HENRY OVERCOMES TROUBLE

Ashland Dentist Practices with Both Legs Amputated.

HE ALSO IS EXPERT HUNTER

Engineer Roberts Will Make Trip to Boyd County to Examine Proposed State Aid Bridge—Egg Bulletin Issued.

(From Staff Correspondent.) LINCOLN, Neb., May 22.—(Special.)—A. L. Henry of Ashland is in most respects the most interesting personality attending the convention of the State Dental association, now in session in this city. Mr. Henry has both legs amputated close to his body, yet he is one of the most successful of the practicing dentists of the state, having taken up the study of dentistry and perfecting himself in his profession after the misfortune which cost him his limbs. Mr. Henry is not only an object lesson to others in the matter of fitting himself for a life work after meeting with misfortune but personally is a still greater one. There is no more happy or contented man in the gathering than he and he permits no one to get more pleasure out of life than himself. In addition to attending to his work he greatly enjoys both hunting and fishing and when he sets into a blind does not take a back seat for any of them in getting ducks and geese.

Homings Pigeon's Flight. A homing pigeon stopped for a rest this morning on the window sill of the supreme court room at the capitol. It has a tag on its left leg but no one could get near enough to the bird to ascertain what the inscription was. The bird was a young one and when it stopped was evidently well tired out for it sprawled out over the window ledge and appeared to be enjoying the relief from flight. After a little over an hour the bird flew up to the cornice of the capitol, took a survey of the country and then started out to the eastward.

Doctors' Examinations. The board of secretaries of the board of health today is conducting an examination for licenses to practice medicine in this state. Fifty-six are taking the examinations, among them being two women and three colored men.

The town of Mitchell has sent in for refitery \$12,300 of sewer bonds.

Roberts to Boyd County. Engineer Roberts of the board of irrigation and highways has gone to Holt and Boyd counties to examine into the proposed state aid bridge over the Nebraska river, between the town counties. Holt county objected to the location after the matter had all been arranged and the department requested the people to get up petitions favoring the respective sites. These have been circulated and the department will now decide what to do about the bridge.

The city of Wayne has appealed from a verdict of \$600 damages awarded Magistrate E. Warner, who fell on a sidewalk alleged to have been defective.

W. E. Willis of Broken Bow appeals from a verdict of \$500 as damages by Guy Vincent, a boy whom he ran down with an automobile, breaking his jaw.

The boy was making an effort to get to the circus ground at the time and the roadway was crowded. Willis, among other defenses sets up that he said the boy's father \$50 in settlement of the damage claim.

Dr. Winnett of the railway commission will go to Cambridge Thursday to hear testimony in the complaint brought by the residents of that town concerning the depot facilities and also the request that the Burlington road be forced to stop its through trains at that town.

Seymour Lake Problem. Complaint has been made to Game Warden Miller that the Seymour Lake County club prevents others than members of the club from fishing in the lake, alleging the water is private property. Mr. Miller contends that under the law the lake being more than ten acres in extent and being reached by a public highway it is not private property and that anyone who can get to or on the lake without crossing private property have a right to fish therein.

Auditor Barton goes to Campbell to deliver a commencement address Friday evening and the following evening will address the Alumni association of the Aurora High school. Decoration day he will speak at Sutton.

Wilson Makes Inspection. Dr. Wilson, inspector of the State board of Health, at the request of the board of Public Lands and Buildings, visited the Boys' Industrial school at Kearney. He found the plumbing in two of the buildings in bad shape and sanitary conditions unsatisfactory for that season. He fears that unless something is done to remedy matters there may be an outbreak of typhoid. The board has a statement to put in new plumbing, but is short of funds to do the work, but in all

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend repairs the expectant mother's system for the coming event, and its use takes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus repaired herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value a thousands of times. Mother's Friend is sold at drug stores. Write for free booklet for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

WINDSIDE REGULATOR CO., Atlanta, Ga.

Nebraska

probably will decide to do the work and permit a deficit in the funds of the institution to be provided for by the next legislature.

The report of Oil Inspector Husenetter for the month of April shows receipts of \$14,125 and expense of \$1,264.

Egg Bulletin.

Niels P. Hansen, food commissioner, has issued the following bulletin: Bad eggs are beginning to appear on the market. Money paid for bad eggs is a total loss. This loss must be charged up to the good eggs. Farmers must deliver good eggs to the dealer. The dealer must candle his eggs and stop buying rotten eggs. The farmer stands the loss in bad eggs. Gather eggs every day and keep in a cool place. Keep all little, dirty and questionable eggs for home use. Separate male birds from flock as soon as hatching season is over. Section 262 of the law forbids the sale of rotten eggs. H. J. Wells, who said he hailed from Omaha, explained to Police Judge Fullerton that he got drunk because he "had a little change." Evidently it required about all his change to buy the jag for he did not have enough money left to pay a fine.

