

Nebraska FEDERAL BAR ON RAIL CASES

Judge T. C. Munger Rules the State Courts Must Be Exhausted.

BILL BY LAST LEGISLATURE

United States Court Will Refuse to Take Jurisdiction Until All Such Cases Have Gone Through State Tribunal.

For Freckled, Rough or Spotty Complexions

(From The Dermatologist.)
The freckling, discoloring or roughening to which delicate skins are subject after exposure to wind or sun, often appearing in spring, may readily be gotten rid of. Mercurized wax spread lightly over the face before retiring and removed in the morning with soap and water, completely rid the disfigured skin. Get a tin of the wax at any drugstore. There is no more effective way of banishing freckles or other untoward defects. Little skin particles come off each day, so the process doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face.
Wrinkles caused by weather, worry or illness are best treated by a simple solution of powdered salicylic acid, once used, dissolved in a half pint witch hazel. Bathing the face in this produces a truly marvelous transformation.—Adv.

Ministers to Play Ball.
The Lincoln ministers have decided to get in training and have a ball game at Epworth park, June 2. This was decided this morning at the meeting of the Ministerial association.
The visit of Medill McCormick, western manager of the Roosevelt boom in Lincoln, has added materially to the cost of living among certain classes. While at the Lindell hotel he distributed dollar bills quite liberally among the help around the hotel in the shape of tips and now the other guests, particularly the political one are wondering how they are going to keep up the pace and still stay inside of the limit the law sets upon campaign expenditures.

Trade-Mark Up in Suit.
The supreme court this morning heard arguments on a case involving charges of unfair competition and use of a trademark. W. H. Brooks was formerly in the employ of the Consolidated Fuel company of Fremont, but quit and entered the coal business on his own account. The Fremont company has been selling a brand of coal under a name, used is alleged, solely by itself, but when Brooks went into business he went to the secretary of state and had the brand registered in his own name, alleging that he originated it while in the employ of the Fremont company. The Consolidated company procured an injunction restraining Brooks from using the name and the latter appealed to the supreme court.

State Veterinarian Boostrom has recently had to cope with a couple of outbreaks of glanders among horses, and in one instance it was necessary to kill ten animals belonging to Overman & Son of Crookston, Cherry county. Seven of these animals were paid for by the state and three were the loss of the owner as they had not been owned by him for a year previous to the outbreak. One other horse was killed at Crookston, and another was condemned and killed at Tekamah. The animals were appraised at from \$20 to \$200 each.
There has been considerable trouble from glanders during the last year, but so far the animals condemned have kept within the sum appropriated by the legislature for the purpose of reimbursing owners, and Mr. Boostrom believes he will be able to do so for the remainder of the biennium. He was also called to Omaha on account of an outbreak of anthrax in a herd of cattle ten miles west of Omaha. Three animals died from the disease and the remainder of the herd has been vaccinated, and it is believed there will be no more trouble. There was an outbreak of the disease in the same neighborhood last fall.

Railway Commissioner Clark is writing the opinion in the Nebraska City gas case, which has been pending before the commission for some time. It is an application of the company which bought the works at foreclosure sale to issue \$40,000 in stocks and \$20,000 in bonds, the latter to reimburse the owners for money expended on the plant and to make further betterments, the stock being issued against the supposed value of the plant when purchased. This is the case in which considerable difference of opinion among the commission members cropped out at the time of the hearing, and unless some members of the commission have changed their views since that time it is likely there will be a majority and minority report on the matter. If such proves to be the case it will be interesting for the differences disclosed at that time go to the bottom of stock and bond issues of public service corporations.

The Board of Public Lands and Buildings today purchased a twenty-gallon coffee urn and eighty-one gallon cooker for the Norfolk hospital for the insane.
Attorney General Martin is busy over the papers in the case of Mayor Harris, the town marshal and night watch of Alliance, against whom the governor has requested him to bring out proceedings, the complaint having been made by ten of the sixteen members of the grand jury which recently investigated affairs in Alliance. The action, if brought, will be in the supreme court, but Mr. Martin has not yet investigated sufficiently to say what he will do in the matter.

