

# DON'T BE NERVOUS AND RUN-DOWN

### New Tonic, Tona Vita, Will Positively Restore Your Old Vitality.

Nervousness, depression of spirits, lack of energy, all run down, these are the chief symptoms of nervous debility, the modern affliction caused largely by the rush, bustle and worry of modern life. If you are a sufferer from this all-too-common complaint, and cannot go to a high priced sanitarium to have rest and quiet build you up, you should read carefully the following statement by C. N. Hunt, Esq., of 602 Sixth St., Milwaukee, Wis., concerning the remarkable new tonic, "Tona Vita" that has made such a great record during the past year. Mr. Hunt says: "For a number of years my wife has been a sufferer from a continuous run down, nervous condition and stomach trouble. I took her to a number of doctors, but none seemed to give her any relief. She grew constantly worse and her entire system became affected.

She could hardly eat anything and would say the very thought of eating made her sick. She caught one bad cold after another and was always tired and languid. She had bad headaches and attacks of dizziness. "I got some Tona Vita a few months ago. My wife began taking the tonic that night and we were pleasantly surprised to notice an improvement after the second day. She is now like a different woman. The nervousness and depression are all gone, and she eats and sleeps better than she has for years. It seems wonderful to note such a change in her. I believe 'Tona Vita' is worth its weight in gold." "If you are debilitated and run down, and all things try 'Tona Vita.' You will never regret it, as it will build you up like magic. It is the finest preparation now on the market." Sherman & McConnell Drug Co., 15th and Dodge, Owl Drug Co., 16th and Harvard, Harvard Pharmacy, 16th and Parnassus Sts., and the Loyal Pharmacy, 20-22 North 15th St. are the agents for Tona Vita in Omaha. Your money will be returned to you if you are dissatisfied with the tonic. The Approved Formula Co., Dayton, Ohio.

## IMPLEMENT CONCERNS DUPED

### Slickers Secure Big Orders and Auction Them to Farmers.

#### NONE OMIT BEING ROBBED

All of Them, Though, Say that the Other Fellow Was Stung by the Men Who Clean Up About Forty Thousand Dollars.

Several Omaha implement firms during the last sixty days have been beaten out of an aggregate sum of \$40,000 by some fake dealers, and these firms declare that it's nobody's business.

The manager of each company stoutly avers that it was not his company that was defrauded and forthwith lays at the door of his competitor the humiliating charge of having been duped. "They are suckers," he says, "but such has been branded by his neighbor. It all happened and the rumors were started in this wise:

**Pose as Country Dealers.** Some polished gentlemen with fluent tongues came to Omaha not long since, and purporting to be country dealers in hardware, plows and these sort of things, placed their orders with certain firms, the consignments to be delivered to these towns immediately. So adept were these men that the implement men "fell."

Goods were shipped to Madison, Virginia, and other points in Nebraska, and the goods were sold from the cars at auction. When this was started the implement firms began to hear from the regular dealers. These auction sales were not doing a thing to their home trade—but taking it all away. They were unable to get their cash discounts because of the auction.

H. F. Brownfield, who two months ago bought a hardware store from Herman Fricke at Madison, was about the first one to kick. He sent notice to the John Deere Plow company that persons had come into his territory and supplied the farmers with enough implements to plow, harrow, and other things to the entire county for some years in the future. A John Deere traveling salesman looked up the matter and found it. The salesman was perved, too. About \$5,000 worth of goods had been dispensed at auction.

Then a C. Q. D. flashed in from Virginia. Another dealer was in distress. He notified another Omaha implement company. And so they kept coming in.

**Goods Caught in Time.** Finally a firm was about to be stung a second time. Men from Red Oak or Waterloo (the implement people disagree on the point) came in and ordered a consignment of goods sent to Maywood. The firm caught the goods just in time. They were on cars ready to be auctioned off. A salesman for an Omaha firm interfered. The men and their rapin' auctioneer left the town—left the state, maybe the county, nobody knows, but many would like to.

Since then the excitement among the Omaha firms has abated. Or, that is to say, their fears have abated. They are now excited over the question of which firms were duped. Rumors and sub-rumors, charges and subcharges and surcharges are going about.

When asked about the perplexing thing the manager of each firm which was mentioned by the other as having been a victim, stood upon his hind legs and denied it. And while he thus stood, he mentioned two or three other firms that had been victims.

**To Make Investigation.** C. T. Dunkle, assistant manager of the Moline Plow company, as did the others, declared his firm had not been affected. He added that the firm was going to make an investigation and probably something would be given out in a few days.

W. D. Hosford, treasurer of the John Deere Plow company, said that his company had not suffered at all. He had heard that men had "worked" some of the companies, but hadn't worked his. G. M. Durkee, manager of the Parlin & Orendorf Plow company, didn't want to be quoted, but there are two or three companies, said he, that he absolutely knew had been duped. There is a traveling salesman, he said, who knows all about it.

J. C. McConney, manager of the Racine Sattley company, believes there hasn't been any such deals pulled off. "It's a fact," he said, "that many Omaha implement firms are overcrowded with stock. It would not do for an implement firm to go in and sell goods in competition with their customers. I have heard in a round about way that there may be a firm, a certain firm here—well, I don't want to be quoted."

And so it went and so it is going.

## Uncle Sam Sends Man to Inspect the City's Water Supply

A. J. McLaughlin of the United States public health and marine hospital service will by in Omaha Saturday to make a sanitary survey of the watershed. He will test samples of Missouri river water and determine the sewage pollution. Health Commissioner Connelley has placed at the disposal of the inspector the services of the city chemist and the city bacteriologist, and the city laboratory will also be used.

Mr. McLaughlin is now in Kansas City and will arrive here with Mrs. McLaughlin Saturday, or possibly Friday. He has asked for the co-operation of local and state health officials.

## Cement House Wins Suit Against Hull

Verdict for \$11,150 is the result of litigation brought by the Marquette Cement Manufacturing company of Chicago against the C. W. Hull company of Omaha in United States district court. The jury was instructed to compute the interest on the principal and then to take up a counter claim by the defendant for \$2,429.19 and interest thereon.

This clears the dockets of civil cases which Judge Morris wished to put out of his way before he took up cases in which the United States is the plaintiff. The prosecution of Dr. William S. Franklin for alleged fraudulent use of the mails began immediately after the Hull case went to the jury.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold give it a trial and become acquainted with its good qualities. For sale by all dealers.

## FOR SAFE AND SANE FOURTH

Daughters of American Revolution Plan to Help Cause Along.

## BOULDER IS TO BE UNVEILED

Marks Both the Oregon Western Trail of 1842 and the California Trail of 1846—Flag Day to Be Observed.

An active campaign for a safe and sane Fourth of July is being planned by the Omaha chapter of the Daughters of the American Revolution. The society decided at its annual business meeting Monday, in the public library that fire crackers, sky rockets and other pyrotechnics are not necessary to a fitting observance of Independence day, that such combustibles are dangerous to life and limb and that a more peaceful manner of celebration should be adopted. A committee, of which Mrs. William S. Heller is chairman, will bring the matter before the city commissioners.
