

BRIEF CITY NEWS

Electric Irons—Burgess-Graden. L. F. Churchill, Dentist, 426 Brandeis. Strictly fresh eggs, 2 dozen for 25c; 4 dozen for 45c. S. H. Buffett, 215 So. 16th.

Son Born at Pegg Home—A boy was born to Mr. and Mrs. John Grant Pegg last night.

Gale to Deliver Address—A. L. Gale, president of the Omaha Ad club, will address the club Tuesday at the weekly dinner at the Paxton on "Advertising Copy from the Agency Man's Viewpoint."

Engagement Announced—Mrs. Frances Redmond announces the engagement of her daughter, Miss Lola Frances Redmond, to Winfield Tyler Hayden of Brooklyn. The wedding will be early in June.

Thief Lifts Coveted Article—A negro walked down the aisles of the Hayden Bros. store at 9 o'clock last night, was tempted by a woman's yellow handbag and fell. He was chased by a policeman to Seventeenth and Harney, but made his escape.

Des Moines Girl Here for Wedding—Miss Ida Thompson of Des Moines arrived here yesterday afternoon. She will be bridesmaid at the wedding of her cousin, Miss Cecil Thompson to Harry A. Cottbush next Wednesday at St. John's church. Mrs. John H. Cottbush, 1562 Binney street, will give a dinner for the bridal party Monday evening.

Andy Knutson Hurt in Fall—Andy Knutson, a cripple living at 217 Poppleton, fell while stepping from a street car at Sixteenth and Harney last night and broke his right leg. His crutch slipped when he placed it on the wet pavement. He had broken the same leg a short time ago. He was treated at the police station and later transferred to St. Joseph's hospital.

Mrs. Lawson Arrives—Mrs. Ernest Lawson, accompanied by Misses Margaret and Edna, have arrived in Omaha to live permanently. They join their husband and father, who has been employed in the linen department of the Brandeis stores during the last year. He has prepared a home for his family at 529 Burt street. Mrs. Lawson is a sister of Mrs. Fred Rogerson, 2011 Chicago street, and Mrs. Andrew Hart, who recently came from Europe to cast her lot in the western part of the United States.

Fredrickson Will Make Maps and Plat of Good State Roads

H. E. Fredrickson, chairman of the good roads committee of the Commercial club, has returned from Detroit, where he bought a fifty-four horsepower Chalmers, which he expects to put to good use this summer in touring the state in behalf of the good roads movement. Mr. Fredrickson expects to devote his time between now and June 15 covering both the Overland route along the Union Pacific and the Omaha-Denver route along the Burlington. He will take with him good road posters who are members of the committee, including E. H. Sprague. On these trips it is the purpose of Mr. Fredrickson to plat the best roads and to erect signs for the use of motorists. He will make side trips to Sioux City on the Nebraska side and will also run to Kansas City on the Nebraska side. After plating the Nebraska roads Mr. Fredrickson proposes to make a trip to the Pacific coast. The new car will be used on all these trips to demonstrate its efficiency.

Ad Club to Give Beefsteak Dinner

A regular "hot old time" is what is promised by the arrangements committee of the Ad club for next Monday night, when the annual beefsteak dinner and vaudeville show is to be given. The affair will be held in the Brandeis Pomplian room and the show and dinner will be served there. All of the talent will be furnished by Ad club members and an extra attraction will be the fourteen candidates for the commissioner ship. These men will be given much prominence, but they will not be allowed to utter one word about their candidacy. This state of affairs is expected to afford much amusement. The Brandeis Pomplian room will accommodate only 250 persons, so the request is made that all seats be reserved early. Admission will be \$1.50 and the money will be used by the Ad club to defray expenses at the Dallas, Tex. convention.

DR. CARR ON WAY EAST TO MEDICAL CONFERENCE

Dr. E. Arthur Carr, secretary to the Nebraska State Board of Health and a member of the standing committee of the American confederation of reciprocating, examining and licensing medical boards, on college inspection and re-rating, stopped over in Omaha for a short time yesterday. The doctor is on his way to Chicago to inspect the medical colleges of that city and will then go to Columbus, O., to the annual meeting of the American Confederation. Dr. Carr has personally inspected every medical institute west of the Mississippi river and many of the eastern schools. "I feel very proud of the advancement made by the western and southern medical institutions," said Dr. Carr. "Frequent inspections and criticisms have worked to the advantage of the schools, as a result of which more money has been secured and better equipment provided. "I anticipate an amalgamation of the American and national confederations at this meeting. "I am serving on a joint conference committee which will meet at Columbus, O., the object of which is to unite the two confederations. "We will also make our final report to the confederation on college inspection and the re-rating of all colleges will be published after this meeting."

