 1883 and re-elected in 1888. He served his rural school district as treasurer for thirty years and for a while held the office of justice of the peace. There are eight children and all were present at the golden wedding celebration except Herman L. Kioepfel of Monto Vista, Colo. The one great-grandchild and twelve grand children were also present.

MERRICK COUNTY WINS TAX SUIT AGAINST UNION PACIFIC

CENTRAL CITY, Neb., April 13.—(Special.)—In the district court this week, Merrick county scored an important victory in the matter of the collection of township taxes. A couple of months ago the Union Pacific Railroad, through its attorneys, filed a suit in the district court against the county treasurer asking that he be restrained from collecting certain taxes levied by four different townships. The contention rested on a technicality. It seems that some of the townships in certifying their levies to the county clerk make the levy for bridges, road and general purposes to read "for all purposes." The railroad attorneys contended that this meant for general purposes, and as the amount exceeded the levy allowed by law for general purposes, they asked that the county treasurer be restrained from collecting all in excess of the general purpose levy allowed by law. The contention of the county and the townships was that the total levy did not exceed, and in fact did not nearly amount to the levy allowed for all purposes, and that the tax should be collected, as clearly so wrong was done the railroad. The amount of taxes involved in the various townships was as follows: Central township, \$29; Chapman, \$26; Vierzog, \$108; Prairie Island, \$100; Judge Hollenbeck, \$100, and when he came up this week he made the application of the railroad, deciding in favor of the county and the townships.

CHRISTIANS TO BUILD NEW CHURCH AT KEARNEY

KEARNEY, Neb., April 13.—(Special.)—Excavation on the basement of the new \$12,000 Christian church was begun today, the contract having been awarded to Walter Knutzen, one of the partners who constructed the main building of the State Normal school in 1905. The building contains Bible class rooms, dining room and kitchen in the basement, a large auditorium and spacious balcony. It is to be constructed of pressed brick with stucco embellishments and a tile roof, the style of architecture being strictly American, following that of the latest lines that contain no trace of the conventional or classic styles used so universally in church construction.

Fremonters Oppose Dyke. FREMONT, Neb., April 13.—(Special.)—A strong opposition is developing against the rebuilding of the dyke across the north channel of the Platte at the head of Fremont Island. This dyke was put in at a heavy expense by the Fremont Drainage district about five years ago to turn the water into the south channel and was partially carried out by the flood on March 30. The directors of the district inspected the property yesterday and while formal action has not been taken, seem to think it is best to replace the dyke. Those opposing spending any more money on it are mostly residents of the south side and some of them are inclined to be very vindictive and threaten to prevent the dyke being repaired, by force, if necessary.

Only 100 Women Can Join The Hoosier Cabinet Club for \$1

Club Opens Monday, April 15 Closes Saturday, April 20th

After you study the above picture you will not wonder that women are anxious to join the Hoosier Club, when by so doing they have a Hoosier Cabinet delivered to their homes on payments of only \$4.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry, and cupboard, with all her tools and supplies centered in one spot.

Your energy instead of being wasted is saved, and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier Company sends its 3,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 50 cabinets. Our urgent request secured us 100 of these cabinets for the ladies of Omaha.

Only 100 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.