The Ryan-Pivonka case was before the supreme court this morning on a motion of the state to have a referee appointed to take testimony. The accused South Omaha police commissioners, by their attorneys, objected on the ground that the term they were serving when the action was commenced and during which the acts complained of were committed, if committed at all, had expired, and that, therefore, the action fails. This question must be thrown out and passed on by the supreme court before any testimony is taken. The state contends that the men succeeding themselves in office the term is essentially one, so far as this action is concerned, and, further, that even if this is not true a conviction would disqualify them from holding office.

The Nebraska Medical society has gone on record as favoring the constitutional amendment for a board of control for state institutions, on the theory that it will work for better management and also for economy.
Fire Marshal Randall is receiving from the officials of the different towns and cities in Nebraska a complete list of dealers in gasoline and proposes to use it in the enforcement of regulations for handling the fluid in a safe manner.
State Engineer Price has finally approved the three bridges erected by the Western Bridge and construction company for Clay county. As at first erected they objected because specifications had not been followed as to the size of steel and that the work was bolted instead of riveted. The bridge company rebuilt the bridge to comply with specifications and now the work has been accepted.
W. R. Mellor, secretary of the State Board of Agriculture, has returned from Washington, where he appeared before the agricultural committee of the house in favor of the bill for federal aid to state fairs.
State Architect Miller has gone to Chadron to investigate the alleged defects in the State Normal building and endeavor not only to fix the responsibility, but to devise a plan to remedy the matter.
J. H. Dietrich and twenty-five other residents of Straunville, Richardson county have petitioned the railway com-

BROADWAY ACTRESS CONQUERS WRINKLES

Green Rooms and the Roudours of Fashionable Society Women Rum with Gossip About Amazing New Wrinkle Remover.
Society women and actresses all over the United States are deeply interested in a marvelous new wrinkle remover which has but recently been introduced into the United States by the Princess Yoo Tokio Company of Denver, Colo. The new process of eliminating wrinkles, crow's feet, seamed skins and blemishes of the complexion is said to have created a veritable sensation. Women who have experimented with the numerous nostrums on the market and disliked the process will be interested to know that the new treatment is said to do away with creases, blotches, greasy creams, steaming, substanceless injections and all the old methods which have been used in the past.
One of the best known actresses in the United States, who is no longer in the first flush of youth, is said to have been the member of the profession to introduce the new discovery to stage-land. She appeared one day on Broadway, goes the story, with a skin like a child's and all signs of the ravages of time completely obliterated. She was literally besieged by her friends and finally told the secret of having learned of the Princess Yoo Tokio. She is said to have written for particulars and her face tells of the success of the experiment. Every New York train going West that day is said to have had letters to the Princess Yoo Tokio from theatrical people on it. Most of them, it is said, wrote under assumed names, but they all wrote and it is declared the result was most valuable than it does this spring. The lead of the theatrical beauties was soon followed by Eastern society women and scores of the treatment is now the most discussed thing in fashionable society.
Much mystery attaches to the personality of the Princess Yoo Tokio and as to the treatment it will not be really speak long enough for anyone who seeks such results and as the Denver postoffice is said to be loaded with mail for the mysterious Oriental.