Why We Was Late. "What made you so late?" "I met Smithson." "Well, that is no reason why you should be an hour late getting home to supper." "I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble." "Did you tell him to take Chamberlain's Tablets?" "Sure, that is what he needs." Sold by all dealers. Forgets to smoke, 5 cents. All dealers.

SCHOOL AND COLLEGE WORK

Brief Record of Happenings at the Various Institutions.

STUDENT LIFE AT THE NORMALS

Entertainments Revealing the Dramatic, Musical and Oratorical Accomplishments—General Educational Items.

A new society has been organized among the girls of the Wayne Normal, the "Dramatic Club of the Northwest Normal." The object of this organization is the stimulating and fostering of dramatic ability, the study of the higher forms of literature of a dramatic type and general efficiency in all forms of oral expression. Miss Hopkins is the chosen sponsor for the society, and the following officers have been elected: President, Catherine Hennessy; vice president, Edna Scott; secretary, Edna Conn; treasurer, Martha Robinson; sergeant-at-arms, Miriam Robinson. The colors of the club are gold, silver and black; the flower, the marigold. From the covert glances and whispered words of the young ladies, we learn that something mysterious is brewing for chapel. The elec clubs of the normal have furnished music on several occasions recently, the Northwest Nebraska Teachers' association and the District Federation of Women's Clubs being among the number of organizations on whose programs the clubs have appeared. They have been received with enthusiasm at each appearance and are counted among the most promising organizations of the school. At the Women's club meeting held in the normal building, they gave several numbers, one of which was the song, "Our Nebraska Home," composed by Mrs. Gist, president of the association, who was present and on the platform during the evening. President Sparks had secured the copies of the song at Lincoln recently, with the intention of having it sung for the author at this time. A. P. Stockdale, who was a student in the summer school of the normal last year and will be again this year, has been unanimously re-elected as principal at Union at an increased salary.

FREMONT COLLEGE.

Brief Mention of the Week's Happenings.

The college has now passed the third week of the spring term and the work is progressing nicely. Many short term teachers are now coming in to finish up the year in school and many who have passed the year in school are engaging schools for the coming year.

Rev. W. H. Buss addressing the college students Saturday morning on "Education in the Light of Today." He was listened to with intense interest, for it was a rare treat.

Prof. McMill's residence now being built on Ninth street is nearing completion. It is a modern, commodious and convenient house and is ornamental in structure. The plans were projected in the mechanical drawing room by Nels Hammer of Fremont, who has shown considerable genius in that line.

Julius F. Zastara, a graduate of the teachers and commercial classes, is employed in a bank at Utica and is well pleased with his work. Clarence D. Vosseler of White Hall, Ill., scientific of 1911 and a commercial of 1912, is engaged in the printing and stationery business with his father at present. His brother, Gilbert S. Vosseler, also a commercial graduate of 1912, is now employed by the City National bank of Kansas City.

Miss Nancy Linke, a commercial graduate of 1909 and now assistant cashier of the State Bank of Bassett, was voted an increase of salary by the directors at the beginning of the year.

Claude E. Thompson of Fremont took the civil service examination and has just received an appointment in the Department of the Interior at Cheyenne River, S. D. He was the only one from Fremont college and the only one of ten that passed.

NEBRASKA MILITARY ACADEMY

Athletic Events and Exercises for Founders' Day.

The cadets are busy getting ready for the field day and track meet to be held on Founders' day, April 23. The Ashland High school team and the Nebraska Military academy team will compete in the usual athletic events on the academy grounds. The program will begin at 2 p. m. Thursday. As both teams are usually strong it is expected that some good records will be made.

