Emergency River Bill Passes Congress

(From a Staff Correspondent.) WASHINGTON, May 4.—(Special Telegram.)—The bill to appropriate \$50,000 as an emergency fund for the protection of property in Dakota county, near South Sioux City, against further damage by the Missouri river, was passed by the house and reached the senate at 3 o'clock today. Five minutes later Senator Brown secured its passage, breaking the record for time. Prompt action was necessary in order to have the fund available for use before the June rise of the river. The water has already damaged the government work and threatens to cut a new channel behind South Sioux City. Delegations from Dakota county and Sioux City have been in Washington the last week working on the matter before the War Department and with congress. Messrs Stephens and Norris of Nebraska and Hubbard of Iowa got the bill through the house, after

FRUIT CROP LOOKS WELL

Winter's Cold Has Done Very Little Harm to Orchards. PEACHES ARE ALL KILLED Apple Trees in Some Places Show Result of Extreme Low Temperature—Hyers to Ask Change of Venue.

(From a Staff Correspondent.) LINCOLN, May 4.—(Special.)—Reports to the State Horticultural society indicate that with the single exception of peaches there will be a good crop of fruit this year. Peaches, except in the southeastern part of the state, are said to be badly damaged and the bloom is dead. Blossoms of other fruits, however, show no indication of injury from the severe winter or the frosts of spring. Trees which bore a heavy crop of apples last year, however, do not carry a large amount of bloom, but what there is appears to be healthy and there is plenty to set a fair crop of fruit even on these. Plums, cherries and other fruits all promise a bountiful harvest and no further damage is anticipated from frost. Commercial orchardists have done the first spraying of their orchards and the second one will be due in about ten days.

In the north part of the state in some places injury to some of the more tender varieties of apple trees is reported. It appears to effect the wood, immediately under the bark on the upper side of the limbs, but it is thought that with a good season the trees will outgrow the injury, which is attributed to extreme cold. Frank Edgerton, assistant attorney general, is setting up the claims on account of a new girl which arrived at his home last night. Victor E. Samuelson, a baker at Holdrege, has been fined \$10 and costs for having his bakery in an unsanitary condition.

The railroads of the country are expected some time in May to settle on passenger rates to the various state and district fairs and the officials of the American Fair and Exposition association, of which W. R. Meiler of Nebraska is chairman, are preparing to submit their requests for this year's exhibitions. Senator Norris Brown filed his expense account today, which shows that he expended \$21.87.

Wayne Graduates. The following list of graduates from the Wayne normal has been approved by the Board of Certification of State Certificates: First grade certificate, Geneva Donaldson, Helen J. Blair, Edith E. Beecher, James E. Britton, Edward L. Coleman, G. E. Cress, Ida M. Jett, Ella M. Leahy, Milo J. McGee, Beatrix Marsteller, Alice M. Philo, Elvira Roberts, Mrs. Homer Scarce, Clertie C. Smith, and Jessie J. Wickham; elementary junior, Mabel Bentley and Fannie Brittle; elementary, Emma Artusson; Game Warden Miller and Fish Commissioner O'Brien have returned from a trip along the line of the Northwestern road north of the Platte river, where they have been distributing young trout to stock the streams found suitable for these fish.

A 15-year-old girl who was removed some months ago from the school of the Peesie Minded at Beatrice to the Millford home has given birth to a child and it is reported that the little one indicates negro parentage, though the girl is white. The mother, up to the time of her removal to Millford, was an inmate of the Beatrice institution and the reputed cause of her condition was also an inmate of the same school. He had wit enough, however, to run away when the girl's condition became known and his present whereabouts is unknown to the state officials. Randall Issues Circular. C. A. Randall, state fire commissioner, is sending out another circular to dealers in gasoline urging them to make haste in complying with his order that all gasoline kept in quantities of more than five gallons shall be put in underground receptacles. He does not set any definite time in which they must comply with his order, but urges the necessity of prompt action. Labor Commissioner Guys is sending out notices to manufacturers who up to date have not filed with his office the report required by law. These reports relate to wages paid, number employed and value of product. There are some 80 concerns on his list which have not yet reported. McCook Complaint is Up. The railway commission this morning took up the complaint of the city of McCook against the Nebraska Telephone company, in which it asks that rates charged in that service be reduced 25 per cent. The rates at present are \$3 per month for one-party business telephone, \$2 for one-party residence, \$2 for four-party business, \$2.75 for two-party business and \$3.50 for two-party residence. The company in its answer sets up the value of the McCook plant at \$32,000 and of the Culbertson plant \$7,000, the two being operated as one exchange without extra charge for service. It also sets up that at present prices the company is not earning an excessive dividend on its investment. The taking of testimony was postponed until June 7, and in the meantime the engineering department of the railway commission will make a physical valuation of the plant to see whether the company's value on its property is correct. The city was represented by F. L. Wolff, city attorney, and the company by Attorney E. M. Morsman, Jr. W. A. Fixley, auditor, and Casper E. Vost, president, were interested spectators. Hyers' Case Set First. The case against Sheriff Gus Hyers of this county, held for the killing of Roy Blunt during the chase of the escaped convict, is set for Monday in the district court in Sarpy county. Mr. Hyers is anxious for an early hearing, as is also Chief Briggs of South Omaha, held with Hyers on the same charge. Neither, however, is willing to go to trial in Sarpy county, alleging prejudice and are confident they cannot obtain a fair hearing in that county. They will, therefore, ask for a change of venue. Unit Rule Does Not Apply. Democrats who are in touch with affairs in this state affirm there will be no difficulty in the national convention over the votes of the delegates elected under Harmon instructions. They assert no appeal will be made to the unit rule and that the chairman will announce the vote as the delegates wish. They base their opinion on the fact that the unit rule has never been enforced except as to states where the nominating or electing body has imposed that condition, as in New York, and there precedent is likely to rule. Republican Delegates to Meet. A meeting of the delegates elected in the recent primary to represent Nebraska in the republican national convention in Chicago has been called, presumably to organize and make necessary arrangements for attending. The meeting is to

