WHEAT IS BEST EVER KNOWN

Reports from Growing Sections Put Crop at 93 Per Cent.

LARGEST ACREAGE IN HISTORY

Estimated that Total Yield for Nebraska Will Be 60,000,000, or \$,000,000 More Than the Biggest Crop.

Crop reports for the week ending May 4 indicate a satisfactory condition in Nebraska so far as winter wheat is concerned. These reports come from every station in the winter wheat growing portion of the state and are secured by the agents of railroads after making observations and talking with farmers and elevator men.

A compilation of the reports sent in to Burlington headquarters places the winter wheat at 93 per cent of a perfect crop, with an acreage the largest in years. There are a few localities where the condition falls below 93 per cent, but there are enough that are above to bring the average up to the high mark for early May.

The Northwestern agents do not attempt to give any figures, but almost to a man say: "The crop is in the best condition in years." The report of the Union Pacific men is similar.

Ready for Corn Planting. From every part of the state where cereal is raised, the reports indicate that the farmers are rapidly preparing for corn planting and that in the southern part, much seed is in the ground.

Frank Fowler of the Fowler Elevator company is out with a weekly letter, made up after receiving reports from all of the company agents in Nebraska. In this letter, the condition of the Nebraska winter wheat is placed at 93 per cent plus, which is the highest ever known at this time of the year.

The government crop report for April placed the condition of Nebraska wheat at 93 per cent, and according to the Omaha grain men, the report due May 9 will be equally as good if the recent rains, which are general, are taken into consideration in making up the estimates on the condition.

Omaha grain men who are watching the wheat crop, state that at this time, forming their estimates from the figures available, the condition of the present crop is 4 per cent above the ten year average. On this basis of figuring, the grain men, although it is early in the season, place the total yield at 60,000,000 bushels for the state, which is 2,000,000 bushels more than the greatest yield ever known.

Police Arrest Man Who Lures Women to His Apartments

E. R. Perry, who has been advertising high wages for women solicitors, was arrested Monday night at 101 North Eighth street on information given by women who had applied for positions. Detectives Fleming and Dunn made the arrest. Federal authorities were notified yesterday.

Perry admitted to the police that he had made indecent proposals to the girls who were lured to his room by the advertisements. The police have been on the lookout for Perry for several days.

In police court he pleaded not guilty to the offense and referred to persons he had worked for during the last year as to his reputation.

He was dismissed for lack of evidence.

THIRD TRIAL OF HAAS CASE IS NOW BEING HELD

For the third time the suit of Mrs. Ida L. Haas, widow of the late Andrew Haas, against the Mutual Life Insurance company for \$50,000 on policies carried by her late husband is on trial in district court. Once the company's demurrer was sustained and the supreme court sent the case back for trial, it was tried in the district court and the company was given a verdict. Mrs. Haas again suc-

BRIEF CITY NEWS

Have Root Fights It. Electric Hair Dryers, Burgess-Granden E. M. Clark, signs, 16th and Douglas. Spellman Case Continued.—The case of John Spellman, charged with grand larceny, was continued until Wednesday morning.

Presbytery to Meet.—An adjourned meeting of the presbytery will be held this afternoon at 1:30 o'clock at the First Presbyterian church.

Thomas Brown Cremated.—In The Bee's story of Omaha people who have been cremated the name of Thomas Brown was, through oversight, not mentioned. Mr. Brown died in December, 1909. His body was sent to Chicago and there

Treatment for Gray Hair

Way by Which Former Color and Gloss Are Restored to Streaky, Faded Hair. The uncouth hand of Father Time lies heavily upon the brow whose "crowning glory" is gray, faded or streaked, and yet, while the fleeting years cannot be halted, it is easy to restore the youthful color and gloss to the hair and thus look years younger.

To regain original shade and gloss of brunette hair, dip comb in barbicum tea and comb hair thoroughly. This tea is made by steeping a small, original package of barbicum in one pint of water. Faded or streaked blonde hair is quickly brought back to its former shade and loveliness by washing with arbane tea, made by putting an ounce of arbane in one pint of boiling water; and for faded auburn or Titian locks, a camellia tea should be used. This treatment is harmless and should be kept up until original color and gloss return.—Adv.