Mission to compel the Missouri, Pacific Railroad company to erect and maintain a depot at that point. There is at present an elevator there and other business which it is alleged demands shipping facilities which cannot be obtained through billing from adjacent towns. The depot in Falls City is 4.5 miles distant in one direction and that at Verdon 4.3 miles in another, and the railroad company alleges there is no necessity for stations that close together in the absence of considerable towns. The point whether or not proximity to other depots is a defense against such a petition has never been passed upon directly by the commission and consequently the case is likely to be a hard-fought one.
The Bell Telephone company has just filed its long distance rates out of Minnatare and Mitchell, Neb.
The St. Clair Mutual Telephone company of Antelope county has filed its articles of incorporation with the secretary of state. It has \$100,000 capital stock of which \$20,000 is paid up. The state bank of Humboldt has filed its articles extending its corporate life for a period of twenty years. The new incorporation is effective April 15. R. H. Bloomer company of Omaha has incorporated with \$25,000 capital stock. Its articles permit it to engage in the manufacture, sale and exchange of automobiles.
Clark Perkins, former secretary of the railway commission was in the city today. He is still working on the annual report of the commission which is now about ready for the public.

Girl Carried Ten Miles by Tornado
NORFOLK, Neb., April 15.—A special to The News says: A tornado at O'Neill, Neb., tore a 10-year-old daughter from the arms of L. B. Carley while he was rushing to a storm cellar and carried her ten miles. She landed in a grove practically unharmed. She was not found until morning and had suffered from the cold. Her clothing was torn by the trees in which she lit.

Miller Signs with Falls City.
BEATRICE, Neb., April 15.—(Special.)—Harry Miller of this city, who secured his release Thursday from the Lincoln hall term, yesterday signed to pitch with Falls City of the Mink league. Miller signed with Lincoln while the team was at Sabetha, Kan., and it was the intention of Manager Dwyer to farm him out this season, but when the team was here Thursday, Miller insisted that he be released, and the manager granted his request.

Nebraska WINDING UP THE CAMPAIGN

All Candidates Working Hard Before the Primaries.

ANDREWS SPEAKING FOR TAFT
Much Roosevelt Literature Being Sent Out From Lincoln and More Is Coming From Washington.
(From a Staff Correspondent.)
LINCOLN, April 15.—(Special.)—The state is being flooded by tons of Roosevelt campaign matter and a large force of clerks is busy putting addresses on many. A large amount passed through the mails postmarked Washington and a still greater amount is being sent out from here. The matter is largely speeches made by the candidate at different times.
While Medill McCormick is in Omaha today making arrangements for the special train trip of Roosevelt through Nebraska, the Taft men are content to wind up the campaign with speeches by W. E. Andrews, auditor of the treasury, in four places. On the democratic side Champ Clark will have a formidable array of spellbinders composed of J. Fred Williams, former Senator Dubois, former Senator Pettigrew of South Dakota, Congressman Ollie James of Kentucky and former Governor Dockery of Missouri. Woodrow Wilson was to have been represented by Jerry Sullivan of Iowa, but he cannot come. So far as speech-making is concerned Senator Hitchcock will be the sole sponsor of Governor Harmon of Ohio. Two of these meetings will be held in Lincoln, Roosevelt coming Thursday night and J. Fred Williams Wednesday night.
The various political headquarters are preparing to wind up their affairs tomorrow and all that is doing at present is the sending out of sample ballots and literature of various kinds.
Gandy After Nomination.
Jesse Gandy of Custer county was around the capitol today. He says he is going to get the democratic nomination for congress in the Sixth district and that if he cannot beat Moses P. Kinkaid no other democrat can. His platform is no longer than the speeches he made during the last legislature and is confined to a statement that he favors the initiative and referendum, the farmer's free list bill, the old age pension bill and opposed federal liquor licenses in dry territory.
H. G. Taylor, republican candidate for railway commissioner was looking over the state house today and left later for Central City, his home.

