Judgments

THAT was a bitter jolt the Bourkes suffered at St. Joseph's four straight loss. "What's the trouble?" was the question at home. "Is it the pitchers, or is it the lack of batting?" Well, it was both, apparently, connected with a few other little things that always happen in the course of a base ball season. We did expect the team to split even, at least in Missouri, although Holland has a fast bunch. But things improved when the team got home, that is, the line of fortune changed. Three straight from Des Moines helped some and served to infuse a little needed ginger in some souls. The team ought to be up in the front before long and we shall feel like taking a hand ourselves if it is not. It has been vastly strengthened in Johnson, the slugging catcher. He just wallops the ball for fun and he hits in the pinches better than at any other time. He is apparently the freest hitter Bourke has had since George Stone's day. Nothing short of two or three hits a game seems to satisfy him. If Hickory continues the way he has started, Manager Arbogast is not likely to feel constrained to do much active work, himself. A consistently hitting catcher is one luxury Omaha has not had for, these many days. It will help things very much when Bert Niehoff gets his hands on the ball. He has been late in starting with the bat, though he is there all the time with everything else. That infield, by the way, particularly Kane, Justice and Niehoff, is working like a clock and young Scanlon is coming with Wanner to keep up the round robin with him. So far as the outfield goes, there is nothing to it but the best. If the pitchers hold up, if they come through, that ought to make the team as least a contender. And we certainly think there should be no long delays about the pitchers coming through.

Pete's young pitcher, Ryan, won his first game. He is a hardworking youth and probably all right. We'd like to offer this friendly bit of advice—don't be so careless of the spectator's time. Mr. Ryan, you gain nothing by such a painfully slow plan of action. This one thing does a lot to mar the interest of a game and there is no use in it. The games are called fifteen minutes earlier than formally in deference to the popular wish of the fans. Now, certainly the umpires should follow this up by compelling the pitchers to make the best use of their time.

It begins to look as if Jake Stahl would keep Mr. Athletics as busy as they care to be winning that 1911 pennant. Jake has "come back" so blamed fast as to keep the heads of the rest of the managers spinning. Jake has had a couple of years in a bank and has learned the discounting system. He wouldn't be content with anything short of about 90 per cent. And it's up to Jake to jump along with his Red Sox, for old man King is a coming with his Beane. Boston is being restored to the base ball map.

Mr. Chance, though down and out so far as playing goes, is rather tenacious in his desire to keep his team in first division. The old Cubs are clawing them all a little, with the chances of a fierce fight when fully aroused. Chicago is likely to have a real place in the business again this year. Callahan's Sox are simply running at break-neck speed and show no signs of slackening their speed. Cal is another of the old boys whose come-back was no joke.

That thirteen-rounder battle between Omaha and Des Moines Friday was worth the money and Omaha was not so superstitious that it feared to win in the thirteenth. And here again we are forced to speak of our slugging catcher, Johnson, who broke up the game in Omaha's behalf with a two-bagger, at least, he started the breaking which Scanlon completed. The young man, Hicks, with some very handy pitching, had a vital part in things.

The Phillies are starting out with the worst run of luck even they have had for years. Doolin, Doolin, Knabe and Walsh all went down and out temporarily within a few days and that at the beginning of the season when all were most needed.

Jack Thomas featured in the game here Thursday by hitting into two double plays when he had chances to score a pair of runs. Jack really has got by his slugging days, it seems.

O'Toole is still delivering. Gee, a \$12.50 pitcher has only one chance. He can't afford to lose more than once or twice in a season, or his manager will go broke.

Izy's Iowans are taking their time about starting. Izy is diffident, himself, about getting in the game. The old fellow must be playing a joker somewhere.

As yet no one has been hurt in the rush to buy seats for the Jack Carley "white hope" show. The memory of Labor day is still fresh.

It is believed that Owner Hedges of the St. Louis Browns might get a better team with better salaries. Impossible!

