BAY STATE VOTES TUESDAY

Many Candidates Looking to Massachusetts Result.

ACTIVE CAMPAIGNING TODAY

First Presidential Preference Primary Ever Held in State-Ballot Long and Complicated-Count Will Be Long.

BOSTON, April 29.-The answer of Massachusetts to the campaign pleading. either personally or by representatives, of the five candidates for the presidentia nomination, La Follette, Roosevelt, Taft. nomination, i.a Forester, the made at the primaries on Tuesday. Owing to the complicated ballot and the absence of group voting it is expected no definite and it may be a day or two later before the actual identity of the thirtysix delegates to the Chicago and Baltimore conventions is known.

erence primary ever held in the Bay

As the campaign has been one of the most strenuous in years it is expected that 450,000 voters will go to the polls. The presence of both President Taft and Colonel Roosevelt in the state during the closing hours of the campaign. the fact that they selected Massachusetts for their first personal political encounter and comments from political writers outside the state, have been taken as indicating a possibility that Massachutunes of the president and the only liv-

ing ex-president.

Whether Senator La Follette will be a factor on the republican side and whether Governor Wilson or Speaker Clark will receive additional strength by eason of the Massachusetts primaries is

matter of much debate. In giving Massachusetts a presidential preference primary, the legislature failed to make any provision for circle voting by groups. On the republican ballot by groups. On the republican ballot there are three sets of delegates, eight for Roosevelt, eight for Taft and one candidate also piedged to Taft. La Foilette, Roosevelt and Taft appear in the

presidential preference column.

There are sets of Roosevelt and Taft selegates in each of the fourteen congres the Roosevelt candidates will run on stickers. Republican voters must mark eight delegates-at-large, two district delegates and for one of the presidential

There is a possibility, which is not regarded as probable, of a pledged Taft delegation of eight delegates-at-large with a state preference for Roosevelt. It would also be possible to choose a ma-jority of district delegates for Roosevelt throughout the state with a total preference vote in the state for Taft. It is generally expected, however, that the voters will follow the marking of the eight names in one group with similar preferences on the rest of the ticket. Peculiar Situation.

usual. There are fifteen candidates for delegates-at-large, ten of whom are pledged to Governor Foes, and one to Governor Wilson, while four are without pledges. At least three of the democratic candidates for delegates at large who are ledged to Govenor Foss, seem certain of though Governor Wilson might win the presidential preference, he could obtain out one delegates at large.

In four of the fourteen congressional only two delegates are named and are therefore sure of election. hese three are pledged to Poss and it is generally expected that a majority of the Massachusetts delegation to the Baltimore convention will be on record favoring him, although he declares hi

is not a candidate. Claims of the political managers vary greatly. the Taft forces predicted today that the four out of thirty-six delegates. City claims victory in the Second, claims victory in the Second, Third, Fourth, Sixth, Seventh, Ninth, Tenth, Eleventh and Fourteenth congressional districts and a fighting chance for the eight delegate-at-large. Governor Wilson has been the only democratic candidate to speak in Massa-

chusetts. Former Congressman McNary, today that the outlook is encouraging.

The Champ Clark campaign has been almost as quiet. Congressman Curiey said today he believes a great majority of the democrats will favor Clark. Voting on Tuesday will begin in Boston at 5 a. m., but in most of the cities and

towns, the balloting will be later in the day and in three-quarters of them the polls will not close until 9 p. m.
