

## ECHOES OF THE ANTE-ROOM

Danish Odd Fellows Pay Interesting Visit to Omaha Lodge.

## CLAMMEN GIVE LAST DANCE

Pythian Sisters Will Play Cards on Wednesday Evening—Fraternal Union Will Make Social.

Danish lodge No. 25 visited Omaha lodge No. 2 last Friday evening bringing two candidates with them. The second degree staff of No. 2 conferred the work upon the candidates in a manner that elicited the admiration of the visitors. George V. Jensen of No. 25, until recently a member of Thomas Wally lodge No. 27, jurisdiction of Denmark, gave an interesting address on Odd Fellowship in Denmark. Additional interest was manifested in this talk on account of the fact that John Smith, a former member of Omaha lodge No. 2, instituted the first Odd Fellows lodge in Denmark and is now a past grand sire of that jurisdiction. Mr. Jensen is well acquainted with Past Grand Sire Smith and told an interesting story of how the affairs of the order are conducted in Denmark. Messrs. Jacobsen, Christensen and Hansen, all members of No. 25, gave short talks.

Omaha lodge No. 2 will put on the third degree work next Friday evening. Committees have been appointed by the Omaha lodges to prepare for memorial exercises to be held on Sunday, June 10, at Odd Fellows hall.

Beacon lodge No. 25 will have work in the second degree next Tuesday evening. The first degree team of Omaha lodge No. 2 visited Beacon last Monday evening and conferred the first degree upon a candidate for No. 25. A large and enthusiastic crowd was in attendance. Short addresses were made by Messrs. Loos, Larkin, Rackley, Hayden, Greenleaf and Baumgardner. After lodge adjourned refreshments were served in the dining hall. South Omaha lodge No. 14 will have two candidates for the second degree tomorrow night.

Eschberg lodge No. 25 will confer the third degree upon two candidates next Friday night.

The Hebekeah lodges of Omaha will hold a district meeting at Odd Fellows hall next Thursday afternoon and evening. District President Petrus Hansen will preside over the meeting and a large attendance is expected. A number of novel features will be on the program, amongst which is an unknown drill by one of the Hebekeah degree teams. Visitors from Council Bluffs and Nebraska points will be in attendance.

Beacon lodge No. 25 will work in the second degree tomorrow night.

Pythian lodge No. 1 will confer the first degree upon two candidates next Friday night.

The social committee of the Omaha lodge No. 111 intends to make this month's entertainment at a social gathering and invite all members and friends to the party. The social Monday evening at Fraternity hall, Twenty-fourth and Parker streets.

A. G. U. W. to Entertain.

Omaha lodge No. 111, Ancient Order of United Workmen, will entertain its members, friends and ladies, Tuesday evening, May 21, at the Workmen temple, 111 North Fourteenth street. L. J. Quinby will deliver his lecture, "The Story of Ancient Peru."

Knight of Pythias.

Nebraska lodge No. 1 Knights of Pythias, will confer the rank of equites Monday night; also will receive a report of the grand lodge proceedings by the grand lodge representatives.

Clammen's Last Dance.

The Clammen of America, lodge No. 1, invite all members and friends to their last ball of the season Thursday evening.

Pythian Sisters at Cards.

Lillian Temple No. 1, Pythian sisters, will give a card party Tuesday evening at Bright hall.

## Man Who Drinks Acid Dies Early Today from Effects

After having made his father good-bye as the old man was preparing to leave the city, Thomas McConnell, aged about 35 years, whose residence and occupation are unknown, calmly took a four-ounce bottle of carbolic acid from his pocket and poured it into a glass, drank the contents yesterday morning in the Lyons hotel, 13 North Thirtieth street. The police and physicians rushed to the scene and he was taken to St. Joseph's hospital, but he died ten minutes after his arrival.

McConnell had been stopping at the Lyons hotel with his father for about six weeks. Previous to that he had been at the People's lodging house across the street. Inquiries there as to a possible motive for his act or his residence and occupation were without avail for the McConnell were a very reticent couple.

Henry Ringheldt, who lives on Capitol avenue, said that he had known the dead man for nearly a month and that only three days ago he told him that his mother had died in Cleveland, O., leaving \$5000 to a wife. He also said that both he and his father had been wandering for several years. He would tell no more than this from his past and he has been despondent since. His father's present whereabouts are unknown. He left the hotel but a short time before the son committed suicide, apparently to leave Omaha for good.

A search of the dead man's clothing showed that he was a member of the National Haymakers association, Omaha lodge No. 25, and had his dues paid up to January 1, 1912. The coroner took charge of the body at the hospital and will hold an inquest either this afternoon or Monday.

Henry Ringheldt, to whom McConnell confided a chapter of his past, is a laborer employed by the Union Pacific and was passing the Lyons hotel as McConnell took the fatal draught.

## Omaha Milk Shows Great Improvement

Dr. Hall, Scott and Langdon are making tuberculosis tests of milk sold in Omaha dairies. Sixteen dairies have been inspected and the milk sold by these has been found to be pure better than a year ago, and a small per cent has contained tubercular germs.

