# School-Boy Suicides in Germany

School-Boy Suicides in Germany

By PREDERICK W. W.IZ.

Executable in Germany was marked in the second of the secon

at the age of 2, the sexta form, the the succeeding decisions of secunda and give its name in all its terrifying entirety. Writing in a Berlin newspaper the schoolboy's troubles may be said to be prime—the forced draft system continues. Non-Germans cannot comprehend the all-