Every WOMAN should know about the wonderful Marvel "Whirling Spray" SYRINGE. Best—safest—most convenient. Cleanses instantly. If your druggist cannot supply the MARVEL, send stamp for illustrated book—mailed. Contains directions invaluable to ladies. MARVEL COMPANY 44 East 23rd Street New York

cremated and the ashes brought back to this city, where he had lived the greater part of his life and had built up a lucrative business.

Woman Drives Out Daughters.—Mrs. Hufloss, 1325 Locust street, was arrested Sunday morning on complaint of her daughters, charging her with driving them out of the house. Mrs. Hufloss is thought to be demented and will be removed to the county hospital.

Many Will Go West.—Assistant General Passenger Ruble of the Union Pacific at Denver is in town conferring with officials. He anticipates a big business to the mountains this season and predicts that the western resorts are going to have all the people they can handle.

Time Schedule Changed.—The Great Western has changed the time of arrival and departure of its passenger trains. No. 16, the Minneapolis train, now leaves the Union station at 8:35 instead of 7:44; No. 2, the Chicago train, leaves at 5, instead of 4:35 p. m., and No. 12, the Minneapolis train, leaves at 5:10 instead of 4:25 p. m.

Owner of Chicken in Dispute.—One common chicken, valued at 50 cents, to which Mrs. John Hart, Twenty-first and Francis streets, and Mrs. Minerva Anderson, 229 Francis street, both claimed ownership, brought the two parties with their husbands and neighbors into police court before Judge Altstadt to decide who was the rightful owner. The case was dismissed.

F. W. Heron Will Speak.—F. W. Heron will address the Ad club tomorrow noon at the Paxton hotel on "The Relation of Salesmanship to Advertising." Heron is well recognized as a salesmanship authority, having written many pamphlets and delivered many addresses on the subject. He is in charge of the salesmanship classes of the Young Men's Christian association. In the announcements sent out by the club the attention of the members is called to the day as election day and each is asked to vote.

Parsons Bound Over; Sanity Questioned

Roy Parsons, who struck upon the desperate plan of holding up a street car crew as an easy means of securing funds to marry his sweetheart, was arraigned in police court on a charge of highway robbery. He waived preliminary examination and was bound over to the district court under \$1,000 bonds. It is not probable that his parents will furnish bonds. They say that as Parsons is not in his right mind they think it would not be advisable to secure his release.

Cultivated tastes prefer Permits. So.

DR. WOOD HEARS OF KIMMEL

Physician Who Operates on Him Writes of Operation.

HIS MEMORY IS NOW RESTORED

Recalls Names of Men He Has Not Thought of for Many Years—May Come to Omaha in the Near Future.

Dr. G. S. Wood yesterday received a letter from Dr. Loren Wilder, the Chicago physician who operated on the man who claims to be George Kimmel. Dr. Wood is a third cousin of George Kimmel and urged his cousin to undergo the operation.

In a letter to Dr. Wood, the Chicago physician says the operation was a success and that Kimmel has named two men, Tom Bell and John Wexler whom he knew years ago, but had entirely forgotten. Dr. Wood says the names are familiar to him but he cannot recall them and will tell Dr. Wilder the same.

Positive He is Cousin.

"I am positive that the man claiming to be George Kimmel is my cousin," said Dr. Wood. "He has written letters to me for some time now, and has told me things that happened when he was eight years old which nobody but George Kimmel and myself knew about. I tried to have the boy undergo an operation when he was in Auburn, N. Y., but could never convince him it was the only thing to do. When he was attacked and slugged in 1894 an indentation was left on the back of his skull. The skull bone pressed on the brain and caused him to forget everything and for several years and he knew nothing of his past. But a day came when he began to remember things which happened, and his mind became clearer, but an operation was necessary to clear up all doubts.

"Now that the operation was a success his mind will clear, his cheerfulness will be reflected in his face, and he will be recognized. Since he was slugged several years ago he has undergone many changes which naturally would change any man's face and appearance. His signature to letters sent to me are identical with a signature on a mortgage he filed in Omaha nineteen years ago.

"George did not want to be operated on, but Dr. Wilder offered to perform it without any cost. I urged him to do it. I knew that any doctor who would perform such an operation, just for the reputation he would get out of it would certainly do all in his power to clear up the boy's mind and he has succeeded. I would not be surprised to see George come to Omaha in the very near future."

