DIFFICULT FOR HIM TO ENTHUSE

Appeals from the Roosevelt of Today to the Roosevelt of Eight Years Ago—Makes Ten Addresses During Day.

ZANESVILLE, O., May 15.—Tired and hoarse, President Taft began his third day's campaign in Ohio at Zanesville, ten miles from here. The president was up at 5:30 and made his speech at Zanesville at 7 o'clock to several hundred persons. His hoarseness was marked, but his doctor, Major Thomas L. Rhoades, was confident that he would be able to get through handsily and would be in fine shape to take up the campaign after his scheduled twelve hours' rest at Cleveland tomorrow.

Mr. Taft's physical condition, Major Rhoades said, was practically as good as when he left Washington last Sunday.

Mr. Taft told his Zanesville audience that he pointed with pride to the record of trust prosecutions by his administration. He then said he was feeling the effects of these prosecutions in his campaign.

"It is difficult to arouse any enthusiasm for your candidate among persons who are being prosecuted," he said. "Many of these gentlemen are very angry. There's Mr. Dan Hanna of Cleveland, who was indicted for rebating. It has made him very angry and very active against me, and he thinks that I am no patriot and no good candidate for another term. But the unindicted are in the majority, and if they will stand by me I can afford to lose the indicted vote."

"When I was a candidate four years ago Mr. Roosevelt commended me in language so flattering that I could not read what he said without blushing and I can't now. Either he has changed or I have changed since then, and I think I have seen evidence that it is he. Certainly he has changed in respect to the third term."

"I appeal from the Roosevelt of today to the Roosevelt of 1904, who had but only two terms more to go. But the Roosevelt who was not seeking office is not the Roosevelt who is chasing around the country after one."

The president's scheduled stops today include Newark, Mount Vernon, Mansfield, Marion, Bucyrus, Newark, Oberlin, Elroy, and a night meeting at Sandusky.

200 Head Cattle Burned to Death at Kansas City Yards

KANSAS CITY, Mo., May 15.—A cigarette thrown into a pile of hay by a tramp is believed to have started a fire which destroyed a portion of the Kansas City yards early today, causing damage estimated at \$20,000.

Fanned by a high north wind the flames for a time threatened the entire yards. Two hundred cattle, 100 tons of hay, five acres of pens and the government tuberculosis testing station were destroyed.

New Break in Levee Will Flood Hundreds of Square Miles

NEW ORLEANS, May 15.—Hundreds of persons are fleeing before the flood in the country just north of New Orleans, on the opposite side of the Mississippi river. The break that came in the west levee last night is widening and a great fertile territory will be added to Louisiana's thousands of inundated acres. Thousands of persons are in the path of the flood. The danger of life loss is small, however, because government aid was at the scene a few hours after the break was reported, but the damage to towns and plantations will be tremendous.

CHANCELLOR DAY IS HISSED

When He Mentions Mitter in Connection With Church, Delegates Take Pains to Show Their Disapproval.

MINNEAPOLIS, May 15.—The general conference of the Methodist Episcopal church this afternoon voted to retire Bishops Henry W. Warren, David P. Moore and T. B. Neely.

The delegates this afternoon voted on the proposed retirement of three bishops and the proposition was so stated that any one of all three may be retired. The number of bishops to be elected at this conference to a great extent depends on the result of the ballot, which may become known this afternoon.

The report of the episcopacy committee pronounced fifteen members of the bishops college effective. The vote on Bishop Neely, it is said, stood 108 to 108.

Scarcely had the report been read when a substitute motion, afterward made an amendment, was introduced by Dr. A. E. Smith of Ohio, that the names of the three bishops recommended for retirement be added to the list of effective bishops. This amendment was overwhelmingly voted down, following a great uproar during speeches on the question.

Chancellor James R. Day of Syracuse university was hissed when, in a speech declaring against retirement of any bishop he intimated that the episcopacy committee had within it many of the candidates for the mitre. His intimation was bitterly attacked from the floor.

