

Council Bluffs

CASE COMPANY TO BLUFFS

Arrangements Made by Company for Big Agency Here.

TO BE DISTRIBUTING POINT

Thomas Flood, formerly banker of Treynor, Appointed General Agent to Have Full Charge of Business.

It was announced yesterday afternoon that the J. L. Case Thresher and Automobile company had concluded arrangements for making Council Bluffs the general distributing point for all of its products in the large and profitable territory represented by eastern Nebraska and western Iowa. The big double implement building recently bought by Droege Bros., and remodeled at a cost of about \$10,000, located on South Main street between Sixth and Seventh avenues, will be occupied by the company. Possession will be taken at once and the warehouse stocked up.

The Case people have distributing agencies in all of the western states, but they have all been located at the capitals of the states. The distance between Des Moines and Lincoln leaves too large and too productive a portion of the territory to be permitted to remain so far from the base. Thomas Flood, formerly a well known banker of Treynor, has been appointed the company's general agent here and will have full charge of its business, directing the energies of a large force of traveling salesmen. The remodeled building provides a large automobile warehouse where a full line of the Case machines will be kept on the floor and other warehouses with concrete floors for the accommodation of the Case threshing machinery. The plant will also be fully equipped for the repair of automobiles, and carry a full line of parts and repairs for all of the company's factory products.

City Officials Try to Protect Levee

Apprehension yesterday that serious trouble might be occasioned by the tendency of the river to make a short cut from a point a short distance below the Illinois Central railroad bridge, where it went over the levee and tore across Thirty-seventh street, caused City Engineer Stinson and other city officials to make an effort to prevent the enlargement of the crevasse in the levee by piling in sandbags. More than 200 were banked around the point where the water was pouring from the river and fifty or more placed along the edges of the breaches that had been made across Thirty-seventh street.

All means except by signals and telephone of communicating with the men employed at the Thirty-seventh street pumping station were cut off early Friday night when the water poured across the levee from the river and fifty or more placed along the edges of the breaches that had been made across Thirty-seventh street.

NORTHWESTERN COACH CLIMBS RAILS AT DEPOT

For some reason that railway experts have been unable to explain one of the coaches composing the Northwestern's Chicago train No. 15 climbed the rails as the train was pulling into the local station yesterday and three of the coaches, all filled with passengers, left the track. One of them turned half way over and shook up the passengers slightly and tore up a big section of the paving at the Broadway crossing.

The train was in charge of Conductor Hamlin and, although several minutes late, was coming into the station at the usual speed. The rear trucks of one of the coaches left the rails at a point about fifty feet north of Broadway and turned the coach away. This shoved off the coach ahead and pulled the one in the rear partly from the track. When the train was stopped the central coach was standing at an angle of about forty-five degrees and would have toppled over if it had not been held by the couplings. All of the passengers scurried out as quickly as possible, some of them going through the windows. One or two had slight bruises. The report that a wreck had occurred caused the hurried trip to the station of a number of local physicians, including the company's medical officers. The street car tracks were blocked for a short time, but the wrecking crew quickly replaced the derailed cars and the train was sent westward with a delay of little more than half an hour.

MRS. GALLAGHER CLEARED BY ORDER OF THE COURT

The trial of Mrs. M. A. Gallagher, which has been occupying the attention of the district court for the last two days, came to a sudden ending at noon yesterday, when Judge Wheeler sustained the motion of the attorneys for the defense for a directed verdict, which results in the practical acquittal of the woman and ends the case. Faulty character of the indictment was the ground upon which the motion was based. The action came after the state had concluded its direct testimony.

OFFICIAL REPORT MADE ON CITY WATER CONDITION

The average condition of the city water for the last week is shown by this report of Chemist Jacobson:

Bacteria Turbidity	Presumptive
Source	Per C. 1000, Test for Col.
Treated water	52 All negative
Settled water	1,000 All positive
Raw river water	4,000 All positive
Bacterial efficiency of treatment	83 Percent
Total pumping	1,171,000 gallons.

Marriage Licenses.
Marriage licenses were issued yesterday to the following named persons:

Name and Address	Age
Anton Korston, Council Bluffs	20
Kelley Lee, Council Bluffs	20
John W. Steinbock, Council Bluffs	20
William Johnson, Council Bluffs	18
A. C. Wood, Council Bluffs	20
A. J. Bell, Council Bluffs	20

Mrs. W. H. Treynor was called to Glenwood yesterday by the serious illness of her mother, Mrs. R. M. Trout. Mrs. Trout has been in the hospital in Omaha and Council Bluffs.

Judge Wheeler yesterday made an order discharging Alvin Lapidus, guardian of her three children, Lena, Ben and Henry, following the examination and approval of her final report.

Newest solid gold bracelets, fine selection, at Lett's.

Fancy northern grown seed cats, Northrup's Ohio and Triumf seed potatoes, asparagus, bulbs and plants, garden and flower seeds. Now is the time to sow your seeds and plant your sweet peas and nasturtiums. Youkerman Seed Co.

It increases your self-respect to know that your clothes look and fit right every day. Rent your suits to us frequently. We can keep you happy. Bluff City Laundry Dry Cleaning and Dye works. Phone 334.

Mar. Bourgeois returned from a month's visit with his family to San Antonio, Tex. His daughter, Mabel, who through an attack of tonsillitis was in a worse condition for a time, has improved again considerably during the last several days. It is now confidently expected that she will be entirely recovered within a few months.

A new tent of the six knights of the modern Maccabees will be organized Monday evening in the Danish hall. A. C. Gould of Cedar Rapids, state commander for Iowa, will be here and conduct the work. A large class will go in as charter members and at the close of the business meeting the two orders will hold a social session and serve refreshments at least at one meeting each month for members only. The six knights will be guests of the ladies Monday evening for lunch.

Thomas G. Harrison's petition for nomination as a candidate on the republican ticket at the June primaries was completed yesterday and will probably be filed at the county auditor's office on Monday. Mr. Harrison has determined to make a strong fight for the honor of opposing County Attorney Capell, who will undoubtedly be the democratic candidate, with an easy contest for the re-election. There may be several other republican candidates, but Mr. Harrison has secured the advantage of being the first to get his name prominently before the voters.

Thomas W. Ingoldby and family left yesterday evening on the Union Pacific flyer for Lindsay, Tulsa county, California, where they expect to make their future home among the orange groves. Their two elder sons, Raymond and Harold, are employed in Lindsay, and Mrs. Ingoldby has near relatives living there. Mr. Ingoldby has lived in Council Bluffs continuously since 1878, and is leaving here two brothers, also a sister living in Omaha. The party consisted of Mr. and Mrs. Ingoldby, their youngest son, Lawrence, and Miss Harriet Judge, sister of Mrs. Ingoldby.

The funeral of Mrs. Rebecca A. Blaine was held yesterday afternoon from the residence of her daughter, Mrs. W. O. Wirt, 116 Willow avenue. Mrs. Blaine was nearly 80 years old. Her death was due to heart disease after an illness of only five and a half days. Mrs. Blaine had been a continuous resident of Council Bluffs since 1865. She was the widow of N. G. Blaine, who was a near relative of James G. Blaine. Mrs. Blaine was also a relative of Mrs. W. H. M. Foster, where the great Maine statesman always entertained whenever he came to Council Bluffs. During her long life in Council Bluffs Mrs. Blaine was actively benevolent in her church and social work. She was a communicant of the First Presbyterian church. The funeral yesterday afternoon was private. The services were conducted by Rev. Dr. McClure. Burial was in Walnut Hill cemetery.

On Monday evening at 8 o'clock the Baraca class of the Fifth Avenue Methodist church will meet the Baraca class of the First Baptist church in the Young Men's Christian association gymnasium for the final game of the city Baraca championship in basketball. The Baptist boys have been intimating that they have two or three "dark horse" candidates for their team who are expected to cause the Methodist to be on their toes and take notice of things, while the Fifth avenue boys are feeling in first-class shape after having defeated both the Second Presbyterian and the Broadway Methodists. There will be no admission charged and a good game is promised to those who come.

The following are the players: First Baptist, DeVol and Ellis, forwards; Swenson, center; Pierce and Bussing, guards; Fifth avenue, McIntire and Marsh, forwards; Giles, center; Palmer and Ponda, guards.

The Mothers' club, the newly formed organization comprising the best and brightest mothers in Council Bluffs as its charter members, has made arrangements to hold its regular bi-weekly meetings on the first and third Thursdays of each month. Arrangements have been completed for holding all of the meetings in the auditorium of the Young Women's Christian association building on North Main street, beginning at 1:30 in the afternoon. The regular program provides for fifteen minutes drill in parliamentary law, followed by a business session and the reading of papers on some subject relating to the primary purpose of the organization, which is to discover "What Constitutes the Modern Good Mother" and then formulate and discuss plans to achieve that ideal. The first regular meeting will be held next Thursday afternoon, and the speaker will be Superintendent Beveridge of the city

Council Bluffs

schools. The theme assigned him is the "Co-Operation of Parents and Teachers." The women are confidently enthusiastic over the genuine good that can be accomplished by the club and they intend to bring about the best results possible.

