

REVOLT AGAINST  
GAG RULE BEGINS

House Republicans Secure More  
Time for Discussion of Clayton  
Anti-Injunction Bill.

ATTEMPT TO RAILROAD MEASURE

It Makes Number of Changes in Present  
Procedure.

FULL NOTICE IS REQUIRED

Orders to be Effective for Week Only  
Unless Renewed.

LABOR LEADERS ARE PRESENT

President Gompers of American Fed-  
eration of Labor and Several  
Members of Executive Com-  
mittee in Gallery.

WASHINGTON, May 14.—Revolt against  
a so-called "gag" rule which forced im-  
mediate consideration of the Clayton anti-  
injunction bill marked the proceedings in  
the house today. Minority Leader Mann  
Representatives Norris (Nebr.), Lenoir  
(Wis.), Cannon (Ill.) and Dalaell (Pa.)  
assailed the attempt to shut off the mi-  
nority from all chance of successfully  
opposing the measure, and finally suc-  
ceeded in forcing a modification giving  
greater parliamentary latitude. Samuel  
Gompers, president of the American Fed-  
eration of Labor, Secretary Morrison and  
a half dozen members of the organiza-  
tion's executive committee occupied front  
seats in the members' gallery.

The Clayton bill principally would  
revise the laws so as to prohibit the issuance  
of injunctions except on notification  
and full investigation unless public peace  
was threatened, and would limit to seven  
days the life of each injunction. Injunctions  
could only be renewed when cause  
was shown that such renewal was necessary.

WILL DISPOSE OF TARIFF BILLS

Simmons Says Senate Will Act on  
All Pending Measures.

WASHINGTON, May 14.—All the tariff  
bills that have passed the house will be  
disposed of by the senate before the end  
of this session and possibly without in-  
terfering with plans for early adjournment,  
according to Senator Simmons, in  
charge of these measures in the senate.

When the agricultural bill is disposed of  
we will take up the metal bill again,"  
said Senator Simmons today, "and after  
a few more speeches we will fix a day  
for a vote. Naturally appropriation bills  
are given preference when they come up,  
in order to permit the conference com-  
mittee to get to work on them as soon  
as possible, but it is not intended that  
they shall long prevent consideration of  
the tariff measures."

The senator said that the chemical bill  
would follow the metal bill, and after  
that would come the wool bill. He  
thought the debate on these measures  
would not be so extended as that on the  
metal bill.

INSPECTORS ARE ENTERTAINED

Witnesses Produce Invitation Issued  
by American Association.

WASHINGTON, May 14.—J. W. Bur-  
roughs, a former meat inspector in the  
government service, continued his testi-  
mony before the house committee on ex-  
penditures in the Agricultural department  
today and charged that Hoesche & Co.  
in Philadelphia and Pfund's in German-  
town, Pa., had been granted government  
inspection in violation of regulations be-  
fore their plants had been put in sani-  
tary condition. The witnesses alleged that  
under the regulations butchers were able  
to ship uninspected meat in interstate  
traffic.

Representative Nelson asked the witness  
if he ever had been entertained by  
pickers while in the government employ.  
Mr. Burroughs produced an invitation to  
an entertainment in Washington tend-  
ered by the American Meat Packers' as-  
sociation to inspectors. Chairman Moss  
and Representative Sloan declined to per-  
mit Mr. Nelson to make public the nature  
of these entertainments.

Comes from Orient  
to Get Daughter;  
Mother Hides Girl

SIoux FALLS, S. D., May 14.—(Spe-  
cial)—Coming all the way from the  
Philippines island, where he is employed  
in the government service, to secure his  
12-year-old daughter from his divorced  
wife, only to find that both the mother  
and her new husband and the daughter  
have disappeared, J. A. Nagel has of-  
fered a reward of \$100 for information as  
to the present whereabouts of his daughter.