Amusement Rule Today.
What is expected by the delegates to be one of the keenest battles of the present session of the general conference of the Methodist Episcopal church in session here is scheduled for tomorrow when the report of the committee on amusement question has been made a special order of business.

Day Secures Postponement.
The report was to have come up for discussion today, but through a motion made yesterday by Chancellor James R. Day of Syracuse university was postponed because of the absence of certain members of the committee. Chancellor Day, who favored in the committee the eliminating of the paragraph prohibiting amusements and declared his belief that the Wesley doctrine of "individual conscience" should be reinstated, has served notice that a minority report will be presented. The committee by a vote of 103 to 51 favored the retention of the paragraph.

If the conference adopts the report of the committee on temperance and prohibition the church temperance society will receive \$50,000 for expenses during the coming quadrennium.

The elimination of one of the temperance societies of the church and the concentration of the fight against the liquor forces by adding to one organization have been discussed, but the committee favored the retention of the church temperance society.

Illinois Senate Passes Postage and Mileage Bill

SPRINGFIELD, Ill., May 15.—The two houses of the Illinois legislature established working relations again today, when the senate reconsidered its action of last night and passed the appropriation for the payment for the mileage and postage allowance to the members of the third special session. Defeated last night by a vote of 25 to 11, the bill was passed today 24 to 2.

The senate then changed the date on its sine die adjournment resolution from May 29 to June 5. It is understood the house will concur.

The senate passed the senate bill amending the East St. Louis levee bill so as to provide for the expiration of the terms of trustees and election of their successors.

The senate bill appropriating \$100,000 for a road survey preliminary to the establishment of a system of good roads, was advanced to third reading. Its passage is made doubtful by reason of an agreement among the senators not to return unless they are called back by Lieutenant Governor Oglesby.

By a vote of 55 to 42 the house struck the enacting clause out of an amendment to the printing of the names of all candidates in a single column.

House of the Paris Auto Bandits is Regular Arsenal

PARIS, May 15.—Thousands of people motored today to the suburb of Nogent-Sur-Marne in order to secure mementoes of last night's siege which ended in the death of the two automobile bandits, Garnier and Vallet.

An examination today showed that the house was a regular arsenal. Several cases of bullets and carbines were found, while a sort of trench had been built behind the walls and perforated with holes affording the bandits an excellent means of defense and offense.

The long duration of the siege is regarded as showing the ineffectiveness of the high explosives used, which, considering the conditions, did not cause a great amount of damage.

The stern extermination of the outlaw chiefs meets with approval everywhere in France, and now that the members of the band have been killed or are behind prison bars, the conditions which led up to their appearance are discussed. Many people think they are the product of modern fiction and the modern stage, which have glorified the careers of criminals.

Roosevelt Gets California

Returns Indicate Colonel Has Substantial Margin Over Taft.

MANY WOMEN MARK BALLOTS

Reports From All Parts of State Indicate They Went to Polls in Greater Number Than the Men.

SAN FRANCISCO, May 15.—Delayed returns from remote districts of yesterday's state presidential preference primary are useful only to determine the exact pluralities rolled up by Theodore Roosevelt and Champ Clark over their opponents for the republican and democratic nominations.

Roosevelt's plurality is estimated at about 60,000 and 65,000 over Taft and La Follette; Champ Clark leads Woodrow Wilson by probably 20,000. Throughout the state the vote was comparatively light.

Roosevelt probably carried every county. Even San Francisco, where a determined effort was made by the Taft managers to make a good showing, favored the colonel by a plurality of 1,452.

One County for La Follette.
Senator LaFollette found consolation only in San Diego county, which returned him his only plurality. The Industrial Workers of the World troubles are said to have made sentiment for him there, the theory being that the citizens resented an investigation ordered by Governor Johnson, a Roosevelt supporter.

Champ Clark's victory over Woodrow Wilson was sufficiently sweeping to justify the pre-election claims of his campaign managers. He also probably carried every county and defeated Wilson by nearly 3 to 1. No organized effort was made in behalf of any other democratic candidate.

The twenty-six delegates won by Roosevelt and Clark are pledged to give them full, unwavering support.

