To the Man With a Prejudice Against Low-Priced Suits—

we wish to say: Hold on to your prejudices by all means, but come to our men's clothing store and see if the summer suits we are offering at \$15.00 do not drive away your prejudice. The young men who must always have the "latest" things, the man who is more conservative in his tastes and many of this city's best known professional men, have purchased from our \$15.00 lines for one reason or another. They are men of judgment—men who know clothing values—and they tell us that our \$15.00 suits are the equal of many they have found at other places marked at \$20.00 to \$25.00. Of course, there are other suits at \$10.00 to \$25.00, but we are willing that you judge our entire clothing stock by the value offered in the \$15.00 suits.

Many Young Men are Quite Enthusiastic Over Our "National Student" Clothes

They're made by tailors who have spent their lives in designing and making young men's clothes. The fabric, cut and finishing show that their knowledge has been applied in a remarkable degree, and the assortments presented for the young man's choosing are satisfying in the extreme. Sizes from 31 to 38 at \$7.50 to \$15.00.