The debating team of the University Place High school and the Nebraska Military academy team debated the "Open Shop Question" in the academy auditorium Friday evening. The University Place school was represented by Miss Flood, Miss Prewitt and Mr. Embers; the academy was represented by Cadets Brown, Thomas and Northup. The contest was spirited and the arguments on both sides were well presented. Mr. Goldstein was "referee" and gave the close decision to the visiting team. Another debate will be held soon.

Last Sunday Dr. Putney gave a very interesting and instructive reading to the cadets. The doctor having been a bugler during the civil war gave a history of his "old army bugle," which he used during that time, blew the different "calls" and gave the songs that accompanied them.

Hon. Will Maupin will address the cadets on Sunday evening and Superintendent Delsell will talk to them in the morning.

The freshman class organized last week and elected the following officers: President, Hoyt; vice president, Barber; secretary, Welton; treasurer, Rife, and sergeant at arms, Knothe. Founders' day will be celebrated Thursday and a hop will be given in the evening in the armory.

News Notes from Doane.

About twenty-five young women from Doane attended the Young Women's Christian association conference at Lincoln last Saturday and Sunday, and an excellent program was reported. On Monday last occurred the freshman-sophomore olympics. This took the place of the time-honored flag scrap and was far tamer. The events consisted of javelin throwing, a sack race, relay race, log tying, cross country run, girls' contest and a tug-of-war. The sophomores won by the small margin, the score being 25 to 13 at the finish. In the afternoon the various classes had picnics of different kinds, there being no school all day.

Last Thursday a mock primary election was pulled off at Doane, and much interest was taken in it by both men and women. Regular sample ballots were used, and the results on the republican ticket gave Roosevelt the lead, with La Follette second. The democrats gave Wilson a comfortable majority, with

Clark running second. The election was carried on in exactly the same manner as a general election and was very instructive.

Friday night occurred the annual Gaylord hall girls' party to their gentlemen friends. This year it took the form of a theater party. The Gaylord hall parlor was tastefully arranged and decorated to represent a theater. An orchestra, playing such instruments as mouth harps, tin whistles and tambos, gave such selections as "They've Gotta Quit Kickin' My Dog Around" and other classical pieces. An excellent little play was put on, followed with dainty refreshments. All judged it an entire success. Much interest is being taken in the Nebraska Indian base ball squad that is working out on the Doane field. They are putting in two stiff workouts every day and furnish a very interesting sight for those indisposed to study.

NEBRASKA WESLEYAN NOTES.

Educational Part of Campaign for Endowment Fund Ends.

The educational campaign for meeting Wesleyan's endowment is over. During this week, April 22 to April 30, subscriptions are being taken all over the state and such enthusiasm in the cause of Christian education is everywhere being manifested that it is not unlikely that the \$400,000 asked for will be exceeded. Advance contributions have already been received as follows: Rev. Adrian, Fremont, \$2,000; Rev. Burch, University Place, \$2,000; Mrs. Dewey, Chester, \$10,000; Chancellor Emeritus Huntington by will, \$1,000; State Journal, \$1,000; O. N. Maagoe, Lincoln, \$5,000.

The usual program was prepared this year for Arbor day. After a convocation hour with addresses and special music the classes go to their assigned places to plant trees and rare shrubs. Several thousand canna and other flowering plants will be set out as soon as the weather permits.

The alumni have elected officers for the coming year as follows: President, L. A. Winship; first vice president, J. C. Jensen; second vice president, W. E. Atkins; secretary-treasurer, Fern Atkins Simmonds; historian, Bertha Waltz; trustee, E. M. Kendall; G. E. Currier, A. O. Hinson.

Work on the senior gift to the university, a concrete bandstand of hexagonal form, will begin next week. The frame bandstand formerly used was destroyed by fire about a year ago.

Walter Johnson, brother of George H. Johnson of the board of trustees, is installing a steam generator using oil as fuel in the heating plant. The machine is of Mr. Johnson's own invention and is used in the experimental stage. Mr. Johnson also has invented a rotary valve reciprocating engine which promises to be a success.

Peru Normal Notes.

Richard L. Metcalfe addressed an audience of Peru citizens last night at K. of P. hall.

A delegation of seventeen young women from Peru attended the Young Women's Christian association conference held in Lincoln park April 12-14. This was the second largest delegation in the state. Two hundred delegates were in attendance.

