**FIRST APPLICATION DARKENS GRAY HAIR**

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyle's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color. Wyle's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean wholesome dressing which may be used at any time with perfect safety. Get a fifty cent bottle from your drugist today, and see how quickly it will restore the youthful color and beauty of your hair and forever end the nasty dandruff, hot, itchy scalp and falling hair. All drugists sell it under guarantee that the money will be refunded if you are not satisfied after fair trial. Special agent, Sherman & McConnell.

**CUCUMBERS NIPPED BY FROST**

Other Vegetables Escape the Cold of Monday Night.

**GREEN STUFF MOST PLENTIFUL**

Home Grown Varieties Augment Those from Southern Climes, Making a Goodly Selection for Housewife.

Cucumbers were the only vegetables damaged by the frost Monday night and they only slightly. Charles Jung, the most extensive gardener in East Omaha, reported that none of his vegetables were injured except the cucumbers. Other vegetables were as good as before and will be brought to Omaha, helping to flood the market, which already is almost saturated. Large stocks of vegetables from the south now are on the local market. Radishes seem to be the most abundant. They are selling six big bunches for 5 cents. Wax and string beans are selling at 1 1/2 cents a pound, most of them coming from Texas. Asparagus is on the counters at 2 bunches for a nickel and rhubarb at four bunches at the same price. Texas green peas are down to 10 cents a quart, while new potatoes are changing hands rapidly at 5 cents a pound. Strawberries are unusually plentiful. A King, manager of Hayden Bros. grocery department, said a great amount of the fruit is being shipped into Omaha. Two carloads are here today, he said. Green onions and spinach are having the usual demand, the onions selling at six bunches for 5 cents, and spinach at 7 1/2 cents a peck.

**Crop Prospects Boosting Sale of Farm Lands**

E. F. Howell and Roy G. Huffmeyer, traveling overland in an automobile from Shenandoah, Ia., arrived in Omaha yesterday, jubilant over the prospects of grain products and land values. Howell and Huffmeyer are real estate men of Sioux City and have traveled over the eastern part of Nebraska and the western part of Iowa, making a two weeks' inspection trip and selling land on their way. "Farm values are coming up as the result of crop prospects," said Howell, "and I have never seen the chances better for crops. We have gone overland in an automobile with buyers and have found very little land going at a bargain figure. Three months ago it was hard to find a buyer. Now it's just the other way. Most farmers do not care to part with their land, with the good prospects for crops and the present high prices for grain. I am glad to see conditions as they are. "Wheat is up from eight to fifteen inches and the ground is right for other grain. Considerable planting of corn has already been done in western Iowa and the turning over the soil has shown plenty of moisture in the ground. I don't know of a section that needs rain. The farms have had an abundance of moisture from the last rains, enough to do for three or four weeks to come."

**Four Persons Hurt by Falls on Street**

Accidents of small consequence kept the police surgeons and ambulance drivers busy for a couple of hours early last night. Four persons were hurt within half an hour of each other, at different places; none seriously. At 5:30 o'clock p. m. James E. Swanson, a teamster employed by a local lumber company, was knocked from his wagon at Sixteenth and Howard streets by a street car and badly bruised and shaken up, and shortly after C. Daler, 224 South Sixteenth street, was hurt by a car a block away on Jackson and Sixteenth. At 6:15 o'clock, Carl Wadum, a laborer, living at 2031 Decatur street, was knocked down at Thirty-sixth and Farnam streets by an automobile owned by Mrs. Ella Squires, 394 Harney street. He was given medical attention and taken home by Mrs. Squires. He is not seriously injured. The last accident happened at 6:45 o'clock at the Union station, and this was the most serious. Mrs. Emily Grippner of Chadron was going down the steps at the depot when she slipped and fell the entire flight, hurting herself internally and bruising her legs and arms. She was carried to police headquarters and given medical attention and soon after was able to return to the station and catch a train to her home.

**MEAT FOR JAIL CONDEMNED**

Inspector for the Board of Health Seizes Tainted Mess.

**PRISONERS HAD COMPLAINED**

Action May Be Taken to Compel the Contractors to Provide Meat that is at Least Fit to Be Eaten.

Esau Fleishman, inspector for the board of health, seized several pounds of meat at the county jail yesterday which he examined and pronounced unfit for food. The meat was tainted and such a fetid mess that those who examined it declared they would not "feed it to dogs." Complaints have been coming from prisoners in the county and city jail alleging that "rotten stuff" was being given them for food. This led to investigations which have generally supported the contentions of the prisoners. Some action may be taken to force the county commissioners to action compelling the two firms who furnish the meat for the prisoners to supply meat that is not putrid and is otherwise fit for food.

