PRINCE SEES COLUMBUS DITCH

State Engineer Makes Tour of Inspection of Big Project.

FARMERS RAISING OBJECTIONS

Educational Officers Busy Inspecting State Schools—Harris of Alliance Will Escape Ouster Suit at State's Hands.

(From a Staff Correspondent.)
LINCOLN, April 29.—(Special.)—D. D. Prince, state engineer, has returned from an inspection trip over the route of the proposed power projects in the vicinity of Columbus, embracing the Babcock and Koenig ditches. No work has been done on either of them so far as power development is concerned, though on the Babcock project considerable ditch has been dug on the irrigation end of the scheme. This was done a number of years ago and has been in use, through the rainfall in that section has been great enough to prevent any large utilization of the water for this purpose. In one place where the ditch was originally dug for irrigation purposes, it is now being used as a drainage ditch to carry water off of low, swampy land.

One feature of this and all other power projects along the Platte river has developed which had not been contemplated. Farmers who are familiar with the vagaries of the Platte river are fearful that if the power ditches are dug, carrying the river over lands not within reach of the river, the stream will take a notion some time to abandon its old channel and take to the power ditch. Engineers, however, scout the idea, as they say the lesser fall in the ditch, except at the point of discharge at the dams, will be so much less than that of the river that the current will have a tendency to change its channel and that diversion dams, for use during low and medium stages, will be necessary to get water into the ditches. These dams will not be high enough to effect the flow during high water.

Judge Letton, who is at Excelsior Springs, Mo., recuperating his health, reports that it is improving and expects to be well in a short time.

Labor Commissioner Curre has returned from Omaha, where he filed information against the proprietor of one of the big drug stores for keeping women clerks after 10 p. m. Some time ago when the grand jury was in session, this case, along with some others was brought before that body and the proprietor promised to comply with the law and no indictment was returned. As soon as the grand jury adjourned they put the women clerks back at work, hence the prosecution.

The janitors on the capital grounds have commenced their annual job of cutting the lawn. Some time ago when they were busy shoveling snow they were certain they would rather cut grass, but now that the grass season is on they are debating which is the more enjoyable occupation.

F. C. Hurd, of the physical valuation of the railway commission, will go to Topeka, Kan., May 1, to attend a conference of engineers of the valuation departments of the state of Wisconsin, Oklahoma, Texas, Minnesota, South Dakota, Iowa and Kansas. The engineers of the various states will compare notes in an endeavor to arrive at uniform methods of procedure and also exchange ideas as to valuations.

Assistant State Superintendent Elliott has gone to Peru to inspect the Normal school. Superintendent Delzell has a busy time ahead of him in May. On the 24 he will go to Emporia, Kan., where he is one of the judges in the interstate debate of the normal schools. May 10 he goes to Arlington to attend a meeting of teachers and on the following day a similar meeting at Cowles. Then comes a series of graduating exercises as follows: St. Paul, May 15; Gresham, May 16; Orchard, May 17; Waco, May 22; Franklin, May 23; Greenwood, May 24. May 25 he goes to Fremont to attend the eighth graduation of the Dodge county rural schools.

Adjutant General Phelps reports the only salvage on the equipment of the Omaha militia companies to be a quality of ball ammunition, which came through the fire unharmed. This ammunition was in packing cases, some of which were badly burned, but little of the ammunition was injured.

The town of Schuyler has sent in for reforestation \$2,000 worth of seed buds. The Nebraska Northwestern Railway company has asked the railway commission for permission to issue \$200,000 in common stock and \$200,000 in bonds. The company was incorporated a few months ago with a capital stock of \$200,000 for the purpose of constructing a line of railroad from Springfield, Ky., to Paha county, to Bassett, Rock county, on the main line of the Northwestern road. Keya Paha county has never had a railroad and various plans to get one have all failed up to date. This one is favored by local people, but who is back of it does not appear from the papers. The proposed line will be twenty-five miles long. The application was accompanied by a detailed statement of what it was proposed to do with the money raised by the stock and bonds issue and this was referred to the valuation department of the commission to check up before the commission acts on the petition.