The annual banquet of the junior class to the seniors occurred Friday night.

The chapel period was occupied on Tuesday of this week by a concert by the various sight reading classes under Miss Carpenter. The event was especially interesting, in that the classes showed marked improvement in expression and in harmony.

Peru defeated the Tarkio base ball team here Thursday in a sensational game, resulting in a score of 5 to 0. Peru excelled in base running.

Educational Notes.

President John Grier Hibben of Princeton university announces that a farm has been opened at Princeton which will provide any student who is not afraid of

roll with the means of wearing his way through college.

President Thwing of Western Reserve university says that graduates of western universities are worth \$5 a week as against \$4 a week for graduates from eastern colleges, because they work harder.

William J. Dugan, who graduated from Cornell in 1907 and was for two years graduate manager of athletics, has been made university secretary. He comes from Pueblo, Colo., and during his college days was manager of base ball. The recent official report of the university of Paris shows that among 15,000 registered students in the various departments or colleges there are a lower than 2,000 foreigners, or one-fifth of the total. The foreigners are said to have tripled in number within ten years.

Edmund Coggswell, Converse, a New York banker, has given Harvard university \$25,000 to endow a professorship of banking in the Graduate School of Business Administration. Many of his ancestors were graduates of Harvard, but he did not attend the college himself.

Raymond A. Pearson, ex-state commissioner of agriculture of New York, has been elected president of the State Agricultural and Mechanical college, of Iowa. He is about 40 years old and is a native of Indiana. He got his first experience as a laborer on a stock farm. Then he went to Cornell and after graduation entered the milk business.

The sweet girl graduates of Muncie have decided to cut down the cost of their graduating costumes. Among the original economies it has been agreed that white silk gloves, instead of white kid shall be worn. But inasmuch as the economic weather of June, it would seem that still further economy might be achieved and additional charm lent to the occasion by omitting gloves entirely.

Holdup is Pulled Off Before Crowd

While hundreds of shoppers were passing on all sides of them two negroes stopped William Edwards at Sixteenth and Dodge streets Saturday evening about 8:30 o'clock and while one pushed Edwards against the temporary wood fence there the other proceeded to rifle his pockets.

Police Chauffeurs Warner and Ford were passing at the time in an automobile. They took in the scene at a glance and stopping the machine rushed to Edward's assistance. One of the negroes made his escape by running into the crowd, while the other was caught with one hand in Edward's coat pocket. He gave the name of Jim Davis. In his hand was \$3.50.

Edwards was too intoxicated to know anything about the attempted robbery. He was taken to the police station for safe keeping, while Davis was booked as a suspicious character.

OMAHA HIGH TO DEBATE WITH LINCOLN FRIDAY

Omaha High school will close its 1912 debating season Friday evening, when a picked team of three lads will compete against a squad of arguers from the Lincoln High school at the Creighton auditorium.

The question for discussion is as follows: "Resolved, That our present immigration laws should be so amended as to admit all immigrants over twenty-one years of age are unable to read and write." Omaha will uphold the negative and will be represented by Edwin Landale, Barney Kulakorsky, George Grimes and Carson Hathaway, alternate. The Lincoln team has not yet been announced.

The school superintendents who have been invited to act as judges of the debate are Superintendent Edward Evans of Plattsmouth, Superintendent George E. Martin of Nebraska City and Superintendent Morgan of Glenwood, Ia.

NEGRO ATTEMPTS SUICIDE WITH DILUTED POISON

Gus Smith, a negro of 1500 Burt, arrested on suspicion and sentenced in thirty days for vagrancy, attempted to end his troubles last night by swallowing a small bottle of diluted carbolic acid. He was treated immediately and will recover. It is believed the acid was smuggled in by the chain gang.

