Murderer's Death Defeats Necessity of Filing Charges

Jim Muse, who murdered his wife and Florence Banks in a terrific imbroglio on Cuming street last Friday night, died yesterday morning at 7:30 o'clock at St. Joseph's hospital.

A charge of murder was to have been filed against Muse yesterday, following the findings of the coroner's jury, which inquired into the case Tuesday.

Though otherwise injured in the fight last Friday night, death was due to injuries sustained when he jumped from the second story of the hospital Tuesday night in an attempt to escape. Following this escapade, he was taken back to jail and lodged in the same cell with Sebastian Puglisi, held for the murder of Constable J. A. Woods.

Thursday night Muse's condition was such that it was necessary to take him to the hospital, and an examination made by police surgeons showed that his back had been broken in the jump for liberty. The lower part of his body and his legs were paralysed as a result.

An inquest will be held today by Coroner Crosby to determine the cause of Muse's death.

Gayety Girls Selling Bees for Charity

MEMBERS OF BURLESQUE COMPANY PLAYING AT THE GAYETY RAISING FUNDS FOR SURVIVORS OF THE TITANIC DISASTER.

Like real, honest-to-goodness newsies, Marie Allen, Ray Lynn and Nellie Flora of the Columbia Burlesque company, playing the Gayety this week, sold *The Evening Bee* in the lobby after the matinee yesterday afternoon.

It was for charity and after it had been announced from the stage that the proceeds from the sale of the papers was to go to the Titanic sufferers, there was

pushing and shoving to buy. The pretty girls sold more than half their supply in the theater lobby and then went into the streets to compete with the newsboys. And Moxy Bernstein was there to see that the boys did not resent the strong competition, for strong it was, even though the girls refused to give back to the purchaser any change.

That didn't bother the purchasers,

either. From the short time it took to fill those "newsies" handbags, it can be judged that they did not meet many (as they called 'em) "tightwads."

The money taken in by the trio will be turned in to The Bee to be forwarded to New York, where there are now so many suffering from the Titanic catastrophe. The girls will sell *The Bee* after each matinee this week.

Park commissioners have received the second carload of material for the orange peal dredge purchased with money given by Mrs. Selina C. Cornish, the donor of Levi Carter park. As soon as all material has arrived the dredge will be assembled and used on the Iowa side of Carter lake. The south bank of the lake will be built up for the boulevard, which will run that way.

Preparation is being made to begin the season's work of dredging at Carter lake.

The hydraulic cutter dredge has been

made ready and a barge is being built at the new boulevard entrance to Levi Carter park, near Sherman avenue, to retain the mud that will be taken from the lake bed.

EROSION DESTROYS LANDS

Three Hundred Heavily Laden Cars Dumped Into Missouri.

LARGE ORCHARD SWEEP AWAY

Near Folsom and Bellevue Rushing Waters Are Eating Far Into the Land and Course of Stream May Be Changed.

The Missouri river continues to cut away the banks and low lands in lowa near Folsom and almost directly opposite Bellevue. The Burlington had a large force of men at work trying to stop the damage, but efforts proved fruitless. The work consisted of dumping into the river 300 condemned box cars loaded down with scrap iron, bags filled with sand and rock.

So strong was the current where it set in against the shore that these cars loaded with tons of iron and stone were picked up as if they were blocks of wood and whirled away from the points where it was intended they should be sunk.

Orchard is Uprooted.

In several places the current cut away portions of several farms, one man losing an orchard of forty acres, the trees in which were from a foot to eighteen inches in diameter. They were undermined and carried into the river. Erosion is going on very rapidly. The land is underlaid with sand and as this is washed out, the soil above drops away in great tracts, as much as five and ten acres at a time.

The tracks of the Burlington were severed hundred feet back from the former bank of the stream. For three miles the river has cut up as far as these tracks and a long section of the roadbed has dropped out of sight.

May Divers Channel.

A mile east of Folsom there is an old creek bed that is now quite a large sized stream. It empties into the Missouri nearly opposite the south line of Cass county, Nebraska. Between where the cutting is now going on and this creek the land is level and low. Pears are expressed that as the river cuts through the creek the channel of the river will follow the cut and the main current will move over from two to five miles east, leaving Plattsmouth, Nebraska City and several other towns inland. In this event it would leave the Burlington's bridge high and dry over a sand bar with the river running eight on ten miles east of Pacific Junction.

Rissie is Sentenced for Abusing Father

Evidence showing that Ernest R. Rissie, aged 49 years, has abused and persecuted his father, Chris Rissie, of 1907 South Tenth street, for years was brought out in police court when Rissie was tried.

Mr. Rissie, the parent, aged 65 years, testified that his son had worked only now and then during the last fifteen years, and in that period had been mistreated by him frequently. The father said his wife died only recently and that she had prevented the son from injuring him when she was alive. Now that his wife is dead Rissie asked the court to protect him from the son.

Rissie made no defense and was sentenced to forty-five days in jail.

SAME SUCCESS HERE AS IN EUROPE

Physicians Delighted by What New Tonic, Tona Vita, Has Done.

Tired out, run down half sick people are not so numerous as they were a year ago. "Tona Vita" the great modern tonic has proven as successful in the United States as in Europe, and many thousands of Americans have been built up and restored to health by this medicine.

The physicians who introduced "Tona Vita" in this country are enthusiastic over the remarkable success of the medicine, and those who have been restored to health are also glad to tell what their experience has been. Mrs. Smith, of Rochester, N. Y., a trained nurse for sixteen years and a graduate of Bellevue Hospital, New York City, says:

"I have had no opportunity to take sufficient rest and during the past year this has told on me. My nerves began

to trouble me. I have not been sleeping well and my appetite and digestion were not as they should be. I tired easily and did not have the vitality to withstand a hard day's work as formerly. This tonic 'Tona Vita' was recommended to me and I decided to give it a test. I have been greatly benefited in health and strength by this medicine. I sincerely believe the tonic to be highly meritorious judging from my own experience."

Do you lack strength and vitality? Did you take cold easily and sleep poorly? Are you nervous and depressed? If so you are a sufferer from nervous debility, and should at once get a bottle of Tona Vita and see how quickly it will build you up.

Sherman & McConnell Drug Co., 36th and Dodge, Owl Drug Co., 16th and Harvey; Harvard Pharmacy, 24th and Franklin Sts., and Loyal Pharmacy, 207-3 North 18th St. is the agent for Tona Vita in Omaha. Your money will be returned to you if you are dissatisfied with the tonic. The Approved Formula Co., Dayton, O.