Attorney General Martin has decided not to commence ouster proceedings against Mayor Harris of Alliance as requested to do by the governor. The governor made the request on the strength of a petition signed by members of the Box route county grand jury. The decision not to commence action was reached when it was ascertained that Mr. Harris term as mayor expired by limitation on May 7 and it would not be possible to get any action on the petition before that time. It is intimated, however, that the governor's instructions have had the desired effect, which was to induce Harris not to run for re-election.

The cases of Albert D. Weipson and Lawrence H. Duff, bankers of Greenwood charged with embezzlement, will not be tried at the May county grand jury. The decision not to commence action was reached when it was ascertained that Mr. Harris term as mayor expired by limitation on May 7 and it would not be possible to get any action on the petition before that time. It is intimated, however, that the governor's instructions have had the desired effect, which was to induce Harris not to run for re-election.

The fate of Albert Prince, the colored man tried for the killing of Deputy Warden Davis at the penitentiary, is now with the jury. The taking of testimony was concluded before noon and each side was given an hour and a half for argument. Deputy Sheriff James C. Elkensberry was on the stand this morning. He was formerly a guard at the penitentiary and said that Prince had generally been a model prisoner and that he had noticed no change in the demeanor of the

State Will Contend Ouster Suit Should Be Heard Through Republicans File Expense Accounts

(From a Staff Correspondent.) LINCOLN, Neb., April 29.—(Special Telegram.)—The final day for filing expense accounts under the law for candidates in a primary election, finds all the republican candidates for state offices in the clear. Fred Beckmann, for land commissioner, being the last to get in. His expenses were \$25.50. All are also within the limit prescribed by law.

Three of the La Follette-Roosevelt candidates for delegates reported and each admits having donated \$15.71 to the La Follette league. Their total expenditures were as follows: Nathan Merriam, \$26.46; J. E. Baum, \$15.71; John W. Towle, \$17.12.

Others who filed reports were R. B. Howell, republican candidate for national committeeman, \$44.67, of which \$35 went to the La Follette committee; Ernest F. Monrop, Shilton, democrat, state superintendent, \$28.75; W. A. George, republican, state treasurer, \$20.84; James Dean, democrat, elector, nothing; M. Brunker, prohibition, state treasurer, nothing; Charles H. Sloan, republican, congress Fourth district, \$11.30; W. A. Prince, republican, congress Fifth district, \$28.75; W. B. Eastbach, democrat, land commissioner, \$5.00; B. M. Simms, democrat, railway commissioner, \$7.71; John A. Maquire, democrat, congress First district, \$11.30; W. B. Howard, a republican, auditor, \$24.25; M. W. Terry, democrat, attorney general, \$20; Benjamin S. Baker, republican, congress Second district, \$40; C. O. Lobeck, democrat, congress Second district, \$17.40.

Jury is Secured To Try Flege Case

PENDER, Neb., April 29.—(Special Telegram.)—The jury in the case of William Flege was completed and sworn today at 3 o'clock. The jurors are Tawney county farmers and are as follows: W. G. Brink, Rosalie; John Van Houten, Winnebago; Charles Day, Rosalie; John Brown, Walthill; J. D. Vele, Winnebago; Fred Stewart, Walthill; George Hayne, Pender; O. M. Hamilton, Pender; Robert Ottens, Thurston; W. W. Walters, Rosalie; Walter Bell, Decatur; Tracy Dillard, Winnebago.

After the completion of the jury the attorneys made a statement of the case and indicated the different facts which would be brought out in the evidence. The statement for the state was made by C. A. Kingsbury, prosecuting attorney of Dixon county; the statement for the other side by Fred Berry, one of the attorneys for the defense. The court adjourned until 9:30 tomorrow morning, when the taking of evidence will begin. The court room was nearly filled this afternoon while the attorneys were making their statements. The jury selected is considered an able and fair-minded one by those acquainted with the men.

