

# DON'T BE NERVOUS AND RUN-DOWN

### New Tonic, Tona Vita, Will Positively Restore Your Old Vitality.

Nervousness, depression of spirits, lack of energy, all run down, these are the chief symptoms of nervous debility, the modern affliction caused largely by the rush, hustle and worry of modern life.

If you are a sufferer from this all-too-common complaint, and cannot get to a high priced sanitarium to have rest and diet build you up, you should read carefully the following statement by C. N. Hunt, Esq., of 22 Sixth-st., Milwaukee, Wis., concerning the remarkably new tonic "Tona Vita" that has made such a great record during the past year. Mr. Hunt says: "For a number of years my wife has been a sufferer from a continuous run down, nervous condition and general trouble. I took her to a number of doctors, but none seemed to give her any relief. She grew worse and her entire system became affected.

"She could hardly eat anything and

would say the very thought of eating made her sick. She caught one bad cold after another and was always tired and languid. She had had headaches and attacks of dizziness.

"I got some Tona Vita a few months ago. My wife began taking the tonic that night and we were pleasantly surprised to notice an improvement after the second day. She is now like a different woman. The nervousness and depression are all gone, and she eats and sleeps better than she has for years. It seems wonderful to note such a change in her. I believe 'Tona Vita' is worth its weight in gold."

If you are debilitated and run down, above all things try "Tona Vita." You will never regret it, as it will build you up like magic. It is the finest preparation now on the market.

## Omaha Minister is Mistaken for a Bold Holdup Man

Mistaking Rev. Charles W. Savidge of the People's church for a highway robber, a carload of passengers on a Council Bluffs car at the Iowa end of the Douglas street bridge Monday night were about to hasten to the rescue, when the mistake was discovered.

It all resulted from a desire of a young couple to be married and the necessity of having the ceremony performed in the Bluffs. Miss Beatrice Clark, daughter of Joseph Clark, and William L. Pugh were the lovers. They called upon Miss Nellie Magee of the City mission last night and told her they wished to wed. She telephoned for Mr. Savidge, who hurried to the mission.

Upon inspecting Mr. Pugh's marriage license, the minister saw it had been issued in Council Bluffs, Pottawattamie

county and the marriage would have to be solemnized in the same county. The lovers, the bride's brother, J. L. Clark, Miss Magee and Mr. Savidge engaged an automobile, drove to the east end of the bridge, and were in the car the ceremony was performed.

As the minister raised his hands to bless the pair an eastbound car neared the group. The motorman thought the minister was a holdup man, accompanied by his pals. He shut off the power, applied the air and then threw up his hands. Everyone laughed and wished the lovers bon voyage.

WASHINGTON, D. C., April 22.—The first of a series of public demonstrations of the "Hupp System" for handling mail automatically on the railroads of the country was given on the Chesapeake Beach railroad and the efficiency and accuracy with which it dispatched and collected mail sacks of various sizes and weights was indeed a revelation.

"This 'System,' considering the simplicity of its construction and its perfect precision and execution is destined to occupy a niche in the hall of revolutionary mechanism and fill a want that has long been felt by the governments and railroads of the world.

The Hupp Automatic Mail Exchange company, whose general offices are at Kansas City, Mo., has arranged to continue these demonstrations for the next thirty days, which are under the personal supervision of the inventor, Albert Hupp.

## Foils Holdups, Gets Beat Up, Then Loses \$500 Diamond Ring

E. P. Gamble, head bookkeeper for the Carpenter Paper company, lost a diamond worth approximately \$500 and was badly beaten last night when he was held up by three men on Tenth street near Farnam.

Gamble says he was on his way down to his office, where he had some extra work to complete, when he was set upon by the men and that in the scuffle that followed he slipped his ring from his finger and threw it across the street. The stickup men hurriedly searched him and finding nothing of value struck him several times upon the head with a piece of billiard cue.

Gamble made his way to the police headquarters and the dragnet was spread for the men, but at midnight they were still at large. Another squad of officers searched the vicinity of the robbery for the ring, which Gamble said he threw away, but they were unable to locate it. The police believe that the robbers saw Gamble throw the ring and while two of them were beating him the third picked up the jewel. Police Surgeon Edward Ash attended Gamble's injuries and he was later taken to his home, 43 South Twenty-fourth street, in the police emergency automobile.