**Know Omaha Better Club is Formed at Y. M. C. A. This Week**

To "Know Omaha Better," an organization was formed this week at the Young Men's Christian association. Director E. F. Denton has announced the first meeting to be held at the Y auditorium next Monday night. Addresses on Omaha will be made before the gathering. The association is the first to organize a Know Omaha club, although others have been proposed. Organization of similar clubs about the city is being planned by a general committee representing the civic and business organizations.

**TEACHERS WANT MORE PAY**

Will Ask the Board of Education for an Increase.

**SAY SALARIES ARE TOO SMALL**

Are Securing Data from Other Cities Before Making Their Request—Principals Not Included in the Plan.

Grade and kindergarten teachers of Omaha will ask the board of education for increase of salaries before this term of school opens. A committee of twelve teachers from various schools held a meeting Monday night and decided to ask that the maximum salary of \$500 be increased to \$1,000. Before going to the board with the request the teachers will secure information from other cities. When the case is presented the committee will attempt to show that owing to the high cost of living teachers are not being paid a living wage. Minimum salaries for a grade teacher are now \$400, which is increased gradually until it reaches a maximum of \$500 after ten years of service. Principals are taking no part in the plans for an increase of salaries. Grade teachers appointed the committee of twelve and this committee has named a committee to ask the board for the desired increase. Many of the grade teachers have small families to support and they maintain it cannot be done on \$400 a year. An attempt to show that higher wages are being paid elsewhere will be made when the case is laid before the board. Retiring teachers who have taught for forty years are being paid \$300 now, and under the rules of the board no higher wages can be given any teacher below the eighth grade who is not a principal.

**CRIPPLED MAN CURSES THOSE WHO REFUSE ALMS**

Tim O'Reilly, victim of an eastern railroad wreck, in which he lost both legs at the hips and one arm at the shoulder, was brought into police headquarters last night for the second time within two days for abusing passersby who refused him alms. O'Reilly was formerly a railroad man and a dozen years ago was so badly hurt that he had to have both legs and an arm amputated in order to save his life. He recovered and since has been unable to earn a living except by begging, and his condition has so soured his disposition that he has formed the habit of cursing everyone who passes him without giving alms. When arrested Sunday night he was released by Captain Dempsey, who was touched by his condition.

**COUNCIL GOES TO DES MOINES**

Will Study the Working There of the Commission Plan.

**DAN BUTLER IS TO BE MAYOR**

Will Be Chief Executive Officer During Absence of Dahlman on the Trip—New Officials Being Located.

All city commissioners, with the exception of Dan B. Butler of the department of finances and accounts, left at yesterday afternoon over the Rock Island railroad for Des Moines, to study the commission plan of government before actively entering upon their duties here. City Clerk Tom Flynn, Fire Chief Walter and the chief clerk in the comptroller's office will accompany the commissioners, the comptroller's clerk going as Mr. Butler's representative, Butler being unable to leave the city when the mayor is absent, as he becomes acting mayor. C. H. Withnell, commissioner of fire protection and water supply, has announced that Fred Schamel will be made head clerk of the building inspection department. Schamel has been collector under the city and county treasurer for several years. At the meeting of the commissioners Thursday evening, several resolutions directing minor changes in the personnel of the departments of city government may be introduced, but no change will be made among the heads of departments and chief clerks. The new commissioners are now devoting the principal part of their time to getting located. City Clerk Flynn is located in his new office and Commissioner Butler has moved out and is comfortably installed in the former office of the comptroller. Jack Ryder, commissioner of police, sanitation and public safety, is having offices fitted up immediately south of the health commissioner's office. C. H. Withnell and Thomas McGovern have not yet secured offices. A. C. Kugel will occupy the street commissioner's office and J. E. Hummel will locate in the park board offices. All offices will be plainly furnished and a few of the commissioners have decided that not even a rug will be placed on the floors of their sanctuaries. **Building Permits.** Randall K. **What Kind of a Guarantee Do You Want, Mr. Automobile Buyer?**

Some of our competitors guarantee their cars for 90 days. All right; that's better than nothing and good enough for some people who don't care. It is even a quarter as good as the Studebaker guarantee. Then there is another kind of guarantee. A guarantee advanced of itself, we call it, because all the assurance you have is the car's "reword." That is about as good as a promise that wasn't made. The dealer knows his car better than you do and if he won't sign a guarantee, be careful. This is where the Studebaker guarantee comes to the front. It is as good as gold—a signed warranty bond of The Studebaker Corporation. And it's good for a year because every Studebaker E-M-F "30" or Flinders "30" is worth the price you pay for it. We know what our cars will do and we put down our money on them. Remember this: In guarantee and parts prices The Studebaker Corporation takes better care of its owners than any other automobile company in the world. Send for our new catalogue.