The mother and her new husband are  
supposed to have gone into hiding with  
the child to prevent Nagel securing  
possession of her. Nagel for many years  
was a prominent educator of Hutchinson  
county, and some years ago went from  
South Dakota to the Philippines and en-  
tered the government service. Prior to  
his departure his wife and himself sepa-  
rated and he was awarded the custody of  
the two children, a boy and girl. On an  
understanding with his former wife he  
intended to leave the daughter with  
her until this time. Mrs. Nagel, after  
herself and Nagel were divorced, took up  
her residence in Sioux Falls and here  
met and married Carl Young. Not the  
slightest trace thus far has been found  
of Mr. and Mrs. Young and the child.

Fist Fight Enlivens  
Democratic Meeting  
in New Mexico

CLOVIS, N. M., May 14.—A fistie en-  
counter between Delegates Summers  
Burkhardt or Albuquerque and E. L.  
Wooten, of Santa Fe, enlivened the open-  
ing of the democratic state convention  
here today. An attempt of Mr. Burk-  
hardt's friends to expel Wooten further  
delayed convention business. The attempt  
was defeated after nearly an hour's  
heated debate.

James E. Paxton of Las Cruces, tempo-  
rary chairman, in his speech urged a  
downward revision of the tariff.

Adherents of Champ Clark entered the  
convention with an avowed strength of  
26 of the 112 delegates and early indica-  
tions were that New Mexico would send  
a delegation to the Baltimore convention  
instructed for the speaker.

During the noon recess the adherents of  
Wilson and Harmon prepared to make a  
hard fight for an un instructed delegation.

Boy and Girl Shut  
Up With an Insane  
Woman for Years

SAN FRANCISCO, Cal., May 14.—A re-  
markable case of arrested development  
has been discovered here by the insanity  
commission. James Crumney, 12 years  
old, and his sister, Mabel, 10 years old,  
were found to have been imprisoned with  
their crazed mother in their home since  
birth.

Sixty Bills Against  
Ruef Are Killed

SAN FRANCISCO, May 14.—Sixty re-  
maining indictments and one criminal in-  
formation still pending against Abraham  
Ruef, the convicted political boss of San  
Francisco, will be dismissed and stricken  
from the calendar in the superior court  
of this county under a peremptory writ  
of mandate issued today by the district  
court of appeals of the First district.  
Final action is awaiting the preparation  
of necessary papers by the attorneys for  
Ruef, who is serving a sentence of four-  
teen years in San Quentin for bribery.  
Ruef's attorneys in their petition al-  
leged Ruef's constitutional rights had  
been impaired when he was not brought  
to trial within sixty days, under any of  
the indictments. The indictments against  
the fallen boss were returned in two  
batches and it was held that Ruef had  
not been arraigned on any contained in  
the first batch.

Twenty-four indictments are still held  
against former Mayor Eugene E. Schmitt.  
Final action will be taken upon them next  
Thursday.

Ten Inches of  
Snow at Denver

DENVER, Col., May 14.—Ten inches of  
snow had fallen here early today and it  
was still snowing in many parts of the  
state. Little apprehension was felt by  
Colorado fruit growers. The temperatures  
were generally warm. The storm assures  
plenty of water for irrigation throughout  
the eastern half of the state and the  
farmers are jubilant.

BITTER CAMPAIGN COMES TO END

La Follette, Johnson, Beveridge, Pin-  
chot and Knox Make Addresses  
—Contest Among Democrats  
is Almost Forgotten.

SAN JOSE, May 14.—Precinct Twenty-  
two complete, the first in the state to  
report; Republican vote, Roosevelt, 139,  
Taft, 47; La Follette, 81.

LOS ANGELES, May 14.—First eight  
precincts counted in Los Angeles city  
give: Roosevelt, 206; Taft, 125; La Fol-  
lette, 125.

SAN FRANCISCO, Cal., May 14.—  
Women of California were given their  
first opportunity today to express their  
choice for the presidential nomination.  
As a consequence the presidential pri-  
mary vote promised at the opening of  
the polls to be the heaviest the state has  
known.

The campaign which closed last night  
with the Roosevelt and La Follette forces  
making a final effort to swing San Fran-  
cisco's vote was bitterly contested. Sen-  
ator La Follette aided by his wife and  
others, toured the state, charging that  
Colonel Roosevelt had failed to give him  
a "square deal." Taft speakers hurled  
the same charge against Roosevelt.  
Close on the heels of La Follette followed  
Governor Hiram Johnson using his in-  
fluence in behalf of Roosevelt. He was  
aided by former Senator Beveridge of  
Indiana, Clifford Pinchot and others.  
Former Representative Ralph D. Cole  
of Ohio was the only speaker imported  
to aid the president, but numerous Cali-  
fornia political leaders spoke for Taft  
and Secretary of State Knox made a  
speech at Los Angeles in behalf of his  
chief.

The republican campaign proved of  
such sensational interest that efforts  
made by the democratic candidates did  
not figure conspicuously. The contest  
was between Champ Clark and Woodrow  
Wilson almost exclusively, no other can-  
didate making an organized fight for the  
California preference.

Maryland Delegation Divided.  
BALTIMORE, May 14.—The Maryland  
republican state convention here faced  
the task of reconciling the apparently  
contradictory results of last week's pri-  
maries. Although sixty-six, a bare ma-  
jority of the 123 delegates, were bound by  
the popular preference to vote for dele-  
gates to the national convention who  
should favor the nomination of Theodore  
Roosevelt, a still larger majority of these  
state delegates estimated by the Taft  
men eight were Taft sympathizers and  
numerically these were able to control  
the convention.

With a situation like this confronting  
them the leaders of the two camps of  
delegates conferred until early this morn-  
ing and reached a tentative agreement  
that eight of the sixteen national dele-  
gates should be named by the Roosevelt  
men and eight by the supporters of Pres-  
ident Taft.

The Taft men have not tried to avoid  
the binding provision of the primary law  
which declares that all these sixteen dele-  
gates shall vote at the national conven-  
tion in favor of the candidate who won  
the Maryland preference primary (Roose-  
velt), as long as "in their conscientious  
judgment" they believe he can be nomi-  
nated.

Some of the law interpreters contend  
this binds the delegates only for the first  
ballot.

The Taft men expected to name two of  
the four delegates-at-large and had  
chosen Governor Goldsboro and William  
T. Warburton. The Roosevelt delegates  
selected Colonel E. C. Corrington, chair-  
man of the Maryland Roosevelt commit-  
tee, and the fourth member of the dele-  
gation-at-large. It is agreed, will be a  
Roosevelt man from the western part of  
the state.

The convention was scheduled to meet  
at 1 o'clock this afternoon and expecta-  
tion was that it would finish its business  
before nightfall.

Warm Contest in Washington.  
SEATTLE, Wash., May 14.—Two long  
trains, one known as the Roosevelt and  
the other as the Taft special, will arrive  
in Aberdeen late today carrying the dele-  
gates from Puget Sound to the state con-  
vention, and all the war horses of the  
republican party in western Washington.  
Nearly half the seats in the convention  
are contested and the republican central  
committee began hearings on the con-  
tests this morning. Meanwhile peace  
conferences were in progress. Candidates  
for state offices were advocates of a  
compromise that would result in the  
sending of a divided delegation. The  
Roosevelt and Taft leaders oppose this  
plan and are making all preparations for  
holding two conventions.

Taft Controls Tennessee Convention.  
NASHVILLE, Tenn., May 14.—Taft sup-  
porters in the republican state conven-  
tion today scored in the first contest  
with the Roosevelt men, when Foster V.  
Brown, former attorney general of Porto  
Rico, was named temporary chairman.

YOUNG MAKES ACTIVE FIGHT

Former Senator Young is Out After  
Nomination for Senator.

WHIRLING CAMPAIGN IS ON  
During Last Three Months He Has  
Visited Nearly Every County  
and Has Made About Two  
Hundred Speeches.

DES MOINES, Ia., May 14.—(Special.)—  
Former United States Senator Lafayette  
Young is conducting a most vigorous  
campaign for the nomination for the sen-  
atorship. Mr. Young has been in the  
field delivering speeches practically every  
day and sometimes two and three a day  
for the last three months. During the  
last eight months he has spoken almost  
200 times and has visited practically every  
county in the state and some counties  
two and three times.

Senator Young spent Monday of this  
week in Lucas county. He made an au-  
tomobile trip throughout the county,  
visiting Russell, Derby and Lucas and wind-  
ing up with a speech at Chariton in the  
evening.

Mr. Young has been doing especially  
effective work the last two weeks. Dur-  
ing this time he has visited Missouri Val-  
ley, Earlville, Waterloo, Hampton, Ar-  
lington, Mason City, New Hampton, Es-  
hne, Moulton, Centerville, Cincinnati,  
Mystic, Stockport, Birmingham, Fairfield,  
Story City, Marathon, Gillets Grove,  
Ayrshire, Emmetsburg, Webster City,  
Tabor, Red Oak, Corning, Creston and  
Orient. The meetings in these places  
have been largely attended and enthu-  
siastic.

Large Crowds Everywhere.

One of the best meetings was at Myrtle  
in Appanoose county, where Mr. Young  
addressed a large audience of republican  
miners and business men. At Waterloo,  
on April 29, Mr. Young addressed the  
Town Criers' club. The meeting was a  
great success, as evidenced by the flat-  
tering accounts in the Waterloo news-  
papers. A great meeting was held at Em-  
metsburg in the court house on Wednes-  
day evening, May 8. The big rally at  
Webster City Thursday evening, May 9,  
at the opera house was one of the most  
enthusiastic of the campaign. Senator  
Young visited the Webster City factories,  
several of which stopped their machinery  
in order that their men might listen to  
brief addresses and shake hands. Mr.  
Young addressed a monster good roads  
rally at Tabor on Friday afternoon and  
another big roads meeting at Orient Sat-  
urday afternoon.

This week will be a very active one on  
the part of Mr. Young. His program in-  
cludes a visit with his workers in Cedar  
Rapids Tuesday afternoon, an address at  
Independence Tuesday evening, a day in  
the Dubuque factory district  
Thursday afternoon and an address in  
Dubuque Thursday evening. On Sat-  
urday Mr. Young will make an automob-  
ile trip through northern Taylor county.

Confident of Success.  
Before leaving Des Moines Monday  
morning for his Lucas county trip Mr.  
Young said: "I am confident I am going  
to win. Reports from every part of the  
state are very encouraging. I believe that  
the majority in my favor on primary day,  
Monday, June 3, will be decisive. I ex-  
pect to cheerfully abide by the decision  
of the republican voters in the primary."

Maryland for Roosevelt.  
BALTIMORE, May 14.—Maryland re-  
publicans today elected sixteen delegates  
to the Chicago convention on a platform  
which pledged undivided support to  
Roosevelt. The platform praised both  
the colonel's administration and Pres-  
ident Taft's.

Tin Plate Jobber  
Says Combine Aimed  
at a Monopoly

NEW YORK, May 14.—James T. Mac-  
Farland, a tin plate jobber of North  
Philadelphia, was called to give evidence  
in the steel corporation suit today to  
support the government's contention that  
the American Tin Plate company sup-  
pressed competition. MacFarland said he  
had handled many special private brands  
of tin plate, which independent companies  
manufactured for him. These brands he  
was forced to assign to the American Tin  
Plate company in 1908 with a stipulation  
that he would not buy his tin plate else-  
where. According to a letter from the  
tin plate company to his firm, which the  
witness identified, it was the "trust's"  
purpose to protect this company in the  
exclusive manufacture of plate.

