

Spring Home-Furnishers Exposition

TO provide a host of suggestions to those who are about to begin housekeeping and to offer a thousand or more hints to those who wish to prepare their homes for the warm days of summer, is the purpose of this Spring Home-Furnishers Exposition, which begins in our store at 8 o'clock tomorrow morning and continues all the week.

This is to be a week of courtesy, when all lovers of the home beautiful may become acquainted with all that is finest in the furnishings which make American homes the ideals of the entire world.

We have so equipped our store and so arranged our stocks that the thousands of visitors who will come here may learn what charming home surroundings can be created through the use of simple elegant furnishings that conform to the American conception of that which is most beautiful and most serviceable.

This store is ready as it never has been before to economically supply every possible home-furnishing requirement for those who desire the moderately priced and for those who wish the more elegant.

Every department is now at the height of interest—with hundreds of new and refreshing home suggestions.

Everything that goes to make a home comfortable—a cool summer home—is picturesquely arranged here to help solve the problem of home furnishing:

Summer furniture, bed room furniture, dining room furniture, living room furniture, summer draperies, cool rugs and carpets, library furniture, swings, kitchen cabinets, baby vehicles, summer home furnishings, porch furniture, summer curtains and summer shades.

This spring exposition is in harmony with the season, with the twittering of birds and the budding of things vernal. Not a housewife but is anticipating spring home rejuvenation—and not a housewife that cannot make her home more beautiful through the refreshing influence of this great exposition.

Merely as an educational institution, this exposition of home furnishings is well worthy the careful study of thinking people—To view this beautiful exposition of comfortable and modern home-furnishings you are cordially invited. It will be sure to interest and charm you, and, we hope, will prove helpful to you.