York Man Tops Market.

C. Beaver of York has just returned from Chicago, where he marketed fifty-one head of cattle, which topped the market, bringing \$2.60 per hundred. He bought the cattle from the Texas range and fed them seven months, realizing a profit of \$1.80. They averaged 1,222 pounds when he purchased them and 1,639 when sold.

Gas Men Meeting.

Sixty-five men representing gas companies in Nebraska, Iowa, South Dakota and Illinois met in convention here today. They were welcomed to the city by Acting Mayor Pratt and G. W. Clabaugh of Omaha, the president of the association. In his annual address, President Clabaugh spoke of the general agitation for cheaper gas in practically all municipalities and said it was largely due to a misconception on the part of the public as to the profits of the business and asserted the public was wrong in thinking that the gas business was a natural gas mine. He advised managers of companies to be in readiness when challenged to show just what the profits were and advocated co-operation with municipal authorities instead of constant contention. The expressed opinion of those attending the meeting was that the best results to the companies could be derived by selling gas as cheaply as possible and on a small margin of profit but thereby largely increasing the number of consumers and the freedom with which it is used.

Crawford Kennedy of the local company is the major donor of the gathering and sees to it that the visitors have a good time. Burlington, Ia., is after the next convention.

Following the president's address and reports by the secretary and treasurer the nominating committee made a report which virtually elected the following men to the various offices of the association. President, C. W. Fair of Webster City, Ia.; first vice president, B. C. Adams of Lincoln; second vice president, H. C. Blackwell of Davenport, Ia.; secretary, treasurer, G. F. Vincent of Des Moines, Ia., and council, J. G. Gray of Omaha, P. Magis of Boone, Ia.; A. W. Borden of Hastings, Neb., and E. M. Walker of Clinton, Ia.

Mrs. Avery's Mother Dead. Mrs. W. P. Bennett, mother of Mrs. Samuel Avery, died at 7:30 p. m. today. Mrs. Bennett came to this city two weeks ago to visit her daughter and was taken sick. Chancellor Avery and Mrs. Avery accompanied the body to Crete, where it will be interred. She leaves four children. Mrs. Avery, Mrs. J. E. Taylor, Paul Bennett and Prof. John N. Bennett of Crete.

The city water department is again in trouble. The hot, dry weather of the last seven days has created a great demand for water for gardens and lawns. The wells have ample capacity but the distributing system is unequal to the demands made upon it. If this is true no people are wondering what will happen when it really gets hot.

MINDEN WANTS NEW RAILROAD STATION

MINDEN, Neb., May 22.—(Special.)—The city council met in regular session and discussed the passage of a speed ordinance for the regulation of trains through the city limits. The matter of a more commodious depot was also taken up and discussed. The city attorney had been instructed to commence proper proceedings before the State Railway commission, to be assisted by the attorney for the Commercial club, compelling the construction of a new depot in place of the incommodious one now in place.

Class of Twelve at Cambridge.

CAMBRIDGE, Neb., May 22.—(Special.)—The baccalaureate services for the school year which closes May 24 was held at the First Congregational church on Sunday evening. The sermon was delivered by Rev. William F. Kelts before a large audience. A class of twelve will be graduated on Friday evening of this week. The list follows: Anna Adaline Gallagher, Blanche Ramona Shifflett, Lolo Lucretia Rockwell, Ethlyne May Druse, Bertha V. Thuman, Minnie Kriemeyer, Agnes R. Hougnon, James Elaine Shaver, John William Trencard, Charles E. Lockenour, Harry R. Babbitt, Albert Leroy Cecil.

Alumni Banquet at Fairbury.

FAIRBURY, Neb., May 22.—(Special.)—The annual alumni banquet of the Fairbury High school was held in the Mary-Etta hotel Tuesday evening, which was largely attended by the alumni members of the Fairbury schools. A reception was tendered to the class of 1912 in the corridors of the hotel. A splendid program was given. Frank L. Rain acting as toastmaster. After the banquet the executive committee elected the following officers for 1912: President, Theodore Shaffer; vice president, Edward Goodrich; secretary, Pioma Converse; treasurer, Lloyd Taylor.

Windside Will Have Ball Team.

WINDSIDE, Neb., May 22.—(Special.)—Windside expects to open the baseball season May 30. It was thought for some time that Windside would not have a ball team this season on account of not being able to secure grounds, but L. S. Needham of this place donated the grounds and a fine grand stand is being erected. A. W. Stockham went to Omaha Saturday and signed up Dick Kennedy for backstop and J. F. Kelly to hold down third base. Windside was recognized as having the fastest ball team in northeast Nebraska last year. It wishes to keep up its reputation and is looking for two good pitchers.

Two Newman Grove High School Cadets Are Drowned

NEWMAN GROVE, Neb., May 22.—(Special.)—Lee Tinkom and Edwin Olson, two high school boys, were drowned yesterday afternoon in Loup river near Geneva at the camp of the Newman Grove high school cadets.

Tuesday afternoon a half dozen of the boys went in swimming in the Loup river. Among them were Olson and Tinkom, neither of whom could swim. They scrambled onto a raft which in some manner, was overturned and the two lads were thrown into the stream. The swift and treacherous current swept both of them out of sight almost before their companions realized what had happened.

Olson and Tinkom were in their effort to save Olson and Tinkom were so nearly drowned that medical assistance with difficulty resuscitated them. Newman Grove friends of Olson and Tinkom were immediately notified of the accident and together with a large force of men from Geneva, they dragged the river for the bodies. That of Tinkom was recovered about an hour after the drowning.

Notes of Beatrice and Gage County

BEATRICE, Neb., May 22.—(Special.)—The Blue Springs Telephone company has purchased the property of the Lincoln Telegraph and Telephone company at the same about July 1. The company contemplates making many improvements in the plant within the next few months.

Chief of Police McGirr yesterday investigated the case dog situation in Glenview and learned that the dogs showing symptoms of the disease had either been killed or tied up.

At a meeting of the joint committee from the Grand Army of the Republic, the Woman's Relief Corps and the Spanish American war veterans yesterday preliminary steps were taken for the proper observation of Decoration day in this city. General L. W. Colby was selected to make the Memorial day address.

Mrs. E. C. Elliott, an old resident of Blue Springs, passed away at the age of 81 years. Tuberculosis was the cause of death. She leaves a husband and one child.

The local druggists held a well attended meeting yesterday and made plans for the state meeting of druggists to be held here June 11, 12 and 13. The reports, which come in from over the state, indicate that the meeting will be well attended.

Everitt Geszell, who has been employed in the offices of Swift & Co. at this point for some time, has been promoted to the position of manager of the company's branch house at Marshaltown, Ia.

Everitt Geszell, who has been employed in the offices of Swift & Co. at this point for some time, has been promoted to the position of manager of the company's branch house at Marshaltown, Ia.

Richard Forch of Kansas City, superintendent of buildings for the government, in this district, and E. H. Toomey, supervising architect, were here yesterday and inspected the postoffice building. They arranged for the completion of the work on the structure within the next few days.

GOES TO SLEEP ON WALK; IS ROBBED OF CLOTHES

In the future when John Lowbeck, a Russian living in Florence, purchases a new suit of clothes he will not wear it when on a spree. He purchased the suit Saturday night and while drunk Sunday, laid down upon the sidewalk, and went to sleep. When he awoke Monday morning the coat and trousers were gone, as was a watch. He was left with only his underclothes, shoes, vest and shirt. He managed to get home and later notified the police. He does not remember where he took his nap.

Real Assesses Charge.

City Engineer Herman Deal assumed charge of the city engineer's office yesterday afternoon. Engineer Deal announced that Jay Lefler would be his assistant. Further changes in the office are scheduled for June 1.

Hearing Postponed.

Because of the absence of witnesses the Fire and Police Commissioners at a meeting held this morning postponed the hearing.

AFFAIRS AT SOUTH OMAHA

Three Young Bluffs Boys Cross River to Steal Pig.

WANTED SOMETHING FOR PET

All Bids Received for Erection of Four-Room Addition to Corrigan School; Rejected and Re-advertisement Ordered.

Robert Sandwill, aged 15 years; Robert Pace, aged 17 years; Walter Royce, aged 13 years, all three from Bluff City, craving for something to fondle and lavish their youthful affections on, came across the river yesterday evening and appropriated a 300-pound hog at the Union Stock yards.

Special Officer Bill Parker of the yards intercepted the sentimental trio before they had left the confines of the stock yards and took them, pig and all, to the police station, where Probation Officer Paul MacAuley and Deak Sergeant Billy Corrigan administered the third degree.

Between sobs the trio told of their longing for "a little pig, a lamb or something to pet." They told how they had left their homes to come to the Union Stock yards, where they expected to coax the desired pet out of the possession of some big hearted stockman. Late in the evening the boys mustered up courage sufficient to ask one of the yard drivers for a little pig. The man, according to the three lads, told them to help themselves. They failed to see the joke and cornered the hog.

Special Officer Parker was of the opinion that some one had hoaxed the lads and Probation Officer Paul MacAuley after some salutary advice and warnings dismissed the three boys to the homes. Sandwill lives at 409 South Twenty-third street, Pace at Fifth avenue and Twenty-second and Royce at Twenty-sixth and Broadway, Council Bluffs.

All Bids Rejected.

