No Man is Stronger

Than His Stomach

A strong man is strong all over. Ni man can be strong who is effecting from weak stonech with its consequent indigestion, or from some other disease of the stomech and its associated organs, which impairs digestion and nutrition. For when the stomech is weak or diseased there is a loss of the nutrition contained in tood, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomech after cating, is languid, nervous, irritable and deep cut, he is losing the nutrition needed to take strength.

Such a man should use Dr. Flerce's Golden Medical Discovery. It cures diseases of the stomach and other organs of diseased and nutrition. It enriches the blood, invigorates the liver, strengthers the kidners, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.