Cowles Defends Fare at Hospital

(From a Staff Correspondent.) LINCOLN, April 29.—(Special.)—Land Commissioner Cowles, who has direct charge of the state tuberculosis hospital at Kearney, has the following to say regarding the complaint of Nellie Mateox of Omaha that she did not have sufficient food while at the institution and that she was compelled to wash dishes and do other work which was not able to do: "There is plenty of suitable food provided for the patients at the hospital, such as eggs, fresh meat, breakfast foods, fresh fruit, and canned fruit, rice, in fact, the diet is designed particularly to suit the disease from which they are suffering."

"I have been at the hospital repeatedly and talked with the patients and have not heard any complaint from them. If I am not mistaken the woman who complains gained in weight while there. It is customary in the case of patients who are subject to hemorrhages to reduce the food allowance somewhat, as hearty eating aggravates this symptom and it is possible she may be one of these and this is the cause of her complaint."

State Brings Suit To Get Shortage

BEATRICE, Neb., April 29.—(Special Telegram.)—Suit was instituted in the district court today by Attorney General G. G. Martin against Dr. G. L. Roe, superintendent of the People's Mental Institute here during Challenberger's administration, to collect \$2,750.25, alleged to be due the state. Dr. Roe's bondsmen, the American Bonding company of Baltimore, is also made a party to the suit. T. E. Stewart, bookkeeper at the institute under Dr. Roe, was arrested soon after Dr. Thomas, the present superintendent, was appointed on the charge of misappropriating the sum in question. After a trial lasting a week he was acquitted by a jury in the district court.

HASTINGS PRESBYTERIAN PASTOR DECLINES CALL

HASTINGS, Neb., April 29.—(Special.)—Rev. C. W. Weyer, of the First Presbyterian church of Hastings has declined a call to the First Presbyterian church of Pueblo, Colo., the largest church of any denomination in that city. The offer was very attractive, the salary being a third larger than the one he receives here. Mr. Weyer has been eleven years in the ministry—five and a half years at Fremont and five and a half here. Since he came to the Hastings pastorate the church has advanced in point of membership from the rank of seventh to second among all Presbyterian churches in Nebraska, and it is believed that none has a larger average attendance. The church building is considered to be the finest possessed by the denomination in this state. Notwithstanding the heavy cost of the improvement there is not a dollar of indebtedness against the church, either for the building or for the current expense.

State Will Contend Ouster Suit Should Be Heard Through

(From a Staff Correspondent.) LINCOLN, April 29.—(Special Telegram.)—The attorney general's office, through Deputy Attorney General Ayres, has filed a brief in the case of Ryan and Pivonia. South Omaha police commissioners, against whom ouster proceedings were brought. The defendants ask that the action be dismissed as the term of office they were serving when the action was commenced had expired. The attorney general contends that so far as the supreme court knows the term has not expired and is bound to consider the charter, which extended the terms until May, 1912, was valid until declared invalid by the supreme court, and that the validity of that charter was not a part of the pleadings in this action.

The state insists the ruling of the district court for Douglas county is not judicial notice to the supreme court that the charter is invalid, and that they are serving the same term as when the action was commenced. Even in the event the term has expired and they are now serving by reason of a re-election the state relies on a decision in an Iowa case in which the supreme court held that the object of the law was to remove an unfit officer, and it did not matter whether it was in a preceding term or in the term during which the action was tried.

Hilyard Resigns; Teeter is Named (From a Staff Correspondent.) LINCOLN, April 29.—(Special.)—Commandant Hilyard of the Soldiers' and Sailors' home at Milford sent in his resignation today to Governor Aldrich and the latter announced the appointment of Joseph Teeter of Lincoln, to the place. The appointment is to be effective as soon as the former commandant can wind up his business affairs at the home, not later than May 15.

