

BLISS DEALER HAS FREE REIN

Matrimonial Missionary Given Permission to Work in Omaha.

MAYOR JIM GIVES HIS APPROVAL

Prof. Podzus Comes to Town with a Scheme to Make Matches and He Has Several Wealthy Bachelors Spotted.

Prof. Fritz Podzus, publisher of a matrimonial paper in New York, gleefully attacked the city hall yesterday, ignorant of the fact that all unmarried but eligible and good looking maidens there were concerned not with whether men wanted to marry or not, but how they were going to vote.

The professor told Mayor Dahman that he simply introduced desirables to each other and if they were married and lived happily ever after they sometimes came across with \$100. To prove it he displayed several \$100 bills.

Mayor Dahman told him he approved of his mission if his patrons did and sent him to the chief of police. Chief Donahue looked over his matrimonial medium and decided to give him a list of names, but thought better of it and told him he could go on matchmaking here as long as he found it lucrative and kept within the law.

The professor had a list of names of prominent Omaha bachelors and unmarried maidens. He said he thought he could provide for them, but when he had made the rounds of the city hall he gave up, admitting that he had been ingloriously defeated.

"My purpose was to contribute toward the increase of marriages," Prof. Podzus explained. "I speak all the languages, but English I do not speak so good."

Proving that he was in good faith and proud of his calling the matrimonial man displayed samples of his paper from every pocket. He explained that it was discreet, however, to tuck the papers in some inner pocket when approaching a woman.

On seven pages of advertising in his match-making organ, Professor Podzus pointed to some of his advertisements. It was apparent that all his clients were wealthy, but few of them having less than \$25,000 income a year. "You see they are all respectable." He was enthusiastic and said he thought he would remain in the city several days, as the outlook was good.

RESTAURANT MAN IS HIT BY A NEW AUTOMOBILE

Joe Wiesner, proprietor of the Palstaff restaurant, was struck twice yesterday by an automobile driven by Randall Pollock and seriously injured. The accident occurred at Sixteenth and Parnum streets about 9 o'clock.

Wiesner was walking to his restaurant, from his room at 1212 Capitol avenue. He did not notice the automobile driving slowly west. Pollock tried to stop the car, but could not. After knocking Wiesner down he tried to come to a complete stop, but accidentally forced the car forward and the machine struck Wiesner again as he was scrambling to his feet. The machine then passed over his back.

Dr. Fitzgibbon said the Wiesner had two broken ribs, a lacerated and bruised back, as well as cuts about his legs and face. He was taken home in a city ambulance.

Pollock has owned an automobile only a short time, but has been unusually careful in his driving. He says that he applied the wrong levers in trying to stop. Pollock lives at Florence.

Valuable Rugs Cleaned Perfectly

Pantorium's Dry Cleaning System Makes Them Look Better than New

Not long ago we cleaned several oriental rugs for one of our customers and when they were sent home she declared they looked better than they did when new.

There is no doubt but what the rugs we dry cleaned are cleaner and more sanitary than when they come from the dealer.

They say it takes months and sometimes years to weave an oriental rug, and it stands to reason that after it has been worked on for months by a greasy Mohammedan, then pulled over by dozens of buyers and finally shipped to America, it is not as clean and fresh looking as it might be.

Do you realize what it means to dry clean a rug? It means to wash it with gasoline, the same as we do your clothes.

Not many cleaning plants in any city have yet gone to the expense of putting in large washers and extractors for dry cleaning large size rugs. The Pantorium is best equipped in Omaha for such work.

We clean Oriental, Brussels, Wiltons, Velvets and any other kind of rugs or carpets and guarantee them satisfactory or no charge.

Let us clean all your house furnishings that will not stand washing and your friends will think you have got all new furnishings.

We will send a man to quote prices on all your work if you call Doug. 963 or Ind. A-3162.

Pumps and Slippers For CHILDREN and GROWING GIRLS

It is indeed poor economy to force the children to wear ill-fitting, poorly made footwear, when it costs so little more to buy dependable shoes, and get the extra advantage of having a proper fitting. Fry's Footwear for children includes the best lines made in the world.

Correct Fitting Is Important

Our consideration of the growing foot has always been commendable. We fit every child individually in this department, and our range of styles in pumps, slippers and shoes for children of all ages is complete.

Muslin Wear Sale Continues

We are careful that all of the muslin undergarments that come into this store be made from grass-bleached materials—none that are chemically bleached can find a place here. We mention this simply to show you the standard of quality this store maintains—the same standard being in this sale. A like carelessness was exercised concerning the cutting, fashioning, finishing and trimming of each garment. Judge the price part for yourself:
