TWO HOLDUP MEN GET GOLD WATCH AND CASH

D. C. Dodrill, 49 Walnut street, was stopped and robbed Sunday night at Fifty-first and Leavenworth streets while he was on his way home.

COMMISSIONERS TAKE OFFICE

Dahlman Again Mayor of Omaha and Ask for Co-Operation.

FEW CHANGES ARE ANNOUNCED

Flynn City Clerk, McDonald Comptroller-Ryder Police Commissioner and Also in Charge of Affairs of Library.

Omaha's seven commissioners received their portfolios yesterday morning as had been formerly agreed upon and Mayor Dahlman as president opened the first business meeting of the new directory.

Charles H. Withnell nominated Mr. Dahlman for president and mayor. The election was unanimous, as all the roll calls were. Dan H. Butler appointed Jack Ryder to escort the mayor to the chair.

Mayor Dahlman spoke at length, asking the people to be patient with the new administration, which, he said, would work under the handicaps of the old administration.

Equipment for Fire Department. In one thing he asked for the help of the business men. The fire department, he pointed out, did not have proper equipment and recalled two fires within the last month, when the entire department was fighting the flames.

Church Class has Social Session-The Earnest Workers' class of the North Side Christian church held their regular monthly meeting Friday evening, May 10 at the church.

Ryder Speaks for Commissioners. Jack Ryder, for the commission, thanked the Dahlman club and the Labor league and the Gate City club. He said the new commission was unanimous in going about its work in the belief that it had no enemies to punish and no ven-

BOYS TO KNOW CITY BETTER

Organization to Be Known as the Junior Commercial Club.

PART OF THEIR SCHOOL WORK

To Be Inaugurated as Part of the Curriculum of New Commercial Department of Omaha High School.

The Junior Commercial club of Omaha will be the name of an organization of boy students in the commercial high school when the Leavenworth street school is opened for commercial studies.

Special studies along the line of "knowing Omaha better" will be inaugurated by the principal and the club will carry its work along in similar fashion to the big commercial club.

Prof. Ruesmiel is at present interested in the "Know Omaha Better" campaign and is exerting efforts to see that the city's assets are preached to the younger generation.

The "Know Omaha Better" campaign is now well under way. All the committees appointed to represent the various civic and business organizations are preparing their features for the week of home advertising to be held June 2 to 8.

The special post card committee is casting about for suitable cards to be distributed to the world during the week. The cards probably will contain photographs of Omaha's manufacturing and jobbing district with information about the city's standing in the different industrial fields.

Canned Gas Plant to Start Work Soon

The erection of a temporary storage building for the Nebraska Gas Company, makers of "canned" gas will start this week on the company's factory site between Twenty-seventh and Twenty-eighth streets on the Belt line.

The company expects to be manufacturing its product here within four months. The storage building will be up in two weeks, ready for the machinery which will arrive June 1. Some of the machines have been made in Germany.

The company will ask the city commissioners for a permit to lay a switch across Twenty-eighth street. Altogether 600 feet of switch tracks will be laid at the door of the factory.

The Yellow Peril. Jaundice-malaria-billiousness, vanish when Dr. King's New Life Pills are taken. Easy, safe, guaranteed. 25c. For sale by Beaton Drug Co.

Permits to smoke, 5 cents. All dealers.

START REPAIRING VIADUCTS

Union Pacific and Burlington Paying Expense of Reconstruction.

TWO MONTHS REQUIRED FOR JOB

Hundred and Ten Thousand Dollars to Be Expended in Replacing Woodwork on Two Big Bridges.

Under the direction of the Union Pacific and Burlington railroads, that pay the expense, the National Roofing company yesterday commenced repairing the Tenth and Sixteenth street viaducts, the contract price being about \$100,000. It will require two months to complete the work.

Neither viaduct will be closed to traffic, however, as only one side of either viaduct will be torn up at one time.

The repairs on the two viaducts consist of removing everything except the steel. The cross-tie blocks, the plank and bents and the heavy stringers that are still beneath this will be taken out and replaced by new material. The necessity for the repairs is due to the fact that the stringers have commenced to show signs of decay, although laid less than five years ago.