Well, now all of those St. Joe stars are back from the majors, aren't they?

The judges are taking to those three free days too.

The Blatz team has reorganized for the season and is ready to book games with any or all teams in or out of Omaha. They would especially like to book games with Wagnans, Hollys, Farrells, Independents or Spauldings of Omaha and the Cubs, Ramblers, Americans and Dundees of Council Bluffs. Pete Karloski has signed up with the Blatz and Horace Gillespie, his mate partner, will also be seen with a Blatz suit on. Roy Stacey will manage to team and would like to book games with teams in or out of Omaha. Call South 128 or address 22 North Twelfth street, South Omaha. The Blatz will play the Council Bluffs Ramblers at Merchants' park today. A good game is expected as both teams are in shape and claim a victory. The lineup will be:

Two tennis teams have been chosen at Creighton university from the winners of the free-for-all tournament. The first team is composed of Lawrence Bushman, Joe Adams, Edward Smyth and Gerald Duffy, as they were the last men in the tourney. Lawrence Bushman has been elected captain. Both Adams and Bushman were on the varsity team last year, while Smyth is a brother to Bernard Smyth, last year's individual champion in the tournament. Duffy is a freshman and almost won a place on last year's team.

The second team is composed of Cyril McCarthy, George Riley, Julius Festner and Charles Hamilton.

Drawings for the girls' annual spring tennis tournament of the Omaha High school were made by Miss Bes Dumont, physical training instructor, yesterday. The preliminary round will commence tomorrow, the entrants playing at Happy Hollow, Miller park and at the Field club.

The girls' silver trophy cup, now in the possession of Miss Laura Zimmerman, "I, twice winner of the coveted first place honors, will be competed for again this year. She will be called upon to defend her title.

An innovation for the girl tennis enthusiasts will be decided upon at the weekly meeting of the faculty athletic board of control this week when members will take up the matter of awarding tennis "cups" to the four girls who make the best showing at the racquet game. So far the gentler sex has never been awarded the coveted emblems in any branch of athletics and many of the faculty are inclined to think that the idea of giving the girls some encouragement in their games would prove a success.

Forty-eight girls will take part in the tourney. Following are the drawings:

DWYER HAS GOOD TEAM AND FANS ARE WITH HIM

The Lincoln 'Lopes have had their share of tough luck, but now that they are getting their stride they ought to show the league some class. Bill Dwyer has a good club, and once he gets his machine working with all six cylinders chugging smoothly it will be a tough nut for all comers to crack. The club owners and writers around the circuit have a lot of sympathy for Don Despain. Misfortune caused his failure last season. It would seem that he has had his share. But as the old adage goes, "It never rains but it pours." Don seems to be in it for a season or it. There is not a truer sportsman nor a better fellow connected with the Western league than Despain. And the best of it all is that the fans are still sticking with Don.

St. Joseph Outfielder is Clouting the Ball at .500 Clip.

JOHNSON LEADS FOR ROUKES

"Old Hickory," the New Catcher, Going Good, Getting Hitting Hits in the Twenty-One Times He Has Been Up.

Zwilling of St. Joseph, displaced his team-mate Barker Borton as head of the sluggers in the Western league in the last week. Zwilling is leading the entire bunch, by clouting the ball with all the power at his command. In forty-eight times at bat he has connected safely twenty-four times and heads the batting list with an average of .500.

"Hickory" Johnson, Omaha's heavy hitting catcher is among the top ones and leads the Omaha batters with an average of .381. He has connected safely eight times in twenty-one times at bat. Thompson is close on his heels with .377. Seventeen batters in the league are fielding perfect ball. Arbogast, the Bourke manager, is among that number. Johnson is second for Omaha and Kane a close third. Hicks, the Bourke southpaw hurler has pitched two games, winning both, and is tied for first place with Prentiss, who has won the only game he pitched.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and produces the delicate fibres and tissues around the pores and glands and induces some of the many