Woman voters played a large part in today's primary. Reports from all parts of the state indicated that they went to the polls in greater numbers than the men. In proportion to registration.

Taft carried the Fourth congressional district in this city by the narrow margin of 150 votes, making possible a contest over the two delegates from the district. The figures for the Fourth district were:

Taft, 9,965; Roosevelt, 9,931; La Follette, 2,251.

Roosevelt in the late returns from 224 out of about 320 precincts has a clear majority of 15,177 over Taft and Senator La Follette, who received, respectively, 52,284 and 32,219 votes.

On the democratic ticket the figures in the same precincts are: Wilson, 12,990; Clark, 25,185.

Bandits Get Hundred and Forty Thousand from Safe on Train

HATTIESBURG, Miss., May 15.—Two masked men help up the New Orleans-New York limited train No. 2, north bound on the New Orleans & Northeastern railroad eight miles from Hattiesburg, Miss., shortly after midnight this morning, and after dynamiting the safe in the express car, escaped on horses with one bundle containing \$100,000 said to belong to the government.

The passengers were not molested and no one was hurt.

The train had stopped at a water tank just north of Hattiesburg when the men boarded the express car. The men first forced the engineer and fireman to leave the engine with other members of the train crew, they lined up against the train and were covered with a revolver by one of the robbers, while the other entered the express car and forced the messenger and a guard, said to be watching the government money on the train, to get out and join the lineup.

NEW ORLEANS, May 15.—Southern express company officials here today declined to vouchsafe any information as to the amount of money taken by robbers who early today help up a Queen & Crescent ferry south of Hattiesburg and dynamited the express car.

It was denied, however, that the robbers obtained a suit approaching \$100,000, the sum first reported.

Governor of Alabama Talks to Liquor Men on State Prohibition

PHILADELPHIA, May 15.—Governor Emmett O'Neil of Alabama, in an address before the National Association of Wholesale Liquor Dealers here today told how state-wide prohibition had been tried in Alabama and was finally rejected.

The governor said: "It has been generally recognized that the best method of regulating or controlling the liquor traffic is as a local question which should be committed to the counties or cities affected. The thoughtful sentiment of the American people is more and more tending to the conviction that it is the abuse and not the use of intoxicating liquors which constitutes the evil to be remedied, and the only sane and proper course is to commit the traffic to private individuals under strict and stringent provisions of law."

Man Who Escaped From Prison in Texas Drops Dead

LAREDO, Tex., May 15.—After eighteen years' imprisonment, Maximo Marynes escaped from jail at Nuevo Laredo today with seven other prisoners. Marynes dropped dead after he had run one block from the jail. The other seven are still at large. Jailer Fructosus De Leon was killed.

One Liquor House to Each Seven People

ST. JOSEPH, Mo., May 15.—Winthrop, Mo., said to be the "wettest" town of its size in the country, is to be limited in the number of saloons. The town has eighty-three inhabitants including the women and children, and the county court has just issued licenses for four additional saloons.

Winthrop now has six saloons and six wholesale liquor houses. The members of the county court declare that they will issue no more saloon licenses. This will limit the number of liquor houses to one for every seven persons in the town.

Winthrop is just opposite Atchison, Kan., where there are no saloons. A bridge connects the towns and at night it is nearly always crowded with persons going to Missouri to get a drink.

KING FREDERICK DIES SUDDENLY

Danish Monarch Drops Dead While Walking Alone Through the Streets of Hamburg.

BODY IS TAKEN TO HOSPITAL

It is Not Recognized Until Suite Begins Search for Him.

TOOK CROWN IN NINETEEN-SIX

Brother of Queen Mother Alexandra of Great Britain.

WAS NOTED FOR HIS CULTURE

Well Known as Promoter of Philanthropic Objects and Took Much Interest in Reforms for the Army.

HAMBURG, Germany, May 15.—King Frederick VIII of Denmark died on a street here late last night of apoplexy. The king, traveling incognito, arrived here Monday on his return from a long trip to the south, where he had been convalescing from a serious attack of inflammation of the lungs. With the queen and the royal suite, he took quarters at the Hambergerhof hotel.

At 10 o'clock last night the king left the hotel unaccompanied for his usual stroll before retiring. He had gone only a short distance when he was overcome on the street by a sudden attack of apoplexy.

He fell unconscious to the pavement and died instantly. He was not recognized as a person of so great prominence, and his body was rushed to the nearest hospital in an automobile.

When members of the king's suite became alarmed over his failure to return to the hotel after a reasonable time, they called in the proprietor and a search was begun. The searchers found his majesty dead at the hospital and brought his body back to the hotel with them.

The king was regarded by his physicians as completely restored to health by his trip to the south. Yesterday he felt unusually well and during the day expressed joy at his expected return to Copenhagen today. He remarked that he felt refreshed and completely restored to health.

Body Will Be Taken Home.
It was announced this morning that arrangements for taking the body to Denmark would be completed during the day. His relatives and the royalty throughout Europe were notified of his death before daylight.

The flags on all the public buildings here where the king had repeatedly been a welcome guest were half-masted today. King Frederick and Queen Louise, who had traveled here from Nice under the hospitable of the count and Countess of Kronberg had their three youngest children, Princess Thyra, Prince Gustav and Princess Dagmar, with them.

King Frederick had been undergoing a course of treatment for arterio-sclerosis, with which he had been troubled for a considerable time. He had also suffered from an attack of inflammation of the lungs, but this had been overcome.

When he left Hambergerhof last night after a party dinner, the king strolled toward the Goose market, one of the principal squares in the business section of the city and just around the corner from the hotel. A few minutes later some pedestrians noticed an elderly gentleman fall to the sidewalk. He was dressed in an ordinary business suit and appeared to be a well-to-do tradesman. The passerby ran to the spot to assist him, but he was dead.

CHRISTIAN X IS PROCLAIMED

Late King of Denmark is Succeeded by His Son.

CEREMONY AT THE PALACE

Great Crowd Gathers in Square in Front of Balcony to Hear the Proclamation Officially Pronounced.

COPENHAGEN, May 15.—Christian X was proclaimed king of Denmark from the balcony of the palace at 2 o'clock this afternoon, in the presence of a huge concourse of people which had gathered in the square in front of the royal residence. The people of Denmark are momentarily stunned by the sudden death of their popular king, who, only two days ago they were informed in official communications, had completely recovered from the serious illness which had affected him earlier in the year and was returning to Copenhagen in excellent health.

Evidences of the deepest sorrow and sympathy are visible everywhere. Copenhagen is fast assuming the garb of mourning.

The tragic circumstances of the king's seizure are virtually identical with those of his first illness, three months ago, with the exception that this time the attack terminated fatally.

On both occasions his majesty was walking in the streets alone when he collapsed with heart failure.

Physicians Expected End.
It is now stated here that his majesty's return from Nice had been hastened as the physicians recognized the possibility of a catastrophe. The court physicians were unable to induce him to observe the quiet necessary to his convalescence.

A rumor is current that the late king recently visited a fortune teller incognito and was informed that he would die on May 15.

Frederick VIII was a great friend and admirer of the United States. He read daily newspapers and was a close student of American literature. He was always glad to greet American visitors at the palace. During the first two years of his reign he was not beloved by the Danes, but in the last two years when the people had recognized his ideal for Danish welfare and prosperity he became most popular.

Prince Christian went out for his customary ride early today, unaware of the death of his father. When he arrived in the capital from his residence outside he saw the flag flying at half-mast and this was his first intimation of the bitter loss.

Queen Mother Notified.
LONDON, May 15.—Queen Mother Alexandra and the dowager Empress Marie of Russia, sisters of King Frederick, are prostrated by the shock of his death. The dowager empress Marie is at Marlborough house, the guest of her sister.

King George and Queen Mary proceeded to Marlborough house immediately after they were informed of the dramatic event. For the second time this year the British court is plunged into grief and the social season just commencing will be seriously affected.