## University of Nebraska Medics to Graduate Here Thursday

Hagen Photo. Top Row, Left to Right—J. C. Tucker, G. R. Sellen, J. T. Maxwell, R. P. Higgins. Front Row—A. D. Brown, W. C. Moodie, W. A. Rust, J. B. Taylor.

Thursday evening, the University of Nebraska, at its medical department in Omaha, will graduate a class of nine doctors. The exercises will begin at 8 o'clock and be held in the First Congregational church. The graduates are: A. D. Brown, Atlantic City, Ia.; R. P. Higgins, Blue Hill; J. T. Maxwell, Omaha; W. C. Moodie, Omaha; C. L. Phillips, Tutan, Neb.; W. A. Rust, Malvern, Ia.; G. R. Sellen, Kemmerer, Wyo.; J. B. Taylor, University Place, Neb.; J. C. Tucker, Taylor, Ia.

The address to the graduates will be delivered by Dr. W. A. Evans of Chicago, who for years was professor of pathology in the University of Illinois. After severing his connection with the state institution, he organized the Illinois State Medical society, which became the largest medical society in the United States. For years he has been doing a

general health work, now being chairman of the commission on milk standards of the New York committee. Besides being a public speaker of considerable prominence, he is a writer, being editor of the health department of the Chicago Tribune. He is a member of the national legislative committee of the American Medical association and active in its work.

Dr. Evans is a great teacher. He originated and carried into effect the plan of the American Medical association, giving public lectures in all of the pulpits in the cities in which it holds its meetings. He is a member of the national legislative committee of the American Medical association and one of its most active men, and is in closer touch with the people than any man in the profession. Many members of the faculty from the University at Lincoln will attend the commencement.

## Governor Aldrich to Speak at Omaha Uni Commencement

Dr. D. E. Jenkins, president of the University of Omaha, announced Saturday that Governor Aldrich had accepted the invitation to deliver the commencement address at the second graduating exercises of the university Tuesday evening, June 4. The governor, in accepting, did not indicate what his subject will be. The securing of Governor Aldrich as the principal speaker of the graduation exercises is the first number of the program to be definitely fixed. Owing to the fact that this is only the third year that the school has been carrying educational work there will not be the usual senior week found in the older universities. The gala day of May 31, however, will take the place of a senior banquet or play. Sunday, June 2, the baccalaureate sermon will be preached, and on Monday, June 1, the junior class will give a reception for the senior class, faculty and board of trustees.

The commencement program will be given in the university gymnasium, to which all who are interested in the school are invited.

## Members of Suicide Pact Will Recover

All of the eleven prisoners who tried to commit suicide Friday at the county jail, were in good spirits today, with the exception of James Higley. He is at the county hospital. While his condition is not serious, he is still suffering from the effects of having inhaled a great deal of gas.

One of the three found unconscious by jailer John M. Cahill, said last night that he inhaled the gas because he was "saw" or other drugs to use, and that he probably drank in too much of the current. The other prisoner, only a sickly grin, and indicated that he thought his companion was lying.

At a meeting of the buildings and grounds committee of the Board of Education Friday afternoon, bids for the construction of the four-room addition to Hancock school were opened and read. As there were several bids and some of them were tied the contract was not awarded. The addition will cost \$17,000.

A Pierce Attack of malarial fever, liver derangement and kidney trouble, is easily cured by Electric Bitters, the guaranteed remedy. 50c. For sale by Beaton Drug Co.

## SOCIAL WORK STARTS IN JUNE

Brownell Hall Given for Summer for Settlement Activities.

## EXTENSIVE PLANS BEING MADE

Miss Clara E. Schaefer, Who is at Head of Movement, Returns from Vacation to Take Up the Work.

During the summer vacation months Brownell Hall on South Tenth street will be given over to the Social settlement to be used as a center of activity. This classic boarding and day school for girls will be available after the graduation exercises on June 2. The settlement house at 123 South Thirteenth street does not have grounds suitable for outdoor games and frolics, but in this respect the Brownell Hall premises are admirably suited. Here the kiddies will have the place for play in the morning. The older children will have the afternoons and the young people will have the preference in the evenings. The tennis courts may be used every evening from 4 to 8.

Miss Schaefer Returns.

Miss Clara E. Schaefer, who is at the head of this work in Omaha, has just returned from Milwaukee, where she enjoyed a vacation, and already she has eagerly taken up the work for the summer. As a first step she calls for volunteers to act as assistant supervisors. Brownell Hall was cheerfully turned over to the social workers by the board of trustees and Principal Euphemie Johnson. She is especially interested in such activities, having taken part in the movement at Philadelphia, and having served as director of the neighborhood center in Denver.

Renewed Interest Shown.

With the return of Miss Schaefer, renewed interest is being taken in the plans for the summer's work, and everything will be in fine shape by the time ward schools close for the term.