Troops Ordered to Prepare for Quick Journey to Border

MONTEREY, Cal., May 4.—The Twelfth regiment, United States Infantry, quartered here, received orders from Washington to be prepared to embark at a moment's notice. Company J of the Twelfth is sleeping in shelter tents by the railroad and will entrain early tomorrow for Tuma, Ariz. LAWTON, Okl., May 4.—Colonel Graner B. Adams, commanding officer of Fort Sill, received instructions from the War department tonight to have all troops ready to move to the Texas border on short notice. There is great activity at the fort tonight, and preparations are being made to get the troops ready for immediate travel and field service. About 1,000 men are stationed at Fort Sill. Orders were given to Colonel Adams to renew efforts to secure enlistments. It is understood here that similar orders were issued to officers commanding other forts. WASHINGTON, May 4.—Activities at Fort Sill and other posts in the southwest, it was understood here tonight, are merely results of the announced plan of the War department to put the troops in a state of preparedness for any emergency. So far as is known there has been no sudden change in the situation along the Mexican border and no immediate movement of soldiers is contemplated.

MRS. CARGILL CHARGED WITH HUSBAND'S MURDER

MEMPHIS, Tenn., May 4.—An indictment charging murder in the first degree was returned against Mrs. Olive Cargill here today after investigation of the death of Bailey T. Cargill, whose body was found in his bedroom last Monday. Both Cargill and his wife come of wealthy Collierville, Tenn., families. What motive the prosecution will allege the woman to have had to slay her husband has not been explained. In a statement issued through her lawyer Mrs. Cargill declares her husband said he would kill her and himself and commanded her to bring a pistol. She says she secured the weapon and shot Cargill to death. The Persistent and Judicious Use of Newspaper Advertising is the Road to Business Success.

Call for Convention is Issued by Miners

NEW YORK, May 4.—Officials of the United Mine Workers of America, who have been in conference here for two days, tonight expressed confidence that a strike of the mine workers of the three anthracite districts, which have been idle since April 1, had been averted, and that a satisfactory agreement would be entered into with the operators before the end of the month. After being in conference for four hours, the members of the three anthracite boards issued a call for a general convention at Wilkesbarre, Pa., on May 11 to consider the tentative agreement entered into by the subcommittees representing the operators and the mine workers, which was rejected by the full committee of the miners in joint conference with the operators here yesterday. The convention also will be urged to empower the committee of ten to enter into a second joint conference with the operators and conclude an agreement, subject to ratification by a referendum vote of the miners.

FOUR MEN ARRESTED AS RESULT OF FIGHT

When Frank Hogan, who says Chicago is his home, knocked T. J. Hagan's hat in "the ring" at the Burke saloon, Tenth and Davenport streets early last night, he precipitated a free-for-all knock down and drag out fight, which ended with four persons going to jail. Hogan was cut about the face and hands; Hagan was cut about the fingers; Charles Mahone about the ears and James Manley had an old wound in his mouth reopened and his face cut. Officer D. C. Rich arrested Hogan and Manley and Officer McCabe later arrested Mahone. Hagan was arrested an hour later. The last two men are held as complaining witnesses.

FIGHT ON LORIMER TO GO TO SENATE FLOOR NEXT WEEK

WASHINGTON, May 4.—The minority members of the senate committee which investigated the election of Senator Lorimer of Illinois are planning to begin the fight against him on the floor of the senate next week. Senator Kern of Indiana, who is drawing the minority report which will declare against the Illinois senator's right to his seat, will close up the case and seek to force an immediate submission of the majority report. Senator Kern's plan to avoid delay in getting the case on its merits before the senate has the support of the other minority members.

FARMER IN RICHARDSON DIES IN AUTO ACCIDENT

HUMBOLDT, Neb., May 4.—(Special Telegram.)—Joseph Holecheck met death in an automobile accident this morning three miles south of Verdun. He was on his way from Humboldt to Falls City with his wife, his brother, Paul Holecheck, Joseph Hopkina and Miss Shestak. The machine became unmanageable while going at high speed and turned over. Mr. Holecheck died in half an hour after the accident. Mr. Hopkina had his collarbone broken and the rest of the party were slightly scratched. The damage to the automobile was very slight. Mr. Holecheck was about 37 years of age and lived on a farm a few miles south of Humboldt.

NOBODY WILL BE LEFT WHEN JACK LEAVES FOR LAS VEGAS

CHICAGO, May 4.—Jack Johnson said today that he would start for his training quarters near Las Vegas in about three weeks. Johnson's party will consist of Clyde Brooks, Marty Cutler, Jim Smith, John Perkins and Walter Menham, trainers; his wife and mother, a piano player, a singer and a chauffeur. Tom Flannigan, who trained Johnson at Reno, may join the camp later. By a special clause in the fight articles, Johnson will be permitted to take two automobiles with him. Johnson is doing a little light work now. He weighed 225½ pounds stripped today.

CHICAGO TAKES LEAD

KANSAS CITY, Mo., May 4.—Chicago tonight took the lead in the series for the championship of the National Amateur Billiard League, when A. J. Harris of Chicago defeated J. P. Backus of Kansas City, 10 to 8.
