

DON'T BE NERVOUS AND RUN-DOWN

New Tonic, Tona Vita, Will Positively Restore Your Old Vitality.

Nervousness, depression of spirits, lack of energy, all run down, these are the chief symptoms of nervous debility, the modern affliction caused largely by the rush, hustle and worry of modern life. If you are a sufferer from this all-too-common complaint, and cannot go to a high priced sanitarium to have rest and diet build you up, you should read carefully the following statement by C. N. Hunt, Esq., of 602 Sixth St., Milwaukee, Wis., concerning the remarkable new tonic, "Tona Vita" that has made such a great record during the past year. Mr. Hunt says: "For a number of years my wife has been a sufferer from a continuous run down, nervous condition and stomach trouble. I took her to a number of doctors, but none seemed to give her any relief. She grew constantly worse and her entire system became affected.

She could hardly eat anything and would say the very thought of eating made her sick. She caught one bad cold after another and was always tired and languid. She had had headaches and attacks of dizziness.

"I got some Tona Vita a few months ago. My wife began taking the tonic that night and we were pleasantly surprised to notice an improvement after the second day. She is now like a different woman. The nervousness and depression are all gone, and she eats and sleeps better than she has for years. It seems wonderful to note such a change in her. I believe 'Tona Vita' is worth its weight in gold."

If you are debilitated and run down, above all things try "Tona Vita." You will never regret it, as it will build you up like magic. It is the finest preparation now on the market. It is sold by Joseph & McConnell Drug Co., 15th and Dodge, Owl Drug Co., 18th and Harney, Harvard Pharmacy, 24th and Farnam Sts., and the Loyal Pharmacy, 205-2 North 18th St. are the agents for Tona Vita in Omaha. Your money will be returned to you if you are dissatisfied with the tonic. The Approved Formula Co., Dayton, Ohio.

Mohler is in Line With Rank and File and Lends Courage

President Mohler of the Union Pacific stood in line for nearly an hour and a half at the voting place of the fifth precinct of the Fourth ward and for the first time met several employees. He kept them in line when they were about to drop out and go to work.

"That's all right, said Mr. Mohler. "I work for the Union Pacific, too. Mohler's my name. If anybody gets fired for being late to work on account of voting we'll all get fired and we'll all be in the same boat. If a man isn't loyal to his city and the state how can he be loyal to his employer. The Union Pacific wants its men to be loyal and isn't going to stand in the way of duty." So everybody stuck. It was 9:30 o'clock when Mr. Mohler cast his ballot.

RIGHT-OF-WAY BILL PASSES

Morris Measure Affecting Union Pacific in House.

AIM IS TO END ALL LITIGATION

Chief Engineer of War Department Agrees to Devote \$7,500 to Revetments on Missouri at Elk Point.

WASHINGTON, D. C., May 7.—(Special Telegram.)—The Norris bill to quiet title to lands along the right-of-way of the Union Pacific railroad in Nebraska, Kansas and Colorado passed the house without opposition yesterday after being brought up under the unanimous consent calendar. It affects a strip 100 feet wide on either side of the right-of-way, title to which was in many cases claimed by the railroad under the original grant giving a strip 60 feet wide for right-of-way purposes. A later grant from the government gave 200 feet and owing to confusion over the two grants and subsequent claims by the railroad a cloud was cast upon the title to thousands of acres of farm land and city property. The bill has been passed to end if possible the litigation which resulted. A similar bill by Senator Bristow has been pending in the senate for some time and either the Norris or the Bristow measure will probably soon pass the upper branch. The bill authorizes the sale of the unallotted lands of the Omaha Indians was brought up today by Representative Stephens and passed without opposition. The senate approved the measure early in April. It will open for sale and settlement a considerable tract of land in the Omaha reservation, if approved by the president.

Elk Point Gets Cash. The chief engineer of the War department has agreed to devote \$7,500 in the construction of revetments work and other necessary improvement for the Missouri river at Elk Point, S. D. This action was taken as the result of the activities of Representatives Burke and Martin of South Dakota. The Elk Point people notified them some days ago that the river was damaging property and an appropriation of \$25,000 was urged. A report from the War department engineer in charge was made recommending immediate action to prevent further damage. The sum agreed upon by the department is believed to be sufficient for present needs. Should more funds be found necessary an additional appropriation will be asked of congress to be added to the river and harbor bill now in the senate. Government engineers will begin work at Elk Point at once, it was said.

Reed's Expense Account.

The expense account of Willis E. Reed of Madison, senatorial candidate at the late Nebraska primaries, was filed with the secretary of the senate today. It shows that Mr. Reed expended a total of \$66.80, \$64.79 of which was paid to various newspapers in the state for advertising. \$10 was expended for advertisements placed on theater programs and the balance of \$7.01 was for cards and miscellaneous advertising.

E. C. Hodder, an Omaha attorney, is in the city today endeavoring to persuade the interior department to furnish government water for private ditches in western Nebraska. He is on his way home from a business trip to New York and Philadelphia.

Compensation Bill Passed.

The workmen's compensation bill was passed in the senate today, 64 to 15, substantially as framed by the employers' liability commission and amended only to increase its benefits. The measure, sharply fought by some of the democrats for several days, now goes to the house. A number of amendments were offered, but only a few were accepted, and these were with the acquiescence of Senator Sutherland, in charge of the bill.

The principal changes made during three hours of roll calls provide that compensation for accidental injury and death of railroad employees shall continue to children until they are sixteen years old, and would extend payment in the case of daughters until they are twenty, unless sooner married.

In general, the bill would provide an exclusive remedy and compensation for accidental disability or death to employees of railroads in interstate commerce or the District of Columbia, on the theory of insuring each employe against results of injury in employment without reference to contributory negligence or any of the rules of common law limiting employers' liability. It would provide medical services for the injured and means for money recovery proportioned to the pay of the victim.

Herron Criticizes Merchants' Conduct in Ad Club Speech

"While business colleges were first introduced in the United States and have been established many years longer than those of other countries, they have not advanced one iota during the last ten years and Germany today is so far ahead of us that our business colleges amount to little compared to them."

This statement was made Tuesday before the Ad club by F. W. Herron, instructor of salesmanship classes of the Young Men's Christian association. Herron talked on "The Relation of Salesmanship to Advertising." One characteristic remark he made was, "There are five businesses that do not need salesmanship. The saloon is the first. You know the other four."

Particularly startling was his statement that there is more discourtesy in Omaha stores than any other city in the United States and yet there is more opportunity to learn salesmanship and be courteous."

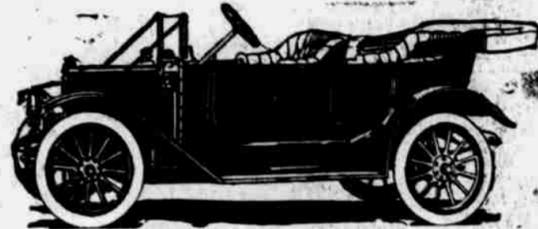

President A. L. Gale of the Ad club announced that four vaudeville numbers, which were not given at the breakfast dinner and vaudeville because of lack of time, will be given at the club luncheon on next Tuesday.

GARVINS DECIDE TO SEPARATE ONCE MORE

Mr. and Mrs. William R. Garvin, who were conspicuous as witnesses in the damage suit of William Tighe against J. I. Kemp for alienation of Mrs. Tighe's affections, have separated again. Garvin has started suit for absolute divorce in district court alleging extreme cruelty, one of his specific charges being that Mrs. Garvin appropriated all the funds in the family exchequer and abandoned her husband, leaving him to become a victim of the wife of a wicked world.
