WOMAN SUES FOR DAMAGES

Rooming House Keeper Brings Action Against Des Moines for Imprisonment in Filthy Cell in the City Jail.

DES MOINES, April 15.—(Special Telegram)—Joe Mason, a negro, was shot and instantly killed in a street duel with two other negroes today. Bob Morgan was shot in the arm. The police say it was Jim Thompson or Jim Thomas who did the shooting. Mason and a companion were walking up the street and met a third negro. A quarrel followed. Mason tried to use his revolver, but the negro he was quarreling with was too quick for him. Mason's companion was shot in the arm. The negro who did the shooting escaped in dodging the police.

Woman Sues City. Charging that she was put in the "bum" cell of the city jail, where the bedding of her cot was covered with vermin and filth, where two women prisoners, drank whisky and broke the empty bottles in her bed and on the floor, which was a puddle of malodorous fluid, Mrs. May Fuller, keeper of a rooming house brought suit for \$5,000 damages against the municipality in district court this morning. The petition describes the "bum" cell in the city jail as a medieval dungeon, kept with most of its miserable loathsomeness.

Sioux Falls Man is Given Five Years for Misuse of the Mails

SIOUX FALLS, S. D., April 15.—(Special)—The imposing of Judge Elliott of the United States court in this city of a sentence of five years in the federal penitentiary at Leavenworth, Kan., and a fine of \$5,000 and costs in the case of Lester F. Bartell, a former traveling man, convicted of sending an objectionable letter through the mails, is one of the concluding chapters in what is one of the most sensational cases of its kind ever before the courts of South Dakota, either state or federal.

The person to whom the letter was directed was Miss Zelle Dellere, who now is a patient in the state hospital for the insane at Yankton as the alleged result of scandalous treatment received at the hands of Bartell and unidentified men residing in St. Paul and Minneapolis. When returned here her mind was so far gone that she was unable to give the names of any of the men implicated. It is stated on apparently good authority that she never will recover and that her mental faculties never can be restored.

For some time previous to becoming the victim of drugs and designing men she was teacher of a country school near Sioux Falls and was an unusually bright and intelligent girl. Her parents reside in Sioux Falls and are highly respected. The crime for which Bartell was convicted was committed last November, when he sent the letter to the young woman. By accident the letter reached the mother of the young woman, was opened and read by her and at once turned over to the United States authorities. Bartell's arrest immediately following.

CHICAGO, April 15.—Buyers and sellers alike were whipsawed today in wheat. The market swiftly whirled up, then down and up again over a range of nearly 4 cents. Trading reached a magnitude seldom equaled except in war times. The news which had the greatest influence on the bull side of the wheat market was from a crop expert who had previously been disposed to minimize the effect of supposed winter killing in the soft winter states. Today he telegraphed from Decatur, Ill., that between there and Mattoon, Ill., virtually all wheat was dead, that the fields were perfectly bare and would have to be planted to oats and corn.

On the other hand the bears pointed out that at Liverpool and elsewhere prices had not risen in anything like the degree recorded in Chicago and that according to conservative standards it

LOSES FAT--WINS FORTUNE

The Amazing Story of How Marjorie Hamilton, Compelled to Reduce Her Weight or Lose Her Employment, Found a Drugless Treatment for Making Fat Vanish.

AGTRESSES AND SOCIETY WOMEN REJOICE OVER THEIR NEW SLENDER FIGURES

She Has Built NOT on the Tears of Disappointed Patrons, But on the Smiles and Joy of Those Who Came to Her Not in Vain.

MOST DISCUSSED BUSINESS WOMAN IN AMERICA TELLS SECRETS OF HER SUCCESS

BY ADA LEE I have just met and talked to a real woman. When instructed to interview Marjorie Hamilton, who has won fame and fortune by means of her "Fat Reducer," I didn't know just what kind of a person I expected to meet; but I do know that, no matter what my expectations were, I was not disappointed.

I was ushered into her rooms and a slim, exquisite, girlish young creature radiant with health and youthful beauty with the most beautiful skin I have ever seen, came towards me with a genuine smile. Her hair was a mass of wavy, sun-kissed curls, and her eyes were a deep, clear blue. She was dressed in a simple, elegant, and comfortable manner.

There was no hesitation in her answer, which shows that the secret is not the one of chance, but the one of a firm, established business policy. "I owe my success to the fact that I have built, NOT ON THE TEARS OF DISAPPOINTED PATRONS, BUT ON THE SMILES AND JOY OF THOSE WHO CAME TO ME NOT IN VAIN."

"I suppose you know," she continued, "that I used to be a calendar model, posing for photographers. My pictures were used in the windows of one of the big firms in Chicago on one entire issue of calendars one year, and won me my nickname of 'The Calendar Girl.'"

"That was the moving factor in my life. The thought that I, too, as a girl might get in love with some man whose heart would remain closed to me because my ungraciously ugly fat body robbed me of that attractiveness, and I felt my desire in the woman of their hearts, obliged me. I went to work to solve the problem of how to regain my slenderness."

"And how did you happen to go into the business of exploiting your find?" "Well, the fate of the unhappy wife of a man who was a doctor, and who realized that she must not be the only wife whose happiness might be in danger from the same cause. That led me to

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the following statement: "The reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease. He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmier's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures. We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is one sale at all drug stores in bottles of two sizes—fifty-cent and one-dollar. However, if you wish first to test its wonderful merits, send to Dr. Kilmier & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention the Omaha Daily Bee.
