BREWERY EMPLOYES FIRM

Say They Will Insist on Their Demand for Increased Wages.

FIVE PER CENT RAISE OFFERED

But the Brewery Workers Say that Is Not Enough and that They Must Have Ten to Fifteen Per Cent Advance.

By unanimous vote of the brewery workers branches 219, 96 and 93 of the local union decided yesterday afternoon to stand by their demands for a 10 to 15 per cent increase of wages. It was further decided that the less than 5 per cent increase offered as a compromise by the brewers be rejected.

"The bosses have refused to come to a conference," said the secretary of one of the locals, "and have offered us $1 each per week all around, but we will insist on from 10 to 15 per cent. However, we will go to any extremity to prevent a strike."

Request for a raise and for a conference will be taken before the brewers by the grievance committee or the arbitration committee of the Central Labor union.

Between 300 and 400 workers attended the meeting yesterday afternoon and when the vote to stand by the original demand was taken there was no dissenting vote. All except two or three who were sick attended the meeting. Brewery employes all belong to the union and all are affected by the demand for an increase of pay.

TAFT HOLDS T. R. IS BEATEN

President Issues Statement Sarcastically Attacking Roosevelt.

SAYS WOULD WRECK THE PARTY

Compares the Colonel to the French King Who Said, "I Am It"—Hot Campaign in Ohio Closes Today.

CINCINNATI, O., May 20.—In a most bitter and scathing denunciation of Colonel Theodore Roosevelt, President Taft last night declared "The certainty of his defeat for the republican nomination must be a source of profound congratulations to all patriotic citizens," and asserted that his predecessor in the White House would wreck the republican party if he were not chosen by the republican national convention and compared Mr. Roosevelt to Louis XIV of France, who said, "The state; I am it."

The attack was in the form of a statement. In it President Taft said in part:

"On Thursday last, I gave a statement to the press in which I said that with 520 Taft delegates then elected to the convention, and with the immediate prospect of the election of enough to exceed the necessary 540, the success of the cause of constitutional government seemed assured. The delegates elected since that time have confirmed this conclusion.

"Mr. Roosevelt's speech at Cleveland shows him in such a light that the certainty of his defeat for the republican nomination must be a source of profound congratulation to all patriotic citizens who can now see the utter wreck that he would have made of the party if nominated, and the great danger to which the country would have been exposed had there been any chance of his election to a third term.

"Mr. Roosevelt says that he is the republican party and if the republican national committee in passing on the credentials of delegates for the preliminary roll in the convention shall hold to be unfounded his many flimsy contests he will decline to abide by the judgment of those having authority. The inference from this is that he will bolt the convention because a body constituted republican national committee shall, after a judicial investigation, refuse to seat his contesting delegates. If his edict is to be heeded, then the holding of any convention at all is perfunctory and superfluous.

"The arrogance of his statement that he is the republican party and that failure to comply with his views and wishes puts those doing so in the attitude of bolters, finds no parallel in history save in the famous words of Louis XIV, 'The state, I am it.'"

Roosevelt Satisfied.

CLEVELAND, May 20.—"I am entirely satisfied with the last week," said Colonel Roosevelt in a statement today. "I believe the people of Ohio are sound, and will place Ohio beside Pennsylvania and Illinois in this lineup of the people against the powers that prey."

Colonel Roosevelt's statement was issued at Mentor, a suburb of Cleveland, where he spent the day with James R. Garfield, former secretary of the interior. In it he criticised President Taft sharply, saying the president had claimed credit for the mining bureau.

Colonel Roosevelt asserted that this bureau was established by Mr. Garfield, with the assistance of a commission of engineers.

Ballots Complicated.

COLUMBUS, O., May 20.—All the presidential candidates now in Ohio rested today after their whirlwind week leading up to the primary election Tuesday and the campaign managers began a final effort to instruct the voters how properly to mark their ballots. Both republicans and democratic ballots are large and complicated.

On the republican ballot there will be three sets of candidates for delegates named in each of the twenty-one districts. These are pledged, respectively, to President Taft, Colonel Roosevelt and Senator La Follette. The names of the presidential candidates will not appear on the ballot. The six delegates-at-large will be named by the state convention here in June.

Both ballots are complicated by carrying full county tickets, names and candidates to county, judicial and state conventions and congressional candidates.