Following is the letter received by Dr. Wood from Dr. Wilder. I am writing you a few lines to let you know your cousin, Mr. George Kimmel, who was operated on by me Tuesday, May 1, is doing nicely. Since that time he has had no fever, a normal pulse, sleeps well, eats well and smokes a little every day. I found what I want after and feel sure that I will have a result which is most gratifying to me. He now seems to be a changed man in his manner, a very much less pained expression, calm and quiet. He has sud-

denly remembered two names, whom he has asked about several times and says it seems strange he has forgotten them for so long a time, one Tom Bell and John Wexler. Do you know of them? Will you kindly let me know?

Date is Advanced for the Exchange of Government Bonds

The date on which applications for postal savings bonds must be in the local savings bank has been changed from June 1, two weeks before the date of issue, to June 1. Many depositors in the postal savings bank at Omaha are desirous of transferring their savings to bonds, but it is necessary for them to have their applications in two weeks earlier than the date originally set or their bonds will not be forthcoming until January 1, 1912.

These bonds are issued in \$5, \$10 or \$50 denominations or any multiple of \$10 to \$50, and bear interest at the rate of 2 1/2 per cent per annum. They are only available to postal savings bank depositors, but may be transferred on endorsement to any other person. No transfer greater than \$500 can be made at any one time by a depositor. A transfer of his deposit does not prevent a depositor from opening another account with the postal savings bank.

The total deposits in the postal savings bank at Omaha are now \$90,000. Certificates issued during the month of April amounted to \$15,543; paid out, \$1,507. Added to this balance is the sale of postal savings stamps of \$11.00, leaving a net balance on hand for the month of \$1,047.00. With April the postal savings bank has been in operation in Omaha for six months.

Wedding to Occur in Jewelry Store

Miss Ethel Bygreen of Minnesota and W. R. Cash of Omaha will be married at 2 o'clock Tuesday afternoon at the new store of Fred Brodegaard, Sixteenth and Douglas streets, the ceremony being performed by Judge Altstadt. The couple will be presented with a long list of wedding presents. The bride will be given a 1 1/2 diamond ring by Mr. Brodegaard and the groom a pair of gold diamond-studded cuff buttons. The most man will be presented with a gold watch fob and the bride a diamond ring.

Judge Wharton will give the happy pair the use of his automobile for the day; the Hartman Furniture company will give a brass bed; Rome Miller will give a season pass to his summer garden; the State Bank and Loan association will give \$5 with which to start a bank account and numerous other presents will also be given.

The wedding breakfast will be served at the Home after the ceremony. Get an Awful Fright by fear of appendicitis? Take Dr. King's New Life Pills and soon see how trouble vanishes. Guaranteed. See the only Boston Drug Co.

Good News

Bears Repeating

Danes to Colonize North of Shoshoni

Amos Boyson, head of the Boyson irrigation project north of Shoshoni, is in town taking steps to colonize a tract of 6,000 acres that is about ready to have the water turned upon it. This is a project that Mr. Boyson has handled practically alone. He secured the segregation of the land under the provisions of the Carey act and went to work. He has already spent \$25,000 in building dams and constructing ditches. The land will be colonized by Danes, most of them going from the vicinity of Manning, Ia.

Internal Revenue Receipts Show Gain

Internal revenue receipts for the month of April for the Nebraska district are \$25,500 as compared with \$20,072.25 the same month last year. This is an increase of \$5,427.75 or 27 per cent.

WELL KNOWN SPEAKERS TO ATTEND CONVENTION

Many authorities on Sunday school work will give their ideas to the delegates attending the state convention to be held in Omaha June 18, 19 and 20. W. C. Pearce, head of the adult department of the International Sunday School association, will be one of the principal speakers and J. S. Durham of the home and visitation department also is on the program.

Miss Maria Brahm, a temperance worker of the Presbyterian church of North America, and E. A. Rouse, president of the Nebraska State Teachers' association, will have some interesting things to say at the convention meetings.

Lee G. Kratz will have charge of the music.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM--it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English, or, Medicine Simplified, 1008 pages, over 500 illustrations, newly revised up-to-date Edition, cloth-bound, sent for 31 one-cent stamps, to cover cost of wrapping and mailing only. Address: Dr. R. V. Pierce, Buffalo, N. Y.