In his letter of resignation Commandant Hilyard thanks the governor for his "unplaced confidence." It has been rumored for some time that the resignation was to be forthcoming, owing to friction at the home, which resulted a few weeks ago in the resignation of the engineer, the matron, who was the wife of the engineer, and the expulsion of several of the inmates. In fact, there has been trouble at the home ever since Governor Aldrich's term commenced. He first appointed Henry Howard of Elk Creek as commandant. He was relieved from duty after there had been considerable trouble culminating in a fight between the commandant and one of the inmates, and Hilyard, whose home is near Superior, was named. This did not appear to settle matters and the naming of Teeter is the latest development.

Teeter served in the civil war as captain of Company I, Thirty-fourth Illinois Infantry. In 1891 he was department commander of the Grand Army of the Republic, Department of Nebraska, and has always been prominent in Grand Army affairs.

ALLEGED HORSETHIEF ARRESTED AT SEWARD SEWARD, Neb., April 29.—(Special Telegram.)—A farm laborer who gave the name of James Thompson, was arrested here early Sunday morning on a charge of stealing a team of brown horses from Howard Dickinson, a farmer who lives near Bee, for whom he had been working. He had arranged to sell the animals to a traveling horse buyer, and was on the way to a livery barn when they were recognized by a neighbor of Mr. Dickinson, who notified the sheriff. Thompson was arrested and this morning pleaded guilty and was bound over to the district court. He was unable to give bond and was locked up.

SURVIVOR OF TITANIC IS VISITING AT RAPID CITY

NORFOLK, Neb., April 29.—Mrs. Mary Hewlett of Lucknow, India, a first cabin Titanic survivor passed through here en route to Rapid City, S. D., to visit her son, F. R. Hewlett. Mrs. Hewlett was awakened by confusion on the steamer and slipped on a fur coat over her nightgown. When she reached deck sailors hurried her into lifeboat No. 12. The lifeboat was nearly crushed by another lowered immediately after. Mrs. Hewlett saw the big liner disappear under the waves. Her son did not know she had been rescued until a few days ago.

CONGREGATIONALISTS WILL MEET AT LIBERTY

BEATRICE, Neb., April 29.—(Special.)—The thirty-seventh annual meeting of the Lincoln Association of Congregational Churches will be held at Liberty, this county, Monday and Tuesday of this week. Many of the ministers of the district will appear on the program. Rev. Mr. Packard will be installed as pastor of the Liberty church at the meeting.

Kansas City Faces Deficit of Seven Hundred Thousand

KANSAS CITY, Mo., April 29.—In the face of a deficit estimated at \$700,000 in the funds of Kansas City, M. A. Flynn, city controller has said that he would not certify any appropriations of the new city administration until there is money to meet them. He estimated the revenues for this year at \$2,500,000.

Until expert accountants make their reports the controller refuses to make a statement regarding the amount of the deficit by reason of the condition of the accounts of George Pearson, his predecessor, who died at a hotel in Chicago April 20, five days after going out of office.

PRIMARY LAW'S WORKINGS

Cumbersome in Operation When Ticket is So Long.

BRYAN AND HITCHCOCK HIT

Two Democratic Leaders Unable to Swing Things as They Liked in Nebraska—Sore Spots in Evidence.

(From a Staff Correspondent.) LINCOLN, April 29.—(Special.)—With enough of the primary returns known to indicate who is nominated, about the only ones who are taking any interest in the affair are those whose duty it is to complete the official results and some who have been studying out the workings of the present law. The practically universal comment is that the law, in its operation has proven too cumbersome, but when it comes to providing a remedy they all confess their inability at present at least to prescribe. Wherever politicians gather, however, it is generally conceded that some move along this line is practically certain to be made when the next legislative meets and they are hoping that between now and then some one may be able to evolve a workable plan.

How to Secure Votes. Another thing connected with the primary is becoming apparent. When first returns came in the general comment was that under the present system, the many who were unwilling or unable to spend a large amount of money in a campaign of advertising and personal solicitation, stood no show. Results in this respect are somewhat mixed, but as the expense accounts are filed and compared with the names of successful ones this claim is not so clear. The men who spent the largest amount of money were not nominated, but one thing in this direction does stand out and that is that a candidate who without the expenditure of considerable money would not have attracted any considerable number of votes, can by liberal expenditure make it decidedly uncomfortable for others. There are several such instances in the recent primary campaign.