The socialists have a complete national and state ticket in the field.

The primary will open at 5:30 a. m. and close at 5:30 p. m., but on account of the complicated nature of the ballot it is expected the returns will be slow in coming to the county boards of election.

Perkins Makes Suggestion.

NEW YORK, May 20.—Publication of all correspondence relating to the prosecution of the International Harvester company was suggested today by George W. Perkins, the New York financier, who upon his return to New York today issued a reply to the statement given out at the White House last Friday night by Charles D. Hilles, secretary to the president.

Many Rumors in Chicago.

CHICAGO, May 20.—Harry S. New, chairman of the sub-committee on arrangements for the republican national convention, in an interview tonight said nothing further had been done in the matter of naming a temporary chairman of the convention. When the sub-committee members adjourned yesterday, it was announced that the selection of a temporary chairman had been left with Mr. New.

"I was busy today dictating telegrams and letters in relation to other matters connected with the convention," said Mr. New, "and nothing was done regarding the temporary chairmanship. I will have no announcement to make regarding the chairmanship tonight."

There was considerable speculation regarding the chairmanship by politicians today, and a number of rumors in that connection were heard at the headquarters of the republican national committee at a lake front hotel. None of the rumors, however, could be verified, as Chairman New of the sub-committee and Secretary William Hayward refused to discuss the reports.

Baby in Arms Stops Two Bullets Sent at Woman by Assailant

LITTLE ROCK, Ark., May 20.—Mrs. E. R. Coulter, victim of an attempted attack, lives tonight because her 9-months-old baby, lying on her breast, caught in its own little body the bullets fired at her by her baffled assailant. The baby died instantly.

This city has been terrorized lately by a series of attempted attacks on women, committed by a mysterious person whom the police call "Jack, the Shooter."

This afternoon Mayor Charles E. Taylor issued a proclamation calling upon the citizens of Little Rock to arm themselves and aid the police in capturing or killing the prowler.

Early this morning the man entered the Coulter residence, three blocks from the center of the business district, and attacked Mrs. Coulter, who held her baby in her arms. She made outcry and the intruder fired at her twice, both bullets striking the child.

The murderer fled. Half an hour afterward the same man, it is thought, entered the residence of M. M. Hankins, a half block from the main business street. He fired at Mrs. Hankins and two policemen who were attracted by her cries. The police emptied their revolvers at him as he ran, but he escaped again.

Recently, supposedly the same man has attacked one and wounded two other women and made unsuccessful attempts to attack several others.

Remains of Seven Bodies Are Buried in One Casket

YANKTON, S. D., May 20.—(Special.)—In one casket there arrived in Yankton for burial the charred remains of a husband, his wife and their five little children, Mr. and Mrs. Peter Peterson, formerly of Volin, this county, and their entire family were burned to death in their little home on the family claim at Presho. There was some doubt at first as to the cause of death, but this was removed on a search of the ruined house by Martin Olson, a brother of Mrs. Peterson. It was found that an incubator had no doubt set fire to the house and the flames were not discovered in time for the family to escape death. The oldest girl had jumped out of a window, evidently, as her little charred form was found outside the house. The bones of the mother were found near the kitchen stove, and the remains of the balance of the family about the house. The fire took place at night and there are no witnesses to the terrible fate that for the first time in the history of the state had overtaken a family of seven by fire. The funeral took place at Volin, near here.

Saved from Rapids by Three Men's Bravery

NIAGARA FALLS, N. Y., May 20.—One of the most daring rescues in the history of Niagara Falls was effected today by Aran Kevorkian, an Armenian, who waded out waist deep into the rapids a short distance above the cataract and pulled to shore with a pike pole the unconscious form of Henry J. Smith, 50 years old, of Buffalo.

Kevorkian was assisted by David Gordon and Park Constable Thomas Harrington, who formed a human chain anchoring the Armenian to the shore and enabling him to resist the current, which was especially strong, owing to the high water.

Smith was walking along the narrow path skirting the river about 200 feet above the falls when he missed his footing and fell into the turbulent stream. He soon became exhausted in his efforts to reach shore and was floating with his head under water when caught by Kevorkian with his pole less than 100 feet above the brink. Smith was soon restored to consciousness, apparently none the worse for his experience.