Several Villages  
in Transylvania  
Razed by Cyclone

BUDAPEST, May 14.—A number of  
villages, including Balvanjes, Varszja and  
others, in Transylvania, were practically  
razed to the ground and many of the  
inhabitants killed or injured by a cyclone  
which swept over the district last even-  
ing. Out of 23 houses 20 were re-  
duced to ruins. Four bodies have thus  
far been extracted from the debris and  
the number of those seriously injured  
is very large.

Other villages including Craha, Ufalau  
and Batony, were also greatly damaged  
by the storm.

Count Bethlen, the governor of the  
province, has ordered all the troops sta-  
tioned in the district to assist the fire-  
men in salvage work.

Woodmen Factions  
Discuss Compromise

SPRINGFIELD, Ill., May 14.—The war-  
ring Woodmen factions talked compromise  
today. The leaders on both sides of the  
rate question were in conference with  
Senator Bailey and several other senators  
following the adjournment of the legisla-  
ture, because of lack of a quorum.

The compromise plan under considera-  
tion provides a direct increase in vote on  
the question of changing the present rates  
or leaving them as they are at this time.

If the compromise plan matures the  
rate war will be ended by direct vote  
of the Woodmen, the requirement being  
that a majority of total membership of  
the order must vote on the rates one way  
or another in order to decide the war.

the rebels in capturing Magini, Durango,  
Sunday, made a prisoner of Raoul Ma-  
dero, brother of the president and com-  
mander of rurales in that district.

YOUNG FIANCEE THOUGHTFUL

Bride-to-be Plans to Save Money  
by Bee Presents.

MAY HAVE SILVERWARE GRATIS  
Necessary Only to Have Certificates  
and Coupons, and May Get Na-  
tire Set by Wedding Time  
in June.

From one of the young about-to-be-  
brides has come a question regarding  
the silverware which The Bee and sev-  
eral Omaha merchants are giving away.  
This particular young woman, who just  
now is busy with her trousseau and  
household and housekeeping, has asked  
whether she can obtain all the pieces of  
the sixty-five-piece silver set within the  
next month. She wishes to use it when  
she goes to housekeeping.

The Bee has replied that she may have  
it within a short time. The Bee will  
give her all the teaspoons and the mer-  
chants will furnish her with the other  
pieces. If it is necessary, of course, for  
her to make enough purchases of the  
merchants in order to get the certificates  
and coupons which are required for the  
silver. She can do this in a very short  
time. The certificates are issued by the  
merchants whose names appear in a sil-  
verware ad which is printed in this paper.

Only Five Coupons Needed.  
It is not necessary to have the first  
five coupons of the series in order to  
get the teaspoons; that is, in order to  
get a coupon one does not need to have  
the first five coupons, numbered from 1  
to 5, but may take any five that are  
consecutively numbered, as from 5 to 10  
or 6 to 11. These coupons must be pre-  
sented at The Bee office, where they  
will be exchanged for the teaspoons. Ten  
cents must be added to cover the expense  
of handling. When the merchants' cou-  
pons are brought in no money is required.

Richeson is Taken  
to the State Prison

ROSLIN, May 14.—Clarence V. T.  
Richeson, the former minister under sen-  
tence to be electrocuted next week for  
the murder of Miss Avis Linnell, was re-  
moved from the Suffolk county jail this  
afternoon to the state prison. A meeting  
of the executive council, which alone has  
power to save Richeson from paying the  
extreme penalty, will be held tomorrow.

When Richeson left the jail he was  
handcuffed to the jail clerk, who with a  
court officer and deputy sheriff rode in-  
side the van with the condemned man.  
On the seat beside the driver was Sheriff  
Quinn.

Class of Four at Oxford.  
OXFORD, Neb., May 14.—(Special.)—  
Sunday evening Dr. E. K. Bailey preached  
the class sermon for the graduating class  
of the Oxford High school in a crowded  
house. The class this year consists of  
Leif V. Huff, Alfred H. Nissen, Harry  
D. Birt and Fred D. McMurran. The  
class exercises took place this afternoon  
in the high school room. On Thursday  
evening Deputy State Superintendent  
Robert I. Elliott will deliver the class  
address.