COLLEGE MEN CONCLUDE CONFERENCE AT CRETE
CRETE, Neb., April 15.—(Special.)—The Sunday session of the college men's conference began early. Guy Aldrich, state student secretary of Iowa, spent about an hour and three-quarters in a conference on mission study, including committees, courses, and leaders. At 11 o'clock the pulpit at the Congregational church was occupied by Mr. Aldrich, who gave an excellent address on the Young Men's Christian association, and the pulpit at the Methodist church was occupied by J. P. Bailey.
In the afternoon R. H. Gagnor, state student secretary of Missouri, spent an hour and a half in a conference on Bible study in its different phases. At 4:30 Mr. Gee, a student worker at the university, addressed the audience at the Congregational church at the regular vesper services.
In the evening at 8 o'clock after the fellows had gathered together, original testimony was asked for and an hour was spent in this manner. Then all of the leaders of the conference made short talks, urging every one to go home and put all their new ideas into practice.

Nebraska Three Barns Burned Near Ashland, Neb.; Loss is \$15,000

ASHLAND, Neb., April 15.—(Special.)—Sparks from a Burlington freight engine on the Sioux City line, destroyed three big barns, with forty tons of hay and alfalfa, a quantity of grain, seven head of horses, about twenty hogs and several cows and calves and other stock, four miles north of Ashland on the large stock ranch owned by Hon. Alexander Laverty, mayor of Ashland. The conflagration commenced about 7 o'clock Sunday night and raged nearly all night, there being no means to fight fire on the ranch and no way to get help from the Ashland fire department. Nearly all of the buildings on the place were consumed excepting the house, at a loss of about \$15,000 on which there was only \$200 of insurance. The ranch is conducted by Andrew Bloom, an Eisenman for Maxey Laverty. The mayor is undecided until he knows the exact loss, whether he will rebuild the barns and other out-buildings destroyed.

WARRANT OUT FOR INSKO ON EMBEZZLEMENT CHARGE
BROKEN BOW, Neb., April 15.—(Special Telegram.)—A warrant has been sworn out for Jack Insko of Ausley, this county, charging him with embezzling \$500 belonging to William Stull of Omaha. It is alleged that Insko, who had been renting a farm from Stull, held a public sale and pocketed the proceeds, including the rent and stull money that should have gone to Stull. Insko will be brought here for a hearing.

New School House at Humphrey.
HUMPHREY, Neb., April 15.—(Special.)—At a special election held at the city hall in Humphrey, to vote on the issuing of \$20,000 bonds to build a new public school, only three votes were recorded against the proposition. The new building will occupy the site of the present high school building, which will be torn down at the end of the school year and the building of the new school hurried, so as to be ready for occupancy for the next year.

Humboldt Defeats Table Rock.
TABLE ROCK, Neb., April 15.—(Special.)—The Table Rock and Humboldt high schools met in joint discussion at the opera house, Friday night, to discuss the "closed shop," of which the former had the affirmative and the latter the negative. Charles S. Wood, Jr., Lorraine McCrea and John Woods represented the affirmative, and Claude Linn, Jr., and the Misses Gladys Hoyd and Oleto Youngman of Humboldt, the negative. The decision was in favor of Humboldt.

DEATH RECORD.
John Heidekel.
FAIRBURY, Neb., April 15.—(Special.)—The funeral services of John Heidekel were held from his home a mile east of Fairbury, Sunday at 2:30 p. m., and burial took place in the Fairbury cemetery. Mr. Heidekel died Thursday, after a brief illness of pneumonia. He was a prominent man of this county and resided here nearly all of his life. He lived near Jansen, in this county, for a number of years, and twenty-one years ago removed his family to Fairbury. He was 47 year of age. Besides his widow, he is survived by three children: Mrs. John W. Murphy, Miss Minnie and a son, John, Jr., all of whom reside in Fairbury.

Henry Hunzeker.
TABLE ROCK, Neb., April 15.—(Special.)—Henry Hunzeker, a pioneer resident of Pawnee county, who had lived in the county for almost half a century, and one of the largest resident land holders, died at his home, seven miles southeast of here, Friday. He was born in Switzerland, but came in early life to America. He had passed his four score years at the time of his death, which was caused by cancer of the stomach. He is survived by a widow and several children. The interment was in the Dry Branch cemetery, near his old home.