Dem Leaders Scanned. In the democratic camp it is common talk that both Bryan and Senator Hitchcock came out of it considerably disfigured politically, for certain it is that neither obtained just what he wanted, though both are sent to the national convention. The lineup of all Bryan's intimate political friends with Wilson, taken with the sorry showing that candidate made in the primary, has been the cause of many very faces in the Bryan camp. On the other hand, Hitchcock's favored candidate did not make much better showing. Hitchcock's man did capture some delegates, but Bryan has the satisfaction of heading the poll in the list of delegates. The result of the contest for governor, taken in connection with the injection of the liquor question into the campaign by the successful candidate, is also causing many democrats in this section of the state to rub sore spots and the pain shows no indication of subsiding under the massage treatment.

Ten Millions Loss When Bazars Burn in City of Damascus

CONSTANTINOPLE, April 29.—The great bazar quarters in Damascus have been destroyed by fire. Several persons were killed and many injured and the damage is estimated at \$10,000,000. The fire began at midnight Friday and lasted until late Saturday night.

Damascus, one of the holy cities of the Mohammedans, capital of the vilayet of Syria, is noted, among other things, for its numerous bazars. These are designated by the name of some particular trade or commodity. The bazar quarters comprise long streets covered with high woodwork and lined with shops, stalls, warehouses and cafes. The Greek bazar, one of the largest, was rebuilt after its destruction by fire in 1901. In the midst of the bazars stands the house of Asad Pasha, one of the handiwork in Damascus. There are many miles of these bazars, all of which are luxuriously fitted up.

SECRETARY BARR LEAVES HARDWARE ASSOCIATION

(From a Staff Correspondent.) LINCOLN, April 29.—(Special.)—J. Frank Barr secretary of the Nebraska Retail Hardware Men's association, has resigned on account of entering other business. Barr has been secretary for seven years and is credited with a large share of the success and growth of the organization during that time. N. Roberts of Omaha, one of the directors, succeeds to the secretaryship.

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all the tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFIELD REGULATOR CO., Atlanta, Ga.

S.S.S. NATURE'S PERFECT TONIC

Something more than an ordinary tonic is required to restore health to a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble. In S.S.S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and invigorating the system. The healthful, vegetable ingredients of which S.S.S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S.S.S. aids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body. THE NOSE A FILTER TO STRAIN THE AIR

Catarrh, Clogged Nostrils a Breeding Place for Deadly Germs.

The nostrils are perfect "air filters" and, when kept in clean, healthy state, strain every bit of air we breathe, catching all dust particles, foreign matter and germs. The air is full of germs. You cannot dodge them, but you can safeguard yourself against catarrh and other diseases contracted in the process of breathing by keeping the nostrils clean and healthy. Catarrh germs will sometimes get in their work, and you may mistake the symptoms for an ordinary cold.

Don't take any chances. If you have a stuffed up feeling in the head, or if your throat is sore or filled with phlegm, just grease the nostrils with a little Ely's Cream Balm, draw the pure, aromatic fumes back in the head, and you will be astonished at the effect. In a few minutes you feel a loosening up in the head, the nasty discharge will soon be stopped, the soreness gone, and you will feel a sense of genuine relief.

Ely's Cream Balm not only wards off catarrh, but will quickly cure even a chronic, longstanding case of catarrh. It takes the trouble right where it starts, in the nose and throat, cleanses, heals and strengthens the raw, sore inside skin, or membrane, and in this way drives out catarrh and makes you proof against this filthy, disgusting disease.

Summer Colds, which often hang on for weeks, can be quickly cured with this cleansing, healing, antiseptic balm. All druggists sell it for fifty cents a bottle, and the one bottle is generally all that is needed to effect a complete cure. Try it today.
