

Does the Back hang right? Do the Shoulders set precise? How's the Collar? And the Lapels? All Fine! Eh? Great! Certainly—It's a Geo. Brooks Suit.

A good piece of goods and careful make up isn't ALL. FIT counts TOO. If I were not particular (my salesmen say cranky) about FITTING UP the clothes you buy of me, you would lose confidence, and my finely planted corner stone of business success would grow wobbly. Try me out friend; I am serious about this.

And "George" has a modest price range \$15.00 \$20.00 \$25.00

When you ask: "Brooks, what's your VERY niftiest?" I answer: "Society Brands." Wear 'em this spring.

Dahlman's List of Election Officials

Mayor Dahlman says the list of election officials which the council refused to approve was the same—with but few exceptions—as those appointed for the city primary.

135 officials (out of 320) who served at the city primary were dropped and 135 substituted. WHY?

In many precincts where the Citizens' Union candidates ran strong at the primary, every member of the election board (or a majority) has been dropped and men "satisfactory" to the mayor substituted. WHY?

Here is a complete list of those who were dropped and those who were substituted in their places. Note particularly that there were no changes in the Second and Third precincts of the Third Ward. WHY?