All bids previously received for the erection of a four-room addition to Corrigan school were rejected at a meeting of the school board last night. A re-advertisement of the proposed improvement was ordered and new bids invited.

An old claim of Baxter and Van Dusen and H. B. Fleeharty, attorneys, for services rendered the school district some five years ago was referred to the claims committee with power to act.

There being no new names suggested the old examining board consisting of Meadames William Brennan and Josephine Carroll, were re-elected to serve for the ensuing year. Superintendent of Instruction N. M. Graham, is an ex-officio member of the examining board. The school board will meet again on June 2.

Burroughs Adding Machine Co. H. W. SPALDING, Sales Manager, 109 South 13th Street, OMAHA, NEB. Tel. Douglas 7291.

Start Incinerator Plant.

Bob Hall and a crew of his stalwarts assisted yesterday in driving the first piles for the big incinerator plant to be erected in the north end of the Union Stock Yards district. The plant is being built to do away with the large amount of offal and refuse accruing within the confines of the yards.

The incinerator of what has been termed the finest fertilizer within the confines of Nebraska is being built by many of the agriculturists of the state who made efforts to interest the farmers in the use of fertilizer. General Manager E. A. Buckingham of the yards has eyes gone to the extent of getting special rates from the railroad companies for the hauling of fertilizer to the farming district. The rates however were prohibitive from the farmers' viewpoint and the yard company was compelled to dispose of the refuse by means of an incinerator.

The plant will be three stories high and will be constructed of reinforced concrete. It will cost in the neighborhood of \$25,000 and will be completed by September.

Beal Assumes Charge.

City Engineer Herman Deal assumed charge of the city engineer's office yesterday afternoon. Engineer Deal announced that Jay Lefler would be his assistant. Further changes in the office are scheduled for June 1.

The fire and police board will meet this morning at 9 o'clock to hear protests and attend to other business.

Hearing Postponed.

Because of the absence of witnesses the Fire and Police Commissioners at a meeting held this morning postponed the hearing.

ing of protests against the granting of licenses for saloons located at Twenty-eighth and R streets and Thirty-third and K streets.

Subpoenas were ordered for witnesses to appear Friday morning at 9 o'clock and Friday afternoon at 2 o'clock.

Single City Gossip.

For photographs and records, John Hoffman, 1115 S. 21st St. Orders delivered, Phone South 321.

Mrs. J. W. Moorehouse of York is the guest of Mrs. J. M. Henry, this week. Mr. and Mrs. F. A. Cressley left yesterday for Fairbury, where they will visit with their son, Ralph Cressley.

Mrs. F. Fluor, 580 North Nineteenth street will be hostess for South Omaha, grave No. 18, Woodmen circle, this afternoon.

Mrs. C. H. Cook, formerly a resident of South Omaha but now living at Salem, Ia., is the guest of Mr. and Mrs. W. W. Fisher.

The dinner to have been given by the ladies of the First Christian church today at the Young Men's Christian association building, has been postponed.

The ladies of the First Methodist church will be entertained at a Kensington tea at the home of Mrs. C. C. Howe, 214 E. street, Thursday afternoon at 2:30 o'clock. A cordial invitation is extended to all members and friends.

Ira B. Knight was operated on for appendicitis Monday at his home, 1200 Missouri avenue. Mr. Knight is now proprietor of a restaurant at 271 Q street. Price of the operation was in the employ of Swift and Co. He is reported as doing nicely.

The Open Door

Almost everybody is coming to Detroit during Cadillac week, July 22d to 27th. Are you coming? The doors of the great Burroughs Factory are always open to visitors. We will have an extra force of guides for this special gala week. Souvenirs for all out of town visitors.

Burroughs Adding Machine Co. H. W. SPALDING, Sales Manager, 109 South 13th Street, OMAHA, NEB. Tel. Douglas 7291.

When a car starts out lively in the morning and then shows signs of sluggishness later in the day, it may be due to poor compression. In that case your lubrication probably is wrong.

Use POLARINE OIL and you will avoid two-thirds of all motor troubles.

Adds to the "Life" of a Car

When a car starts out lively in the morning and then shows signs of sluggishness later in the day, it may be due to poor compression. In that case your lubrication probably is wrong.

Use POLARINE OIL and you will avoid two-thirds of all motor troubles.

Polarine is the best automobile oil made. It gives the maximum lubrication for the amount used. It insures the least possible friction and wear, with full compression and power. It is carbon-proof.

Look for the flat, convenient can—just fits in the tool box. Ask your dealer.

Write for the Polarine booklet; free, post-paid. Standard Oil Company, Nebraska, Omaha.

DON'T PULL OUT THE GRAY HAIRS RESTORE COLOR

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true. If no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be falling or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandmothers used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Agent, Sherman & McConnell Drug Co.