Dental Thieves Sentenced.  
HURON, S. D., May 14.—(Special.)—  
Judge Taylor in circuit court here today  
sentenced Frank Rogers to a term of  
three years and nine months in the peni-  
tentiary at Sioux Falls, and his partner,  
George Stanley, goes to the same insti-  
tution for one year. These are the men  
who robbed the dental offices of Dr.  
Whorton and Dr. Ulom of a quantity of  
gold. Rogers is the older of the two men  
and induced Stanley, who is a mere  
youth, to assist him in the job here. The  
two men had never met until they  
chanced to get together here.

COURT SUSTAINS  
SPECIAL FINDING

Judge Munger in Federal Court Up-  
holds Report of Special Master  
Thummel in Appraisement.

ONE SMALL ITEM EXCEPTED

This Will Make Total Amount Paid  
Little Over Six Millions.

DEEDS MUST BE TURNED OVER

Decree Specifies Water Company  
Shall Act in Short Time.

ALLOWANCE FOR IMPROVEMENTS

Several Questions Raised by Com-  
pany are to be Taken up in Sep-  
arate Suit as Advised by  
Judge Munger.

With the exception of \$85.55, an addi-  
tional item allowed for betterments,  
Judge Munger yesterday sustained the  
findings of Special Master Thummel in  
his report on the appraisement of the  
property of the Omaha water works.  
The amount the city will pay to take  
possession of the works by the addition  
of this item, is \$6,397,532.62.

According to Judge Munger's decree  
filed February 22, 1912, the Omaha Water  
company is required to turn over deeds  
and releases of mortgages on the prop-  
erty within ten days after the decree is  
handed down in the present case. The  
city is then allowed thirty days to ex-  
amine the deeds and title with ten days  
to bring any question before the court  
it might find concerning them. Then  
the city is allowed ninety days upon  
which to pay the money over and take  
the property. It is not believed that this  
full time will be taken by the city to  
do the end required of it, however, as  
the city has already sold its water bonds  
and has the money on hand.

Judge Adds Five Thousand.  
Judge Thummel found that the amount  
expended as corporation capital for im-  
provements since the appraisement July  
6, 1908, and due the company, was \$12,-  
158.33. Judge Munger adds to this  
\$5,017.15, a figure representing improve-  
ments made by the water company, be-  
ginning with October 16, 1905, and up to  
March 30, 1908, in the shape of rip-rap  
work.

On the amounts represented in the supple-  
mental bill which the water company  
took exception to, Judge Munger advised  
them that they take the question of oc-  
cupation tax, attorney fees and exces-  
sive use of water by the city up in a  
separate suit, thus allowing the findings  
of Thummel to stand.

To the claims of the company to be  
allowed reimbursement for legal serv-  
ices and disbursements in the rate and  
valuation suits, the judge ruled in favor of  
\$48,025. The judge also ruled in favor of  
the findings of the master.

A claim of the water board for allow-  
ance on depreciation did not meet with  
an affirmative report in the decision  
handed down. The city had asked that  
an allowance of approximately \$300,000  
be subtracted from the total amount the  
city will pay to take over the works on  
the claim of the property depreciating

Another Battle  
With Auto Bandits  
is On Near Paris

PARIS, May 14.—Another battle between  
the police and the automobile bandits who  
recently terrified Paris is in progress at  
Nogent-Bernard, four miles to the east  
of this city. Garnier, the co-chief of  
Bonniet, who was killed with a compan-  
ion at Chateau-Le-Roi, on April 18 after  
a desperate fight, has been surrounded  
with a confederate named Valla in a  
building near the railroad.

Garnier and Vallet kept up a contin-  
ued fusillade with rifles from the win-  
dows of the building. A police sergeant  
was wounded.

Louis Lepine, the Paris prefect of police,  
with a large body of policemen left head-  
quarters hurriedly in motor cars for the  
scene of the fight.