Some of the plank between the stringers and the blocks has commenced to rot, but the blocks are in perfect condition except for the wear.

Rock Island to Start on Terminals. President Mudge of the Rock Island Railroad company is expected in Omaha shortly, at which time he is expected to take steps toward the construction of the company's freight terminals on the site west of the north end of the Sixteenth street viaduct.

The first thing to be done is the filling in of the ground, raising it to about the level of the Great Western terminals to the north. This will require 100,000 cubic yards of earth, the estimated cost of the fill being \$20,000, which will be one of the largest earth removing contracts that will be given out in Omaha this year.

The earth will be laid in place by a heavy stone retaining wall that will be constructed along the south line of the property from near the west side of the viaduct nearly to Twentieth street on the west.

Pictures of Omaha Shown. Henceforth moving and still pictures of Omaha's commercial activity and beauty spots will be shown to all who attend J. W. Erwin's illustrated lecture on Yellowstone park.

Mr. Erwin delivered his Yellowstone park lecture here last week and secured colored slides and reels that will enable him to give people who have never visited Omaha something of an idea of what this city possesses. At all of his lectures in the future Mr. Erwin will show pictures of Farnam street from Fifteenth west, Sixteenth from Farnam north, the Union passenger station; a portion of the jobbing and manufacturing district and three or four scenes in Hanscom park and along the boulevard.

The Omaha pictures were secured and are being shown at the instance of the Union Pacific and is done purely for the purpose of advertising the city.

Women and Children at Council Meeting

The smallest feminine spectator at the installation ceremonies of the new city commissioners yesterday was 8-year-old Mary McGovern, who in a big chair at the desk beside her father, Thomas McGovern, commissioner of public improvements, sat right up in front with the seven new commissioners.

Mary was dressed in her best pink dress with a pink ribbon on her hair. She listened and watched with gravest attention to all the doings.

The wives and older daughters of many of the commissioners were present, as were also a number of suffragists who came out of ambition to learn how a new administration is started.

Robert U. Wolfe, city boiler inspector was self appointed usher for the women spectators and provided them with seats inside the circle where the commissioners held forth.

Mikado is to Be Put On by the Elks

"The Mikado," Gilbert and Sullivan's comic opera, with local comedy injections, will be presented at the Orpheum May 21 and 22 by the Ak-Sar-Ben Operatic society under the auspices of the Elks lodge.

Frederick C. Mantell, director, says it will surpass the performance given of "The Musketeers" last year. Many of the principals and chorus in that show will take part in "The Mikado."

H. W. Dunn will appear in the title role; Oscar Lehman as Koko; S. S. Hamilton, as Pook Bah; A. H. Krueger, as Fish-Toeh; Miss Inez Lester, as Yum Tum; Mrs. C. H. Boyle, as Pitti Sing; Miss Olson, as Peep Bo; Miss Eleanor Pruss, as Katsika, and Rose Johnson, as Nanki Po.

Special scenery and costumes have been secured, and the money derived from the performances will go to the benefit fund of the Elks' lodge.

Three Departments of Government to Be Consolidated

Three departments of city government will be consolidated under the new dispensation. The office of boiler inspector, city plumbing inspector and city electrician will be placed under one head.

Although the present officials in charge will be retained, Waldemar Michaelson, city electrician, will have supervision of the new department, subject to the action of the commissioner of fire protection and water supply.

Commissioners have been scouting for secretaries, but only one appointment has been announced. Miss Naomi Schenk, for more than twenty years the journal clerk of the city clerk's office, has been secured by Commissioner McGovern, of public improvements, for his secretary.

Commissioner Joe E. Hummel said he would retain Mrs. Celia Jewett, present secretary of the Board of Park Commissioners, at least until other arrangements were necessary. Mrs. Jewett has been secretary of the park board for several years and has a thorough knowledge of the board's affairs.

Not all candidates for commissioner have filed their expense accounts, three of the Citizens' union endorsees being among the negligent. Those who have filed their accounts: Kugel, \$20; Dahlman, \$30; Withnell, \$28; Hummel, \$16.30; Ryder, \$24; McGovern, \$13.25; Butler, \$10.75; Finkhouser, \$20; Puray, \$21; Radick, \$20; Thummler, \$20.