Remedial Formula No Alcohol No Narcotics On every wrapper of every bottle of Dr. Pierce's Golden Medical Discovery is printed, in plain English, a full list of the ingredients comprising it—and in addition, accompanying is a booklet, compiled from many standard medical works of various schools of practice, containing extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient of Dr. Pierce's Golden Medical Discovery. Dr. Pierce's Medical Discovery has been recommended for forty years for strengthening a weak stomach, whipping into life a torpid liver and overcoming biliousness as well as catarrhal diseases wherever located. Through its use Dr. Pierce has found in his professional experience that the blood is purified and enriched, disease-producing bacteria destroyed and expelled from the body, thus catarrhal, scrofulous and kindred affections are overcome, and sound, vigorous health established. You can learn all about hygiene, anatomy, medicine, etc., from the People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a newly revised, up-to-date edition of which is now offered, in cloth covers, post-paid, for 31 cents in one-cent stamps, to cover cost of wrapping and mailing only. Address: Book Dept., World's Dispensary Medical Association, R. V. Pierce, M. D., Pres., 663 Main Street, Buffalo, N. Y.

Spring Exposition at Miller, Stewart & Beaton Co. Store THE BASE-BOARD OUTLET This term means a great deal to the home maker. The base-board outlet is a provision in the base-board of a room for electrical connections. It offers the simplest and most convenient way for connecting Electric Flat Irons, Vacuum Cleaners, Washing Machines, Electric Toasters, Disc Stoves, Chafing Dishes and Coffee Percolators. When wiring your home spend just a little more and provide a way to use these devices in the easiest way. Ask our Contract Department for advice. Omaha Electric Light & Power Co. SOCIALISTS TRY TO FILE BUT ARE NOT SUCCESSFUL PIERRE, S. D. April 21.—(Special Telegram.)—The socialists attempted to file primary nominations for the state ticket today, but their list has been rejected for the reason that they had no representation on the ballot at the last election. They failed to file for the primary two years ago and only got on the general ballot as independent candidates at the November election. The primary law in this state makes no provision whatever for the organization of new parties, and as it now stands no new party organization ever can get upon the primary ballots.

Keep Your Nerve! That's the "go-ahead" part of you! The best of us now and then feel the wear and tear of every-day action. Sometimes its the stress of business; often the worry of household care; occasionally the penalty of social duty. But whatever the cause, when the nerves begin to cry, its time to think of recruiting nerve strength. Some seek medicine—and medicine sometimes helps; but the natural way to recruit nerve strength is by supplying the missing elements of true nerve nourishment which are lacking in one's every-day diet. Grape-Nuts FOOD is recommended to your notice because it is rich in abundance of brain- and nerve-building material, especially Phosphate of Potash, the vital tissue salt of the gray nerve cells. Scientists know that nerve strength rests upon nutrition—a nutrition that supplies water, albumin, and organic phosphate of potash—the three vital elements that, according to their supply or lack, make nerves strong or weak. Ordinary food provides water and albumin in plentiful amount but organic phosphate of potash is frequently lacking in the usual diet. Grape-Nuts provides it. This food is made from Nature's field grains, preserving the natural organic salts of wheat and barley (which the miller of white bread flour rejects) for building, brain, blood, bone and brawn as Nature intended. Grocers sell Grape-Nuts, an economical food that answers every purpose of providing rich, true nutrition for body, brain and nerves. "There's a Reason" Postum Cereal Company, Limited, Battle Creek, Michigan.

A HAND-MADE CIGAR, FRESH FROM THE TABLE wrapped in foil as soon as made, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobaccos used in the Single Binder are so rich in quality that many who formerly smoked 10c cigars now smoke LEWIS' SINGLE BINDER straight 5c. In fact, Lewis' Single Binder does taste like a good 10c cigar. The Lewis' Single Binder costs the dealer some more than other 5c cigars, but the higher price enables this factory to use extra quality tobacco, thus giving the consumer a better smoke than is possible in big profit cigars. A MILD, SATISFYING SMOKE. ANNUAL SALES 11,500,000. Tell the dealer you want LEWIS' Single Binder.

Free Land Information The Twentieth Century Farmer, to meet the demand of its readers for land information, has gathered and compiled data on soils, climate and farming conditions in all parts of the country. It is willing to give out this information, free, if postage is sent with inquiry. Do You Want to Know About government land laws, location of land offices, etc. How to get irrigation lands, location of projects, laws governing same, etc. Best sections for fruit growing, general farming, stock raising or dairying. Your questions will get prompt attention. State plainly and specifically what you want to know. Write, Land Information Bureau The Twentieth Century Farmer Omaha, Nebraska