Thomas Delbert Irwin and George Louise Conlan came up from Nebraska City yesterday afternoon and announced with great earnestness their desire to get married. This was communicated to several persons after the young people had gone to the county court house and discovered that the clerk's office was closed on account of the usual Saturday half holiday. The fact also that they were a couple called up and he in turn called Harry M. Brown, clerk of the district court. Mr. Brown was married once himself and knows how cruel it would be to interfere needlessly with the young couple. A glance told him that Miss Conlan was not of legal age and the pointed questions confirmed his suspicions. There was also room for the doubt that the boy could not be issued unless their ages were established by competent witnesses. When he proposed that the young man should telegraph his father to call up the parents of both each demurred and quickly left the office. While they were standing outside the door, Joshua Fisher and Fay Bateman, both of Neola, came in on the same mission, also without success. The girl frankly told the date of her birth and she was found to be only twelve days of the legal age. They had to drive back to Neola without the license.

Many Applications Made for Permits For New Buildings

If the rush for building permits is an indication, the building season in Council Bluffs opened yesterday. A large number of permits were issued and statements made that many others would be called for within the next few days.

Contractor Joe Hansen came in with a good sized bunch, beginning with the permit required for his contract for the superstructure of the Eagles' building on North Main street, to which the figures \$33,000 were attached. The work of improving North Main street that will result from the opening of Vine from Ryant and street was further indicated by a permit calling for the expenditure of \$1,500 by J. W. Casey, who will remodel the brick building now partly occupied by himself for saloon purposes and the Jones Transfer company. The whole Main street front of the building will be modernized by reconstruction and the bar will be extended to the alley. It is probable that the improvements contemplated will cost much more than the amount specified in the permit.

The permits taken out by Contractor Hansen include these additional residences:

A one-story frame dwelling for Ivan Clark at Twenty-fifth street and Avenue C, costing \$1,500.

One-story bungalow for J. R. Walker, Jr., at the corner of Ninth street and Avenue H, price \$1,200.

One-story bungalow for George Walker, Bohrer's park, to cost \$2,500.

One-story bungalow for L. O. Graham, Twenty-second street and Sixth avenue, price \$1,500.

Contractor A. O. Nelson also took out several permits, among the larger of which was one for a \$3,000 dwelling for A. C. Keller at Thirty-second street and Avenue B, and a six-room cottage for Mrs. Eberhardt on Little Benton street that is to cost \$3,000.

W. J. McKeeman took out permits for

Real Estate Transfers.

Real estate transfers reported to The Bee April 12 by the Pottawattamie County Abstract company of Council Bluffs:

George P. Colon and wife to James Baldwin, 4 1/2 of lot 8, block 12, in Bayliss' 1st add. to Council Bluffs, Ia., w. d. 10,000

Hunyadi Janos Water

NATURAL LAXATIVE Quickly Relieves CONSTIPATION

GRAY HAIR SIGN OF AGE. EASY WAY TO RESTORE COLOR

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyrth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

five cottages, each costing \$1,800, making a total of \$9,000. They will be located on Avenue C between Thirty-second and Thirty-fourth streets.

The demands of the carpenters' union for a minimum scale of 50 cents an hour beginning on May 1 have not been modified, neither has the attitude of a majority of the contractors, who announced their intention to oppose it, been changed. That it will be generally acceded to, however, is not doubted, for a number of the larger contractors are now paying that price and some good men are receiving more than that. Thus the probability of a strike that will have any effect upon the season's building operations has been practically removed. Contractors predict a better season this year than they had last.

Stimulate your business by advertising in The Bee—the newspaper that reaches all of the buyers.

Reducing the Cost of Living

In these days of soaring food prices it behooves the careful housekeeper to pick these foods that give the most nourishment in proportion to their cost. With the prices of meats beyond the reach of a table allowance that once proved sufficient, one must choose something that provides meat nourishment without meat cost.

That food is found in Faust Spaghetti. Faust Spaghetti is made from rich, glutinous durum wheat. It provides as much nourishment as many times its value in meat or eggs. A 50 package of Faust Spaghetti will provide a generous helping to five persons. You cannot find a cheaper food, nor a better food—nor a food that is so universally enjoyed. Many thrifty housewives who serve spaghetti in some form very often, make it the chief dish for dinner once a week—and they say that it does not only prove economical but also receives the hearty approval of their families. Write for our free booklet of Faust Recipes.