Burlington Depot is to Be Visited by the Commercial Club. The seventh home trade excursion of the Commercial club will be held the afternoon of May 16, when the new Burlington freight depot, Eighth and Farnam streets, will be inspected and formally opened.

The excursionists will meet at the Commercial club rooms at 1 o'clock in the afternoon and go in a body direct to the depot.

G. W. Holdrege and C. E. Sprick, assisted by the full staff of the operating and traffic departments of the Burlington, will escort the party through the new building and over the twenty-three acres of new terminals. The floor space of the building now is 64,726 square feet, but when completed will contain 124,800 square feet, with a capacity for 124 cars daily.

Y. M. C. A. Board Gets High Praise for Way it Performs Labors

George D. McDill of New York, one of the associate secretaries of the international committee of the Young Men's Christian association, addressed a body of Omaha association directors and state committee men at the local association building during the noon hour on "The Responsibility of Directorship."

"Responsibility in this case," said Mr. McDill, "means opportunity; the opportunity to throw the best of your time, means and talents into a great enterprise."

Mr. McDill complimented the Omaha board of directors, one of whose meetings he had just attended, upon the businesslike expedition with which it transacts its work. He said good business men were needed on these boards and could be had only if boards pursued their affairs as this one did.

Mr. McDill is out here to lead a state conference in ten cities of Nebraska on the importance of the world-wide Young Men's Christian association movement.

TWO AUTOMOBILES WERE STOLEN SATURDAY NIGHT

Automobile thieves are so active as the bicycle purloiners. A. J. Stubens of 1238 Park avenue complained that his new Ford machine had been stolen from his house garage.

The police were also informed that a machine had been stolen from in front of Wick & Moore's Saturday night. The machine belonged to the Gray Bonnet Taxi company and was found at Eleventh and Pierce streets at 2 o'clock Sunday morning. The speedometer showed it had been driven eighteen miles.

PRINTERS GIVE RECEPTION TO BARKER TOMORROW

Fred Barker, candidate for president of International Typographical Union, will arrive in Omaha at 6:30 o'clock tomorrow.

SOUTH OMAHA LAD IS GIVEN GOOD PROMOTION

Arthur J. Kennedy, aged 23, who has been a corresponding clerk at the Cudahy Packing company offices in South Omaha, has been promoted to broker's agent, with headquarters in New York City.

What makes Kennedy's promotion seem so remarkable was the selection of him from an eligible list of 200 other clerks. Kennedy has already gone to New York.

Marriage Licenses

The following couples have been issued licenses to wed: Joseph Doherty, Omaha, and Ada E. Lewis, Omaha; Joseph S. Rechner, Omaha, and Theresa Kayth, Omaha; Gabriel G. Ohlman, Omaha, and Pearl M. Bush, Omaha; Robert W. Long, Omaha, and Elizabeth Funks, Omaha.

PIMPLES BEGAN TO ITCH AND BURN

Got Thick and Broke O & Into Little Sores. Tried Cuticura Soap and Ointment. Completely Cured.

Davenport, Wash.—"Two years ago I had skin disease on my face. At first there were only a few small red pimples and I did not pay any attention to them, but at last they got so thick and they started to itch and burn at times. I thought I never would be able to stand it. After two months the pimples broke out into little sores. Then my sister told me to try Cuticura Ointment and I did so. I used a box of Cuticura Ointment and a cake of Cuticura Soap. After one week I saw that the Ointment and Soap were doing me good so I continued to use them and after using them three months I found that I was completely cured of skin disease." (Signed) Mrs. G. Hoehn, Sept. 28, 1911.

BABY'S FACE ALL SCALES

Infant Was Terrible. She Could Not Sleep. 127 Coffey St., Brooklyn, N. Y.—"My baby's face, back and arms became all scales and the itching was terrible. She would scratch until it was bleeding and a mass of scabs. I had tried everything and I had to walk the floor with her night after night. I decided to try Cuticura Soap and Ointment. After using them two months she was cured completely and now her skin is clear." (Signed) Mrs. G. Hoehn, Sept. 28, 1911.
